Jury Indicts 5 For Dynamiting Jewish Temple

ATLANTA (UPI) — A Fulton County grand jury indicted five men on charges carrying the death penalty Friday for the dynamiting of a Jewish temple that has aroused the wrath of the nation.

Four of those charged were already in custody. It was not known if the fifth had been picked up. One suspect arrested earlier was not named in the indictment.

Still other arrests were predicted including that of the shadowy "fat cat" financier of terrorist bombings.

Charged with the malicious destruction of a building by explosives within a city limits were Wallace H. Allen, a printing salesman who lives in a $30,000 house on the fashionable North Side; George Bright, Kenneth Chester Griffin, a state Revenue Department employe, and Richard and Robert Bowling, brothers. Robert Bowling is among those held. Luther King Corley, who also had been arrested, was not indicted in the special presentment.

STATE LAW

The state law against dynamite destruction makes violators punishable by death unless the jury recommends mercy or a governor commutes the sentence.

The four indicted men in custody were remanded to the sheriff after the grand jury action superseded their motion for release on a writ of habeas corpus.

The fifth man arrested earlier, Corley, was released immediately. He said he knew the other suspects but had no part in the bombing.

Allen was the only one of the men charged who appeared clean shaven and presentable when they went before Judge Virlyn B. Moore on their habeas corpus action. Moore set a hearing on a motion to fix bail for 11 a.m. next Wednesday.

Attorneys for the accused, James R. Venable and Essley Burdine, asserted that their clients had been "tried, convicted and hung" by the Atlanta newspapers.

Gov. Marvin Griffin said the indictments met with his approval because "This is a state of law and not one of brigands and anarchists; I hope they've got the guilty ones."

Those charged "with force of arms did wilfully and maliciously injure and destroy a house of worship known as the temple… using some explosive substance and compound which is to the grand jurors unknown," the indictment said.

It was signed by Fulton County Solicitor General Paul Webb who for hours had been in closed session with the 22-member jury. Only two witnesses were listed in the presentment. They were Sgt. M. W. Blackwell and Capt. R. E. Little of the Atlanta police department.

Helicopter Rescues 7 After Crash

AUCKLAND, New Zeland (AP) —A helicopter Friday rescued all seven survivors of a U. S. Air Force Globemaster crash in Antarctica.

The men had huddled together for warmth in the tail of the plane after it crashed on a supply-drop mission to U.S. Operation Deep Freeze bases Thursday. Six other crewmen perished in the crash. The survivors were flown to the U.S. base at McMurdo Sound.

A Globemaster was to take them to Christchurch.

TWO INJURED

Two of the survivors were injured. They were identified as Airman 2. C. Joel Bailey of Belton, S.C., in serious condition; and Capt. James T. Quattlebaum of Columbia, S.C., in fair condition. The others were reported in good condition.

Arriving at McMurdo Sound, the Globemaster's commander, Maj. George Bone of Greenville, S.C. said his plane "hit a rock that did not show up on our radar."

The survivors said the biggest problem after the crash was to keep warm. They tried to set fire to timber but it wouldn't burn.

Donaldson Air Force Base in Greenville, S.C., home base of the Globemaster, identified the dead crewmen as:

Sgt. Leonard M. Pitkevitch, flight engineer, of Lawrence, Mass.

Airman 1.C. Richard J. De Angelo, flight engineer, of Pittsfield, Mass.

Airman W.C. Kelly Slone of Garner, Ky.

Sgt. Nathaniel Wallis of Greenville and Cornwall, England.

Sgt. Iman A. Fendley of Prichard, Ala.

Airman W. C. Robert L. Burnette of Louisburg, N.C.

School Corp. Set To Open Class Monday

For White High School Seniors At Little Rock

LITTLE ROCK, Ark. (UPI) — Little Rock's private school corporation announced Friday it would open classes for white high school seniors in a private building Monday with $61,481.25 it has collected through appeals by Gov. Orval E. Faubus.

Dr. Thomas J. Raney, an osteopath and president of the corporation, said the seniors would have a basic college course of English, mathematics, government, biology, physics and history and would attend school on Saturdays to make up for lost time.

The four Little Rock public high schools, which originally were scheduled to start classes Sept. 2, never opened this year because of the integration crisis. Faubus signed laws closing the schools, and a referendum followed in which the voters called for segregated schools.

TEACHERS

Raney said he did not know when the "private-classes-in-private-quarters" would be open to the 10th and 11th grades. He said that 21 or 22 teachers were available for the private school, although none yet had signed contracts.

The present private school plan is a substitute for an original plan to lease the four closed high school buildings and operate them for the 3,000 displaced students with grants from the public tax funds. The U.S. 8th Circuit Court

Bomb Blast Kills Man At Kan. Airport

WICHITA, Kan. (UPI)—A bomb a foot long blew up Friday in the hands of an aircraft design engineer who was walking through Wichita Airport 10 minutes after he had gotten off a plane with 26 persons on board.

It blew parts of the body of the engineer, Forrest Don McCuiston, 36, of Tulsa, Okla., 50 feet and devastated a 40-foot corridor he was in.

"The evidence is piling up that he carried the bomb off the plane with him," Police Chief Eugene Pond, a former FBI agent, said.

McCuiston arrived in Wichita on Braniff International Airways flight 301 from Kansas City. In addition to him, there were 22 passengers and a crew of three on board.

McCuiston and 11 passengers deplaned at Kansas City and police and FBI agents were questioning the 11 passengers.

FROM TULSA

Police discovered that he came to Wichita from Tulsa by bus on Wednesday. He bought a $25,000 flight insurance policy for $1 from Mrs. Wilma Swanson, 21, at the airport.

The beneficiary of the policy is his wife. It is a type of policy that pays off whether the insured passenger is killed on a plane or in an airport.

Then he took a Continental Airlines flight to Denver and went on to Las Vegas, Nev., where he spent Wednesday night. He flew to Phoenix, Ariz., Thursday and Thursday night flew to Kansas City, where he boarded Braniff flight 301 to Wichita early Friday.

Teachers To Approach Long On Special Meet

Governor's Opposition Indicated

BATON ROUGE (AP) — Executives of the Louisiana Teachers Assn. Friday arranged a conference with Gov. Earl Long to recommend a special legislative session to solve shortened school terms.

Three teacher leaders conferred with acting Gov. Lether Frazar, who agreed to make the appointment with Long.

But Frazar indicated the governor, now in New York City on a vacation, would not be enthusiastic about a session.

The LTA executive board met here during the day, then authorized LTA President L. L. Fulmer, executive secretary N. B. Hackett and legislative Chairman F. F. Wimberly to approach the governor on the issue.

"We are suggesting a special session of the Legislature be called, if necessary," Wimberly told the Associated Press, "to insure full school terms."

Wimberly emphasized several parish school boards already have adopted budgets putting their school children on eight months in place of the regular nine-month schooling.

The St. Tammany Parish School Board was the latest to vote such a step. Caddo has cut off the ninth month. The Orleans board has voted to close public schools a month earlier unless it finds an additional two million dollars. But the Orleans educators are trying for an extra 2½-mill property levy at the local level.

Wimberly, key teacher figure in past tax fights, estimated the state will be short about 15 million dollars in assuring full school terms this fiscal year with teachers salaries at the present level.

Gov. Long is expected to return to work next week.

Speaking in his absence, Frazar said:

"I feel reasonably sure Gov. Long has the same opinion I have, that unless something definite can be proposed, I do not see

State Solons Give Views On School Crisis

SHREVEPORT, La. (AP) — A sampling of opinions by Louisiana lawmakers, here for Legislators Day at the State Fair, showed a wide divergence of views Friday on the financial crisis facing the public schools.

Some thought the problem could be met on the parish level, others looked to the state level for solution and still others said a special session of the Legislature should be called to enact new taxes for school funds.

Some parish school boards, including Caddo (Shreveport), have sliced one month off the regular school term since the state announced that $15,000,000 promised to the parishes in state funds would not be forthcoming.

Rep. George Tessier of Orleans Parish said he was not so far convinced that a special session is necessary and he believed the individual school boards could meet the situation by the use of available surpluses and trimming expenditures.

ANTI - TAX

Tessier is a member of the "34 Club," or anti-tax bloc in the Legislature.

Tessier said the board could raise some money by having individuals who are not needy pay for school free lunches. He said a long range solution is needed.

Rep. W. P. Clark of Orleans commented he hoped the crisis could be solved without additional taxes but that if necessary he would favor a special session for new taxes.

A wait and see attitude was taken by Rep. Elmer Bernard of W. Baton Rouge Parish.

"Right now we don't know how much the surplus in the school lunch program is going to be because they are still auditing the books," Bernard said. "Also we don't know whether we will get some tidelands money. The only way they can get a big

Girl, 13, Suffers Critical Injuries In Auto Accident

A thirteen-year-old Calhoun girl was believed critically injured when her brother's car in which she was riding hit a mule on U.S. 80, eight miles west of here around 11 o'clock last night.

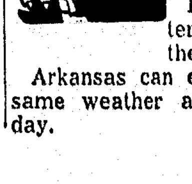
The girl, Rhonda Gail Sims, daughter of Mr. and Mrs. W. D. Sims, was rushed to St. Francis Hospital with what was reported a head injury. Also injured was Wilda Fay Walker, 15, daughter of Mrs. D. W. Walker of Calhoun. Her injuries were reported as minor.

James Dale Sims, 22, driver of the car told state police he saw the mule on the highway, but not in time to avoid collision. He said he was driving around 55 miles an hour when the crash occurred. The accident occurred at the foot of a hill a short distance west of the Play Time night club.

State police theorized that the front of the car hit the mule swinging the animal around and crashing its head through the right rear window striking the Sims girl.

Sims said that also riding in the car but uninjured were his wife, the couple's two small children, Mrs. Charles Sims, his sister-in-law; Mrs. Walker and Mrs. W.D. Sims. He said the group was returning from church services in Bastrop. The mule apparently was killed instantly and no other cars were involved.

Indian Summer Day In Prospect



Another Indian Summer day is forecast for today as the weatherman looks for cloudy skies with not much change in temperatures The high yesterday was 80, with a low of 63. Thursday's temps ranged from 77 to 62.

Pollen count yesterday was 198 in the Twin Cities.

Arkansas can expect much the same weather as this area today.

Welfare Sets Salary Cuts Restoration

Louisiana Welfare Department workers whose salaries were cut from $10 to $20 each about two months ago will be restored to their regular salary schedules November 1, it was learned from a reliable source Friday.

As far as could be learned there was no public announcement from Baton Rouge on the matter. However, machinery to restore the salary schedules was reported in motion.

About 60 members of the State Department of Welfare are employed in Ouachita parish.

There was a general reduction in welfare department salaries due an economy move to cope with a shortage in funds.

Source of the funds to restore the old salary schedules was not known for certain. However, it was believed the department has been able to make up the difference by permitting a natural reduction in personnel.

In other words, the department did not fill various vacancies as they came open, thereby realizing enough saving to supplement

Area Pipeline Deal Is Okayed

WASHINGTON (AP) —Mississippi River Fuel Corp., St. Louis, received Power Commission authority Friday to build and operate about $3,655,400 worth of pipeline facilities.

The facilities will enable the company to purchase natural gas in Lincoln Parish, La., from Arkansas Louisiana Gas Co., Shreveport.

Arkansas-Louisiana was authorized to build about $331,800 worth of facilities. The company will sell up to 35,700,000 cubic feet of gas daily to Mississippi between Oct. 15 and April 16 each year for five years, ending April 16, 1963.

Identification Of 6 Is Sought

FRANKFURT, Germany (UPI) —The bodies of six Americans killed when A U.S. C130 turboprop transport crashed in Soviet Armenia last month are being flown to the United States for identification, it was announced Friday.

The details of the transfer were not disclosed. However, it was understood that a C124 Globemaster carrying the bodies left Rhine-Main Airport shortly after midnight for Dover, Del.

U.S. Air Force headquarters in Wiesbaden said it had been impossible to identify all of the bodies. The six men were killed when the Hercules transport crashed Sept. 2 while on a radio-survey flight.

IN SCHOOL BOARD BANKING

Shifting Of Public Funds Questioned

By SAM HANNA
Staff Writer

An unusual shifting of public funds fostered by strange alliances among split factions of the Ouachita Parish School Board is legally questionable, a Morning World investigation disclosed.

A check of official records revealed that the recent move to reallocate parish school funds among the banks came after two eastside members joined the westside in voting for the shift.

It was learned that an official legal opinion is being sought on the resolution which:

1. Effective November 1, will bank 35 per cent of parish school funds with each the Sterlington Bank and the First National Bank and 15 per cent with each the Central Savings Bank and the Ouachita National Bank.

Before the move, the two Monroe banks received 35 per cent each, the West Monroe bank, 22 per cent, and the Sterlington Bank, eight per cent.

STATUTES

Under the Louisiana Revised Statutes, the parish school board legally does its banking after receiving statements disclosing the banks' capital assets, which, in turn, determine the amount of money to be allocated to each bank.

In effect, the board is bound by law to allocate its banking money in ratio to the individual bank's capital assets.

But the resolution was passed without a single statement being received from any bank, the investigation disclosed.

The votes reveal the resolution was passed by the westsiders who now control the board after they picked up steam to approve

Formulate Plans To Douse Blaze In Mexican Gulf

NEW ORLEANS (AP) — Gas spewing from six wells flared flames higher Friday on an offshore oil rig as expert firefighters formulated plans to douse the blaze.

One man died in the explosion and fire late Wednesday and six others are missing and presumed dead.

Joe Gangelhoff, trouble shooter for the Continental Oil Co., from Houston, Tex., said two 105-foot long platforms would be built to battle the flames crackling from the almost - demolished, multimillion dollar rig.

Work on the platforms is expected to start early next week and the platforms may be ready by the end of the week.

Gangelhoff said all hope had been abandoned for the missing men, who died either in the blast and fire or drowned.

Gangelhoff said Red Adair, an expert oil well firefighter from the famed Myron Kinley firm of

Rio Grande Drives 5,000 From Homes

RIO GRANDE CITY, Tex. (UPI) —An estimated 5,000 persons left their homes Friday on both sides of the rampaging Rio Grande, many walking along highways knee - deep in muddy flood waters.

The little town of La Grulla, Tex., was the latest to begin evacuating its residents — about 1,000.

Starr County Deputy Sheriff Elias Solis said water was 2.5 feet deep in some parts of the town. Residents were leaving by truck and by foot.

The Rio Grande, which separates the United States and Mexico, was five miles wide in places and a total of about 11,000 persons had left their homes on the U.S. and Mexican sides this week.

About 3,000 U.S. citizens and some 2,000 Mexican citizens fled their homes Friday.

At Reynosa, Mexico, about 3,000 persons had been evacuated during the week to schools, churches and homes of friends. The Mexican government allocated $50,000 for relief to the homeless.

The flood, which has not yet claimed a life, endangered about 8,000 more persons and heavy rains still ran off the Rio Grande watershed northwest of here.

The community of Abram, 30 miles to the southwest, was isolated Friday after a levee broke two miles above the town. Its 1,200 residents, who refused to board National Guard trucks sent to evacuate them Thursday, wait-

Dulles To Fly To Far East For Meeting

WASHINGTON (UPI)—Secretary of State John Foster Dulles will fly to Formosa next week for conferences with Chiang Kai-shek on the Formosa crisis and a possible reduction in Chinese Nationalist forces on Quemoy and Matsu.

The State Department said Dulles was meeting with Chiang at the invitation of the Chinese Nationalist leader. Chiang asked for the consultations under the treaty pledging the United States to help defend Formosa against attack by Red China.

Officials said Dulles would fly to Taipei, the Formosa capital, on Oct. 22 from Rome, where he will attend funeral rites Sunday for the late Pope Pius XII.

Assistant Secretary of State Walter S. Robertson will fly directly from Washington to Taipei to join in the talks. He will arrive there ahead of Dulles.

According to informants, Dulles planned to discuss with Chiang the entire range of problems in the Formosa crisis, particularly the U.S. position that the Nationalists are keeping too many men on Quemoy and other offshore islands.

Speaker

Jack C. Rowan, new athletic director and football coach at Northeast State College, was the speaker when the Civitan Club met Thursday night. Introduced by Program Chairman John Yarbrough. He gave a comprehensive talk on the football outlook for Northeast State and was optimistic of the future of both the growth of the college and of athletics.

He cited constructive efforts ever since last July 1 when he came to take over his present position. While some good players were lost through graduation, many remain to carry on and are well suited to their task. The speaker gave in detail interesting plans and assurance of the continuance of the unusual progress now and in the immediate future for Northeast State.

Former Registrar Aide Convicted In Trial At Winnfield

WINNFIELD (Special) — J. L. Ferguson, 75, recently-fired Winn parish deputy vote registrar, yesterday was found guilty of violating registration laws and scheduled for sentencing Wednesday.

The sentence can run from 60 days to a year in the parish jail.

Judge Harwell L. Allen delivered the opinion about 2 p.m. after a three-hour session in district court here.

A Winn parish grand jury had indicted Ferguson on Sept. 9, capping an investigation by state segregation leader Sen. Willie Rainach, called to Winnfield by the White Citizens Council.

The indictment against Ferguson charged he had taken the registration books to "unusual places" for the purpose of allowing registration.

The charge grew out of registration during a three day interim period following the Aug. 23, democratic primary.

Witnesses for the prosecution appearing yesterday included Mr.

Reach Agreement On Auto Contract

DETROIT (UPI) — American Motors Corp. and the United Auto Workers Union reached agreement Friday on a new three-year contract covering AMC's 14,000 workers in Michigan and Wisconsin.

The UAW ordered its members in AMC plants back on the job as soon as possible.

The new contract was patterned after contracts reached earlier with Big Three auto companies. Agreement came just seven hours after the strike deadline.

The new contract included pay hikes totaling about 10 cents an hour for the company's auto production workers and an additional eight cents an hour for skilled trades workers.

Employes at AMC's Kelvinator plant at Grand Rapids, Mich., were governed by a section of the agreement which froze wages at their current levels for two years, but would give the workers the same pay increases as the auto production workers in the third year.

The contract agreement would be retroactive to July 1 and would expire Sept. 6, 1961, just six days after the expiration date of contracts reached by the UAW and the Big Three, Ford, General Motors and Chrysler Corp.

Other provisions of the agreement called for improvements in supplemental unemployment benefits (SUB), severance pay, short work week schedules, pensions and a form of area-wide seniority for recall of unemployed workers. It also included a strengthened no-strike clause.

In addition to freezing the cost of living allowances, improvement factor increases, and skilled

disclosed that police know the identity of the "fat cat", said to live in Baltimore.

An Arlington, Va., newspaper said it had uncovered a link between Allen, one of the men indicted here, and George Rockwell, an Arlington printer. It quoted Rockwell as saying the wealthy man in Baltimore who was underwriting bombing terrorists had put up $20,000 for activity in the Arlington area, scene of a school integration crisis.

In Washington, it was learned that the FBI Thursday questioned Rockwell and Harold Noel Arrowsmith, Jr., described as a member of a wealthy Baltimore family.

Further evidence of the "fat cat's" role was reported by police in a letter containing this line: "The big blast is all set for either next Sunday or Saturday. . .we will know tomorrow and will keep you informed."

"But we want to have it Sunday, if possible," the letter continued, "because the boys are coming down from New York for the work here — no guts in the local citizens — and we want to have Saturday to pass out thousands of handbills and put up posters to sort of steam things up for the big blow itself."

Dynamite blasted an 18 - foot square hole in a wall of "The Temple", an impressive synagogue on Peachtree Rd. in the fashionable North Side section early last Sunday.

It followed the pattern of previous bombings of synagogues and Negro churches in several Southern states.

Since the Atlanta dynamiting, a synagogue has been bombed in Peoria, Ill.; Negro homes have been blasted in the Chicago area; a makeshift bomb has been set off in the yard of a Massachusetts home where Jehovah's Witnesses were meeting; and vandalism has been reported at a synagogue in Brooklyn, N.Y.

There also have been telephone threats to blow up newspaper offices, a radio station and schools in Atlanta. Officers attributed most of the calls to cranks.

The integrated high school at Clinton, Tenn., was blown up a week before the Atlanta bombing.

An unidentified telephone caller touched off a false bomb scare today at the Stephen Wise Free Synagogue on Manhattan's West Side.

Police also were called to St. Patrick's Cathedral in New York Thursday after a telephone call warning that a bomb had been placed in the sanctuary.

of Appeals issued an injunction banning that plan.

The National Association for the Advancement of Colored People said it would try to have the board members of the private corporation board declared defendants in its original law suit seeking integration. This move, if successful, would force the private school to integrate.

Raney said the senior class would start registration Monday morning. The three-story building, which formerly housed the University of Arkansas graduate center, has been leased by the corporation for $400 a month from Vance Thompson, who recently purchased it.

Across the street from the building is a row of dilapidated Negro homes.

Friday Little Rock firemen tacked up a huge cloth sign in front of the tall white columns of the building. The sign read "senior high school" in big letters and "Little Rock Private School Corporation" in smaller letters.

remaining workers.

The economy move that has swept through Louisiana's welfare department has reached further into Ouachita parish in that it was announced that after December 31 funds would be withdrawn from the operation of Green Oaks Juvenile Detention Home, here.

The Ouachita Parish Juvenile Court Council has gone on record to request the department to reconsider the withdrawal of funds from the detention home operation. District Attorney Albin P. Lassiter even raised a legal question in the matter and requested the department to have its legal department review the withdrawal.

The detention home was built with local funds after the state agreed to [illegible] the institution. The question of legality was raised on the basis of the fact that Ouachita parish property owners voted funds to build the home, believing the cost of operation would be provided through the welfare department.

trades increases, the special section of agreement covering the Kelvinator workers in Grand Rapids reduced the relief time allowed workers in the plant from 54 minutes to 34 minutes a day.

A vacation-bonus plan originally included in the special agreement was modified to a straight vacation plan to meet the objections made to it by Michigan Atty. Gen. Paul L. Adams.

AMC Vice President Edward L. Cushman said both the union and the company still felt there was nothing wrong with the vacation-bonus plan, but it was eliminated in light of the unfavorable publicity.

Anthony Connole, administrative assistant to UAW Vice President Norman Matthews, said the workers would return to their jobs as instructed by local plant management.

Cushman said he expected all the plants to return to operation on Monday.

Meanwhile, negotiations between Chrysler Corp. and the UAW on a new contract to cover that company's 8,000 salaried workers were in recess. Negotiations recessed Thursday night and no new meeting was set.

The back-to-work movement at strike - troubled General Motors continued. Settlement of local disputes Friday brought to 143,176 the number of UAW members back. The same situation was developing downstream at Los Ebanos, where the river was closing in behind the town and cutting off its only road. The river rose 11 inchs in two hours there Friday morning and kept on rising.

The civil defense, Red Cross, and state and national guards also were ready or in the process of evacuating Penitas, Havana, Cuebitas, La Grulla, Garciasville, La Casita, and Refugio, a village eight miles southwest of here which is under water.

Rep. Edward F. LeBreton, also of Orleans, and a member of the "34 Club," was in favor of letting the parishes solve their own problems.

He said Orleans Parish is voting Nov. 4 on levying an additional 2½ mill property tax for school funds dedication. If the Orleans schools need the money to finish out the 9 months term they can bond some of the proceeds, LeBreton said.

Rep. C. F. Donaldson of Orleans replied, "each local community must realize that it must supply more of the funds for its schools and the quicker they realize it the quicker we will be out of the confusion at the state level."

Rep. Eugene Gouaux of Lafourche Parish said he thought a solution could be reached at Baton Rouge.

State Auditor William J. Dodd, also attending Legislators Day at the Fair, advanced the view that "something must be done because we can't have schools that are eight-ninths standard. The quicker something is done the better."

"I will announce that I am running for governor when the time comes."

Another visitor, former Gov. Robert F. Kennon, said he came to Shreveport on business but "I might do some socializing."

He declined to vote on the resolution approved at the last board meeting, but was present when the committee met to draft the proposal and later delivered it to the board.

Walter Bennett, Ward 5, a westsider, also failed to vote on the shift.

SWITCH

However, it was the switch votes of Buckley and McVay that enabled the resolution to pass, 8-6.

Buckley left the eastside and voted with the westside to approve the Sterlington school, which Spencer has long been an advocate of. He also voted against eastside candidate W. E. Palmer for president in favor of Wall.

Then Wall later appointed McVay to serve with Buckley, Spencer and Balfour on the finance committee. As president, Wall is automatically a member of the committee.

Buckley at one time was a strong leader of the eastside and outspoken critic of the westside.

He also, at one time, was a strong supporter of ex-president James H. Trousdale Jr., who resigned from the position and nominated Palmer to replace him Buckley voted for Wall.

That came at the September 9 meeting. Buckley left the eastside to vote with the westside at the August 5 meeting on the hotly contested Sterlington school issue.

The factions lined up on the issues as follows:

1. Sterlington school construction — For, Spencer, Buckley, Bennett, Wall, Balfour, E. M. Finley, Holloway, Harry Wheelis and M. H. Head. 2. Voting Wall as president — Spencer, Buckley, Bennett, Balfour, Finley, Holloway, Wheelis, Head. 3. Banking shift — For Buckley, McVay, Wall, Balfour, Finley, Holloway, Wheelis and Head.

1. Sterlington school construction — Against, Palmer, Everett Zeagler, McVay, Marvin Shipp, Trousdale and Wayne McDonald. 2. Voting for Palmer — McVay, McDonald, W. B. Inabnet, Shipp, Trousdale. 3. Banking shift — Against, Palmer, Zeagler, Shipp, Trousdale, Inabnet, McDonald.

Governor's Opposition Indicated

(Continued From Page One)

the need at this time for a special session.

"I think the governor has proven by his actions in the past two legislative sessions he has tried to obtain enough funds to assure teachers their full salary scale."

"It is my sincere hope," Frazar continued, "that we will be able to continue the present teachers salaries at their increased level for a full nine months."

The teacher group failed in its public drive last year for a special session to raise the natural gas gathering tax.

Later, the 1958 Legislature with Long's support passed a one-cent boost in the existing levy of one cent per 1,000 cubic feet despite warnings of a possible court test.

The LTA a few days earlier was unable to find the vote strength to push through its own tax bill tripling the tax, in order to gain the full teacher pay scale approved by the Legislature in 1956. Teachers received half the pay raise in that scale and are continuing at that level

The 1958 session, with administration quarterbacking, adopted a law authorizing school boards to continue paying teachers their existing salaries instead of giving them a pay cut, until funds ran short.

Administration leaders said at that time the move would almost certainly produce a special session when school boards began to feel the pinch.

After the meeting with Frazar, Wimberly said the LTA executive group met to "discuss the financial condition of public education . . . . A number of school boards already have indicated schools will not be able to operate a full nine-month term."

"We want an opportunity to discuss this school financial crisis with the governor at the earliest possible date," he said.

During the last several weeks Long on more than one occasion told news conferences he saw little use in summoning a special session without votes to enact any new revenues needed.

He indicated he would have to have assurances of the required two-thirds majority before he would consider acting.

While Long recently mentioned that some legislators are talking about a half-cent sales tax raise and higher liquor, beer and wine taxes, there is no sign of a change in the legislative barrier against new taxes.

Houston, is supervising the operation.

There was still no explanation for the cause of the explosion, nor was there any official estimate of damage.

Gangelhoff said the well was producing 1,530 barrels of oil daily and 950,000 cubic feet of gas per day.

Part of the rig, he said, will have to be dynamited in order for workmen to move in close enough in efforts to cap the well, located about 60 miles offshore.

The only body recovered thus far was that of T P. Butler of Liberty, Miss. His brother, E. A. Butler of Libery, is among those missing.

Other oil rig workmen still unaccounted for include Daniel J. Hogan of Harvey, La.; W. A. Simmons of Houston, Tex.; A. J. Johnson of Ellinger, Tex.; G. J. Kidd of Beaumont, Tex.; and B. H. Puyear of Livingston, Tex.

Says State Able To Keep Schools Going Full Term

SHREVEPORT (Special) —Louisiana schools must be kept open for a full nine-month term, Sen. Jackson B. Davis of Shreveport said recently, and the state has the money to do it without raising taxes.

The best way to do it, he said, is to effect economies in the state welfare program and the state education department. Too much money is being spent on the school lunch program and welfare activities, he said.

Rep. Jasper Smith of Vivian agreed with him and said that he, too, believed the regular school term could be guaranteed with money now on hand.

Smith said, "We can't let our children have only eight months of school. If they get only eight months the seniors who are supposed to graduate this year won't be able to go to college because they won't be accredited."

"It is a cause of great concern to all of us," Sen. Davis commented.

Monroe Man Is Hurt Slightly In 2-Car Wreck

Two cars collided six miles south of Monroe on U. S. Highway 165 yesterday slightly injuring a Monroe man.

State Police reported Sam W. Taylor, 29, of Rt. 2, Box 91, Monroe, was taken to St. Francis hospital for treatment of minor injuries.

Troopers said Taylor was headed south, attempted to turn left off the highway, when a car travelling behind him attempted to pass.

The other car was driven by Jesse Ross Coles, 45, of Toledo, Ohio officers said. Coles was not injured. The collision occurred about 1 p.m.

It Might Have Been

Single decisions often change the course of a nation's history and as we look back we think how different things might have been if another plan had been adopted.

A recent statement by former Secretary of State James F. Byrnes brings such thoughts as these sharply into focus. The former secretary said he never felt any animosity toward the late President Franklin D. Roosevelt because of the fact that Roosevelt broke his promise to make Byrnes his vice-presidential candidate. Yet this decision on the part of Roosevelt undoubtedly went far in carrying the United States down the road to socialism and away from the democratic, states' rights position contemplated under the United States constitution.

Writing in the current issue of a national magazine, Byrnes, who barely missed being selected as Roosevelt's running mate, admitted he was "disappointed and hurt" when the president, "notwithstanding his promises," picked Harry Truman for the post.

Byrnes stated that for a period of four years Roosevelt had encouraged him to seek the vice-presidential nomination, first in 1940 and more positively in 1944. He quoted Roosevelt as saying:

"You are the best qualified man in the whole outfit and you must not get out of the race. If you stay in, you are sure to win."

The former secretary of state added that shortly before the convention in 1944 he had been assured by Party Chairman Bob Hannegan that the vice-presidential nomination had been "settled" in his favor and that President Roosevelt had given his approval.

Even then, however, the socialist forces were at work and they were able to dissuade President Roosevelt from his better judgment. Regarding this, Byrnes said:

"It developed that I was unacceptable to Sidney Hillman, the head of the C.I.O. Political Action Committee, and to Boss Ed Flynn of the Bronx."

At that time Hillman was head of the Congress of Industrial Organizations and Roosevelt was afraid he would incur the wrath of the labor elements if he went against their wishes. He bowed to the demands of these men and, in doing so, took away from the south its best chance of fair representation and from the nation its best opportunity to preserve American democracy.

Henry Wallace, former secretary of agriculture, who had served as vice-president under Roosevelt, was considered too wild-eyed and radical even for the socialists to want as a possible president and was shunted aside.

Byrnes was the logical man and the one who could have carried this country along on a solid, fundamental basis, upholding the truce principles of the American constitution. Byrnes, a southerner from South Carolina, would not go along with labor's socialistic program, and for that he was also shunted.

Rosevelt then selected Harry Truman, the Missouri jack-in-the-box, whose political success had depended on political boss-ism—and the course of history was changed.

If Byrnes had been named vice-president and had succeeded Roosevelt as president, as did Truman, he might have turned the whole country against socialism. Truman continued on down the socialistic road that had been mapped out for him.

If Byrnes had become president the chances are that the country would not now be under the thumb of the federal government in the attempt to force integration by the use of federal troops. The chances are that states' rights would have been upheld, instead of being trampled on. If he had become president, it is altogether likely that we would not now find an extremely large percentage of our congressmen bought and paid for by labor bosses.

Voting Pressures

Voting pressures and fears of voting pressures in the north are largely responsible for attempts by northern state congressmen to force integration of all kinds upon the people of the south. This has been brought about largely by a shifting population.

New York has become the state with more Negroes than any other and most of them are in New York City. Illinois, and especially Chicago, has more Negroes than Tennessee, Arkansas or Virginia.

Unfortunately, the migrants are usually of the wage-earning class and age. This leaves behind in the south the aged, jobless and children, giving the south a heavier proportionate burden of support.

Edward C. Burks of the Baltimore Sun staff has shown how fast the change has been made since the 1950 census in a set of figures published in the Memphis Commercial Appeal.

Although the Negro migration to such cities as New York and Chicago has been heavy, the percentage of Negro residents is small because of the tremendous number of white residents. New York state's population is only eight per cent Negro and Illinois has a fraction over nine per cent. Mississippi still has the highest percentage—46. South Carolina has more than 39 per cent and Louisiana 32 per cent.

Until recently, school integration troubles have been found chiefly in the border states of smaller Negro percentages than in deep south states of really large proportions. This was true because in the deep south states no efforts at integration were made up to the time the federal government decided to force integration on the south, against the will of the white people and largely against the will of the Negro people, who are satisfied with the fine school facilities they now enjoy.

During the unsettled recent years there have been frequently expressed hopes that more Negroes in the north would give the northern people a better understanding of the problems faced in the south. Looking at these new figures, we wonder how the north is going to learn much about the facts of life in a rural southern county in which more than half the people are Negroes, particularly in view of the fact that most of the migrating Negroes are wage-earners while many of those left behind are not. The Negroes who have moved north have gone to the cities and they are a long way from becoming more than half of the population of any northern city.

Despite this, they have become numerous enough to hold the balance of power in some big cities, including Manhattan, and that is what has aroused the activities of the office-seekers.

Errol Flynn says it is often the case that when he has to kiss the leading lady in a movie production, she has been eating garlic. He's a much better actor than we had thought he was.

Nature does things better. A bird's landing gear never gets stuck, causing him to have to make a belly landing.

Is there any person, business, governmental unit, group or organization of any kind or class whatsoever in the whole wide world which doesn't believe that he, they or it needs more money?

A suicide left a note reading, "I am killing myself because life is boring." It could be that he will find death rather monotonous after several hundred centuries.

At the rate the troposphere is becoming crowded with air traffic, it will not be long before express planes will have to be routed in the stratosphere.

"In the spring a young man's fancy lightly turns to thoughts of love." And then some girl inveigles him into translating his thoughts into action—and the poor guy is hooked.

BASCOM TIMMONS

Washington Capital Of Political Leadership

Washington is the capital of political leadership in the United States, but this year the head men in neither party exhibit much discernment of the influences which have built up the Democratic trend in the 1958 congressional elections.

It may also be said that voters themselves in many instances are confused. Party registrations in general do not confirm the apathy of which President Eisenhower and other Republicans have complained. This is demonstrated by total figures, running about 3,000,000 behind those of 1956, which isn't at all bad for an off election year.

Between now and the Nov. 4 election, less than three weeks away, the swing which the Republicans hope to bring about through the efforts of President Eisenhower and Vice President Nixon, now both complaining vigorously, is generally held not likely to materialize. It seems too late for that.

At this juncture neither national party chairman Meade Alcorn for the Republicans and Paul Butler for the Democrats seems to be helping much in what has been a mixed up campaign, and many other leaders are confused as to what will be the real vote determining factors.

The safe Republican seats, conservatively estimated at not more than 42 in the Senate and 180 in the House are in districts which have been safely GOP over the years, indicating that the estimated losses — five in the Senate and 20 in the House — will be in states and districts where the party cannot hang on in the face of dissatisfaction of various sorts.

The safe districts are those where unemployment is low, good crops have helped the farmers and business has shown scant recession, if any. But the whole picture shows a Republican party decline that is not for the good of the country, which depends upon fairly matched parties for the best balance in a government of checks and balances.

The best examples of reported Republican decline are in Pennsylvania and California, each of which has now 17 Republicans and 13 Democrats. In each of these, Democrats predict on good authority that the margin will be reversed, that they will elect governors and senators to succeed where the present incumbents are Republican and a Democrat to succeed a Democrat as governor of Pennsylvania.

It is an old political maxim that off-year elections are motivated by voters who oppose what they do not like, rather than supporting what they favor. This could be true in 1958, and if it is, President Eisenhower himself, facing two more years in office and constitutional ineligibility for reelection will learn something about the temper of the American people.

This will be no popularity contest for the President nor will it be easy to reckon how many voters are cast for Democrats by voters whose favor the President has lost, but there is wide belief that his leadership is now at its weak point and that the election will be interpreted as a referendum on the present feeling about the whole administration.

For example, Republican complaints about lack of conservative contributions has real basis this usually come through in the late weeks rather than the early stages. But businessmen in large numbers feel this year that the conservatism has shown the party no longer to be their favorite, and are inclined to be middle of the road. Some of them dislike the anti-trust activity of the Department of Jistice, while others say that Eisenhower Republicanism has failed to point the way back to a sound economic policy.

Whether the blame for unemployment can rightly be placed on the Republican party is questionable, for high pressure salesmanship has resulted both in overproduction and over buying, two factors which caused a chain reaction that figured in previous depressions, big and little. And were it not for billions in government orders, unemployment would be vastly greater than it is.

Big states where the Republicans feel they are doing all right are New York and Ohio. Illinois, too in this category, though it has no election for governor or senator. One of the more important sidelights in the whole picture appears to be the vote in six states — Ohio, California, Idaho, Kansas, Washington and Colorado — on right-to-work laws, which would ban the union shop. In Ohio, Idaho and Kansas, the law has its best chance. In California, due to divided Republican leadership it will probably fail.

Winter Dreaded By Older Person

The older person with poor circulation dreads the coming of winter. The hands and feet are colder than usual and existing symptoms are exaggerated. No wonder the warmth of the southland looks so inviting.

Men and women who cannot migrate to Florida, Texas, or California should make an effort to protect themselves from the effects of the chilly breezes. This means warmer clothes, hose, and gloves as well as the use of rubbers or galoshes when it rains or snows.

Cold contracts the blood vessels and causes further curtailment in circulation. This may be disastrous to tissues that are having all they can do to function under ideal conditions. Hardening of the arteries is the most common cause of poor circulation after age 50.

The feet should be pampered when handicapped in this way The situation is not hopeless, as there are many remedies and devices to enhance the flow of blood. But the feet must not be subjected to further damage if improvement is to be expected.

Cleanliness is a must. After bathing, the skin is dried thoroughly and rubbed with alcohol and massaged with cocoa butter, lanolin, or other greasy substance. This keeps the skin soft and discourages the formation of cracks and fissures, especially on the soles.

The nails should be cut properly, taking care not to nick the toes while doing so. Corns and calluses should be trimmed by an expert whenever possible.

Never use strong antiseptics, especially when criculation is poor. The majority of ringworm remedies and corn removers are in this category. The skin is in no condition to resist the burning effect of chemicals, as the next step often is gangrene. Avoid excess heat such as hot foot soaks and diathermy treatments because impaired circulation cannot handle the increased metabolism produced by this heat. Good results are obtained in the legs by applying heat to the abdomen.

Great care must be taken to prevent injuries, particularly when standing in a crowded bus or subway train. Gangrene has followed damage resulting from such mishaps as having someone step on your toe or dropping a brick on your foot.

TOO MUCH BLOOD

J. H. writes: What causes an overabundance of red blood cells?

REPLY

Known causes include certain types of heart and lung diseases, high altitudes, and dehydration. In primary polycythemia the cause is not known. The bone marrow works overtime and manufactures red blood corpuscles faster than they are destroyed normally.

FOOT ODOR

J. W. writes: What makes the feet smell? When I undress for bed I can hardly stand it.

REPLY

The odor stems from the presence of micro-organisms that thrive in the moist creases between the toes. You may have ringworm or allergy to the chemicals in the hose or shoes.

ANGINA MEDICINE

F. T. writes: Is it harmful to take nitroglycerine tablets for a long time for chest pain?

REPLY

Not if needed. This product is not habit forming. Send a stamped self-addressed envelope for our leaflet on angina pectoris.

HOW LONG

R. P. writes: What is the life expectancy in untreated lung cancer?

REPLY

One to two years.

Today's Health Hint—

Be happy with what you are doing.

Daily Devotion

Now I beseech you, brethren, marke them which cause division and offenses . . . and avoid them. — Romans 16:17.

One would think that, of all organizations, the church would be free of contention and strife. But such is not always the case. Mark the number of denominations which we now have and the wrangles that are constantly developing between different factions in the same churches — and the new churches and denominations that are being constantly established because of internal friction! All such things present a confusing picture to the skeptical and the non-Christian.

O God, help us to be Christlike in our attitude and in our spirit — that we may not misrepresent Thee. In Christ's name we ask. Amen.

FROZEN TRAVELERS?

LONDON (UPI)—Space travelers of the future may whiz through the cosmos frozen in a state of "suspended animation" to save food and oxygen. Drs. A. S. Parkes and Audrey U. Smith of the National Institute for Medical Research told a symposium on space medicine that they successfully had chilled mice, rats and dogs to a point where their heart beat and respiration cased for an hour or more. In most cases, there was complete recovery. But both physicians warned that any such process for human beings was far in the future.

SYLVIA PORTER

Stock Upsurge Not Surprising

The widely-touted upsurge in the stock market to all-time peaks in the past nine months isn't so much of an upsurge as it seems.

Actually, it's much smaller than the average increase in stock prices in the first nine months following previous stock market turning points in the past quarter-century.

The magnitude of the climb in stock prices since the business recession hit bottom in April isn't as spectacular as it appears.

Actully, it's about midway between the smallest and largest increases in stock prices in comparable periods of other business recoveries since World War I.

The fact that stock prices turned up before business hit its low and that the stock market was rising sharply during the worst months of the recession isn't at all extraordinary.

In every one of seven past business cycles, stock prices started up months before business touched bottom.

In short, no matter what you are hearing, reading — and thinking there is nothing especially unusual about the timing or size of the stock market upswing to date.

Maybe none of this comes as a surprise to you — but if so, you are an exception. For I have an office in the heart of Wall Street; my city apartment is within walking distance of the financial center of the world. Throughout this past winter, as the stock market rose in the face of dreadful economic news, the popular theory I heard repeated again and again was that this contrary action was most unorthodox, virtually without precedent

As the stock market advance has persisted week after week since, there has been no missing the mounting warnings from Wall Street's professionals. As an illustration, from Arnold Bernhard, head of the nationally-known "Value Line Investment Survey" comes the flat statement, "The stock market is overvalued by approximately 30 per cent — in relation to earnings and dividends," and Bernhard forecasts a near-term setback of at least 15 per cent. From Eliot Janeway head of Janeway Publishing & Research Corp., comes the equally blunt comment, "The stock market is vulnerable no matter how you look at it," and Janeway believes today's levels present a short-term selling opportunity.

It was against this background that I read this week a privately-circulated letter of "Statistical Indicator Reports," published by economist Leonard H. Lempert in Great Barrington, Mass., and containing statistics on the stock market's performance in eight business recoveries since World Ward I.

It is now nine months since industrial stock prices — as measured by the Dow-Jones average — turned up and five months since general business turned up. How does the improvement in stock prices this time compare with earlier revivals?

This time, the stock market started up four months before the recession low was hit in April 1958.

But in five of seven previous recoveries, stock prices had been rising for at least four months before the recession low was reached. Stock prices started up 11 months before the 1953-54 recession bottom was hit in August 1954. "The four-month lead of stock prices prior to the recent general business turning point is relatively short . . ."

When October began, the stock market, on average, was 17 per cent above the level of April 1958 —five months ago.

At the five-month business recovery mark in 1954, stock prices, on average, were up 15 per cent. At the five-month mark in past revivals, stock prices have been up as much as 69 per cent. In magnitude, the current rise shapes up as "about midway" between the smaliest and biggest rises.

Also when October began, stock prices were about 19 per cent above prices of nine months ago.

At the nine-month mark in the 1954 stock market recovery, stock prices were up 25 per cent. At the nine-month mark in previous rebounds, stock prices have been up as much as 41 per cent. "Following turning points in stock prices themselves, the current rise is definitely smaller than average . . ."

Of course the stock market can't be viewed in a statistical vacuum. The stock market is "people." The stock market is "mass psychology." The stock market is a "state of mind." And even the most complacent must squirm a bit as he realizes that since October a year ago, the Dow-Jones industrial stock price average has climbed almost 130 points!

Nevertheless, these statistics put the climb in perspective. In comparison with past performances, 1958's record is hardly unprecedented. It's not even unusual.

DR. CRANE SAYS

Parents' Religion Could Cause Death

Carolyn is dying for lack of a blood transfusion. But her father refuses to permit it, saying the Bible vetoes blood transfusions. Notice the farfetched interpretation of the Bible which he uses to support his argument. And discuss this case in your high school classes, for it involves interesting legal points.

CASE Z — 348: Carolyn B., aged 7, lay at death's door.

Her physician recommended an immediate blood transfusion. But her parents belonged to a religious sect that vetoes blood transfusions.

They base their objection on a Mosaic rule, stated in Leviticus, which says we should eat "neither fat nor blood."

So the parents were letting their daughter die, because they argued that when we doctors inject blood into your vein, you thus are "eating" blood and consequently violating God's laws.

Actually, everybody literally eats blood. That is especially true of all meats, for muscle tissue ALWAYS has blood in it.

And even if you are a vegetarian, you swallow blood many times from your own nosebleed.

So this attempt to be an extreme literalist regarding that veto of blood, is impossible.

Besides, we all eat fat, too, either of the animal or vegetable variety.

I am simply pointing out the folly of trying to pick out little Mosaic rules and apply them literally.

In Carolyn's case, a legal action was launched to see that she got her blood transfusion.

But this problem brings up an interesting point as to where the rights of the individual must be curbed by the will of the mature adult majority.

For example, many people have recently argued that it was a violation of personal liberty to fluoridate the drinking water in our leading American cities.

"Let those who want to use fluoridated water do so," is their argument. "But don't force it upon all the citizens in town."

In line with that argument, it would have been possible to have added a trace of fluorine to table salt, as was done in 1924 with reference to iodine.

But the state feels that when the welfare of ALL children is at stake, the mature adult population, when fortified by the opinion of the leading scientists, should step in and do what is good for youngsters, without waiting till they grow up to make their own private decisions.

Thus, we have compulsory laws about vaccination against smallpox and polio and diphtheria.

Furthermore, we compel dairies to pasteurize their milk so that the germs will be killed or so weakened that tuberculosis and other milk-borne maladies will be prevented.

"But the majority isn't always right!" somebody may argue.

And that is correct. No better example could be found of the faulty nature of majority vote than Pontius Pilate's courtroom, where a true democracy was perfectly demonstrated, with men, women and children apparently having a right to vote.

And they voted 100 per cent wrongly! Even in spite of Pontius Pilate's own admission that the accused Jesus was entirely innocent!

However, in these modern times, when we assume that people are able to read and have heard the arguments of scientific authorities who concur in a definite medical action, if a majority of the voters then decide on fluoridation or vaccination or pasteuriation of milk, that action is undoubtedly wise.

The state thus acts as a glorified foster parent to children.

In a totalitarian nation, it may be a Fagin type of parent, but in our free land, the state is a pretty good foster father and mother.

Your Sweetest Day

THIS TIME each year I love you in . . . A very special way . . . As this occasion everywhere . . . Is known as "Sweetest Day" . . . For who could be as sweet as you . . . And who could ever be . . . So faithfully affectionate . . . And wonderful to me? . . . I bring you now these flowers fair . . . Of every fragrance sweet . . . And in this box with ribbon tied . . . Your favorite candy treat . . . Of course these are not adequate . . . To say the thanks I owe . . . But I do hope they emphasize . . . I really love you so . . . God bless you on this Sweetest Day . . . The best in life to you . . . And may I be the one you choose . . . To help your dreams come true.

IN DISTRICT COURT

Trial Dates Set On Murder Cases

Four murder cases and one involving a charge of manslaughter will be tried during November in Fourth District Court.

Judge David I. Garrett yesterday set the dates of trial for four men indicted by the Grand Jury on murder charges, and the fifth, charged with manslaughter.

All are Negroes.

Trial dates are as follows: Nov. 3, Isiah Lee Banks. Nov. 5, Enoch Green. Nov. 6, Joseph Johnson. Nov. 18, Bynum Patterson, Sr.

Robert Moore will be tried on Nov. 17 on the manslaughter charge. All five men p'ed not guilty of the charges yesterday in court.

In other action, Samuel Gray, 20, Negro of 17A Texas Avenue, was sentenced to six years in the penitentiary for simple burglary.

He was caught by Monroe police, who found him hiding behind a counter in Hailes Super Market, 1001 Texas Ave., they said.

John Shaw, Jr., 30, Negro drew one year in the parish jail for aggravated battery. He was charged with stabbing Lucille Edwards, Negro.

James Gibson, Negro, admitted having one-too-many wives. He was remanded on the bigamy charge, until a pre-sentence investigation can take place.

J. D. Fletcher pled guilty to three counts of attempted theft, and three counts of theft which totalled $17.

SENTENCED

He was sentenced to six months in jail on each case, with the sentences not to run concurrently.

O. C. Fletcher, charged with two counts of attempted theft, theft of $10 and of $3.00, denied guilt and will be tried on Dec. 5.

W. F. Olive, who previously pled guilty to driving with switched license plates, was fined $25 or 10 days, plus 10 days compulsory in jail. The balance of the jail sentence will be suspended on payment of the fine and court costs.

Tommy Kowen pled guilty to driving without a license: Marion Woods admitted driving with an improper muffler. Both were fine $25 or 10 days. Kowen also drew 10 days compulsory in jail.

In cases set for trial, charges of failure to post bond, against William C. Monk, were partially heard and the case was continued until Monday.

William W. Tanner was tried, found guilty of reckless driving and fined $25 or 10 days.

Charges of driving without a license against Dave Beckwith were passed over. Officials said that he was in the city jail. The court dropped charges of failure to post bond against him.

Monroe Phipps changed his plea to guilty and was fined $25 or 10 days for driving without a 1958 license plate.

Willie Turner pled guilty to charges he permitted an unlicensed minor to drive a motor vehicle. He was fined $25 or 10 days.

Tried and foumd guilty of driving with defective brakes and without a driver's license was William W. Swinney, fined $25 or 10 days on each offense.

Charges of driving while intoxicated and reckless driving against Huey P. Wheeler were continued until Nov. 4.

OTHER CASES

In Juvenile Court, Billy Reno and Sammy Hoy each denied charges of indecent behavior with a juvenile, and trial for each was set for Dec. 12.

The following persons were arraigned yesterday in Fourth District Court:

On charges of speeding, Algenon C. Ransom, Amos A. Smelser and Vernes Fincher were each fined $5. J. C. Knight was fined $25 or 10 days, and Herbert E. Tedeton was fined $100 or 30 days. Tedeton denied charges of failure to post bond, and no trial date was set.

Charged with driving while intoxicated were: Natheniel Banks, trial set for Nov. 28; Walter B. Carson, Sr., trial set for Dec. 12; Malcolm H. Emory and William H. Harris, each of whom pled guilty and were fined $300 or 60 days in jail.

J. H. Beebe and Billy Jack McBride each was fined $25 or 10 days after they admitted disturbing the peace.

Reckless driving resulted in a $25 fine or 10 day jail sentence for Lawrence T. Bryant, Derrick K. Daily, McHenry Jackson, Aubrey Hollian Launius, John C. Smith and Daniel Smalling.

Arthur S. Harrelson denied reckless driving charges and trial was set for Dec. 12. Martin A. Wheeler, listed on yesterday's docket, had already pled guilty on Oct. 16.

Driving without a license drew a $25 fine or 10 days in jail for Arthur Curry, Jr. Guy Belvin Futch drew the same sentence, plus 10 days compulsory in jail.

Boy Williams was fined $25 or 10 days for driving without a chauffeur's license and Roy R. Allen drew a $25 fine or 30 days in jail for fraudulent use of a driver's license.

John L. Ford denied charges of driving with defective brakes and failure to post bond. Trial was set for Nov. 28.

Also charged with driving with defective brakes were Henry Frank Haley, Frank J. Outley, and Ed Pressley. Each pled guilty and was fined $25 or 10 days. Outley was fined $5 or 10 days for failure to post bond and Pressley drew a $25 or 10 day sentence on the charge.

Ruby M. Henderson denied driving with an improper muffler and trial is set for Dec. 5. Obar Loyd and Sarah Ann Taylor each were fined $25 or 10 days for driving with an improper muffler.

Ernest Southern pled guilty to improper parking and was fined $25 or 10 days.

Pleading guilty to permitting an unlicensed minor to drive a motor vehicle was Elmer E. Thompson, fined $25 or 10 days.

Arraignment for John C. Rogers, listed on the docket as charged with issuing four worthless checks, was postponed until November.

Leroy Chargois pled guilty to two charges of purchasing beer for a person under the age of 18 years, and was fined $50 or 30 days on each case.

Edith Bell pled guilty to a charge of false swearing, and was remanded until a pre-sentence investigation is conducted.

The following charges were dropped:

Edward H. Curry, Jr., charged with driving while intoxicated; James M. Steele, charged with two counts of issuing worthless checks; and Bobby C. Shumate, charged with reckless driving.

Area Students Attend Boston Frat Convention

Three area Louisiana Tech students recently returned from the national Tau Beta Pi convention in Boston, it was learned yesterday.

Attending the confab as delegates or alternates were Gayle English, Sterlington; Tom McBride, Monroe; and Jim Wyche, also of Monroe.

Tau Beta Pi is a honorary engineering fraternity and its members must be in the top 20 per cent of those majoring in engineering.

While at the three-day convention the delegates attended business meetings, dinners and other social functions. Before returning to Ruston they toured New York City and Washington, D. C.

POSTS BOND

A Roanoke, Va., man was free on bond after he was arrested by Monroe Police yesterday on a charge of driving while intoxicated.

Officers identified the man as John H. Duchkar, 35, of 1017 Second St. Roanoke.

Duchkar posted a $437.50 property bond and was scheduled to appear in city court Wednesday.

CALLING ALL TIGERS — LSU's four pretty cheerleaders turn on a homecoming smile as an invitation to LSU alumni to return to the Ole War Skule campus October 25 for the annual homecoming clebration. The pretty coeds are Stephenie Campbell, Hymel; Toni Whittington, Natchitoches, and Judith Rome and Bobby Chachere of Baton Rouge. They will perform in Tiger Stadium Saturday night when LSU's Tigers play the University of Florida. The campus will be decorated with the Florida colors of orange and blue along with the LSU purple and gold.

Union Agent Here Is Sued; $30,920 Asked

A Shreveport man is suing a local union agent for $30,920, charging he was deprived of his right to work while in Ouachita parish.

H. N. Borden is suing James Patrick Brady of Monroe, business agent of Local No. 659, United Association of Journeymen and Apprentices of the Plumbing and Pipe Fitting Industry of the United States and Canada; Walter Veach, president of the Local, and Sidney Flynn, its secretary.

Borden states that he is a member of the International Union, and on July 7, 1955, moved from Shreveport to Monroe. He brought his card from Local No. 141 in Caddo parish, he adds.

The suit claims that Borden obtained work but Brady refused to accept Borden's clearance card or to grant him a work permit. It adds that Brady refused to assign Borden any jobs, and prohibited him from any work other than about four days.

Borden states that he sold his home in Monroe and returned to Shreveport.

He states that as a member of an International Union, he is entitled to employment in any part of the United States, and asks that the court order Brady to accept his clearance card and issue a work order.

The suit also asks $19,920 for loss of wages for a minimum of 166 weeks, at $120 a week; $1,000 for loss in value of a home by forced sale; $5,000 for mental anguish and humiliation; and $5,000 for the inability to obtain employment.

8 Local ROTC Cadets Attend Colo. Assembly

Eight ROTC cadets from Northeast State are attending the national assembly of the Pershing Rifles Fraternity at the University of Colorado, Boulder, Colo.

The Pershing Rifles was founded in 1894 by Gen. John J. Pershing of World War I fame. Twelve regiments with companies at colleges and universities throughout the United States are included in the organization.

Attending the five-day meet which opened Thursday from Northeast are: Cadet Capt. Obed Kirkpatrick of Hodge, head of the college unit; Glenn Fleming and Gene Hennigan, both of West Monroe; Lynn Jones, Ferriday; A. C. Liles, Winnsboro; Frank Machen, West Monroe; Jimmy Moore, Ferriday; and Gerald Thorn, Monroe.

City Courts

WEST MONROE

Seven cases were heard yesterday in West Monroe City Court. Six people forfeited bonds and one person was fined for minor traffic violations.

Four persons forfeited bonds on speeding charges, two forfeited on charges of running a red light, and one man was fined for reckless driving.

A total of $122.50 was collected on the charges.

MONROE

Monroe City Judge W. M. Harper returned 43 sentences in court yesterday — 42 of which were on minor traffic and civil convictions.

He fined John H. Holman, 79, of 203 Sixth St., $325 or 325 days in default on combined charges of discharging a firearm in the city limits, carrying a concealed weapon, and appearing intoxicated.

MCELROY IN HONG KONG

HONG KONG (UPI)—U.S. Defense Secretary Neil H. McElroy arrived in this British crown colony Friday and said he would relax between "very pressing business." McElroy, who is on a fact-finding tour of the Far East, flew here from Manila where he conferred with Philippine President Carlos P. Garcia on the modernization of his country's military equipment.

Advertising Tax Is Ruled Valid By Appeals Court

ANNAPOLIS, Md. (UPI)—The Maryland Court of Appeals Friday ruled that Baltimore's controversial advertising tax, which critics assailed as an infringement of freedom of the press, is invalid.

The state's high court, in a unanimous opinion, thus sustained a lower court ruling which agreed that the tax threatened press freedom.

The tax of 4 per cent on buyers of advertising and 2 per cent on interests selling it has been repealed, effective January 1, 1959, as result of City Council action shortly after it became effective last January. However, plaintiffs attacked it in principle and were determined to win a court ruling to prevent a similar tax in the future. A second important point that led to a court test was the fact that an estimated $1,500,000 has been collected under the ordinance, money the city now will be obliged to refund.

Department To Renew Travel In Red China

WASHINGTON (UPI) — The State Department said Friday it is again renewing permission for representatives of 25 American new organizations to travel in Red China if the Communists will let them in.

Department spokesman Lincoln White said current passport validations for this purpose expire Oct. 22. He said the department already has notified the 25 news organizations that the United States is prepared to renew the validation for seven months.

It was the second such renewal. The department on Aug. 22, 1957, in response to repeated demands from American news gathering organizations, decided to amend the passports of representatives of 24 news gathering organizations to permit them to go to Red China if the Communists granted permission. Since then, additions and deductions from the list have left 25 organizations on it.

The Chinese Communists refused to permit the reporters to enter the country because Secretary of State John Foster Dulles declined to accord reciprocal visas to Chinese Reds bearing passports issued by the Peiping regime. The department renewed the American passport validations in March, 1958, for another seven months.

Only one American newsman has succeeded in gaining admittance to Red China. He was a representative of the Newspaper Enterprise Alliance who entered the mainland last summer and is now publishing his reports on the situation there.

AWARD ROAD CONTRACTS

WASHINGTON UPI — Contracts for construction of 360 miles of the federal - state highway system were awarded during September at an estimated cost of 211 million dollars, the Commerce Department said today.

Local 4-H'ers Get Lambs For Grooming

Twenty-nine lambs have been distributed among 4-H'ers in Ouachita Parish for grooming for the Delhi livestock show next February, it was announced yesterday.

The lambs were sold to the members for 25 cents per pound to be "grown-out and fitted" for the livestock show. The animals were of the Hampshire breed, according to E. L. Branch, assistant county agent for the parish.

In other club action, Achievement Day winners and members of Junior 4-H clubs with the most points will leave at 7 a.m. today from the Agriculture Building for a tour of the state fair at Shreveport.

Branch said the tour, sponsored by the Kiwanis Club, would return home at 9 p.m. today.

WINNERS

The winners going to the fair include: Clara Smith, Glenda Deville, Shirley Faye Ross, Barbara Allen, Truman Smith, Evelyn Coker, Jo Ann Miller, Vivian Miller, Margie McMullen, Reecie Futch, Cheryl Lee, Skipper Duffey, Roy Lee Duffey, Rita Duffey, Donna Borsch, Ann Lois Blakeney, Irma Tharp, Jimmy Tharp, Laura Gavoille, Sandra Naron, Angylyn Hart, Martha Arrant, Elaine Arrant, Betty Arrant, Virginia Dupress, Jerry Fletcher, Rebecca Quimby, Susan Landrum, Joe Brown, James Brown, Velma Brown, Joyce Hair, Wayne Dupree and James Holyfield, all from Logtown.

Zella Fae Brown, Brenda Custer, Billy Heath and Stephen Woodward, from the Calhoun Club; and Sue Caples and Carolyn Hollis from the Woodlawn Club.

SECOND DISTRICT WIN

West Monroe Cops 1-AAA Win Over Bastrop, 13-0

BASTROP, La. (Special)—West Monroe's title-hungry Rebels made Bastrop their second district 1-AAA victim, 13-0, here last night sparked by all-state candidate Jerry Stovall.

Halfback Stovall scored both the Rebel touchdowns, going five yards for the first and dashing 58 yards with a Bastrop punt for the other. Johnny Green ran up the middle for the extra point after the second touchdown.

West Monroe scored for the first time in the second quarter on Stovall's 5-yard trip. Stovall's attempted kick for the point after was no good. With the Rebels leading, 6-0, in the third period, Stovall took a punt on his own 42 and, reversing his field in a brilliant sprint, took it back all the way for the night's final touchdown.

Both teams threatened often in the game but Bastrop's never materialized. West Monroe had the edge in statistics, making 11 first downs to Bastrop's 8, gaining 240 yards on the ground to 124 for the local Rams.

Bastrop tried nine passes but connected only three for 70 yards. West Monroe hit on three of five tosses but gained only 29 yards and had one intercepted. Both teams lost two fumbles.

The win was West Monroe's second in district play against no losses and their fourth triumph overall against two losses. The victory left the Rebels as one of the top favorites for the 1-AAA title.

The loss left Bastrop at 3-3 for the year and 0-3 in the district.

THWAITES, STOLHAND

Louisiana Open Lead Deadlocked

FRANKLIN, La. (AP) — Two Louisiana professionals shot three-under-par 67s under a daylong drizzling rain Friday to share a two-stroke lead after the first round of the 1958 Louisiana Open and Louisiana Professional Golfers Organization tournament.

Vernon Thwaites of Covington covered the first nine with a 32 breaking par by three strokes, and came back with a par 35. Jerry Stolhand of Lake Charles broke par on both nines with a 34 going out and a 33 coming in.

Three others beat par over the 6,262-yard Belleview Country Club course to tie for third. They were 1957 PGA champion Lionel Hebert of Lafayette who carded 34-35—69; his brother, Jay Hebert of Lafayette, with 35-34—69; and one of the state's leading amateurs, B. J. Murphy of Shreveport who shot a 33-36—69.

One stroke back with 70s were Ralph Sicks of Lake Charles, Bert Weaver of Beaumont, Tex., and amateur Shirley Picard of Lafayette.

Defending champion Frank Champ of Benton carded two-over-par 72 with his 37-35 to drop into a six-way tie at 10th place.

The field of amateurs will be cut Sunday to the low 15 for the final round.

A pro-amateur event started Thursday to kick off the tournament was completed in the morning after being cut short because of darkness Thursday night. On the team whose low 123 total stood up through the morning were Lee Comeaux of Lafayette and amateurs Reo King and J. E. Terrebsi, both of Shreveport, and Sammie Liles of Lake Charles.

Chuvalo Falls To McMurtry In 10-Rounder

NEW YORK (AP) — Pat McMurtry, staggered in the second round, chopped up young George Chuvalo of Toronto Friday night on the way to a unanimous decision in a blood-spattered 10-round bout at Madison Square Garden. Chuvalo bled from the nose and cuts around both eyes in the lopsided match.

Chuvalo weighed 207½, McMurtry 188¾.

After the second round this was strictly no contest with McMurtry, 26-year-old Tacoma, Wash., boxer, romping home an easy winner. Using a jarring left jab and a right uppercut, Irish Pat took complete control.

Chuvalo, a heavy-legged left hooker, made it interesting for two rounds. A hook to the head staggered McMurtry at the one-minute mark of the first round. Two more hooks thudded home and it seemed for a moment that McMurtry surely must go down. But he shook off the punches while the 21-year-old Canadian gasped for air. This inability to continue his stout attack cost Chuvalo dearly.

At the start of the third, McMurtry, a rangy fellow who has 32 previous pro fights to Chuvalo's 14, found his weapon. It was his left jab that soon had Chuvalo, the slugger, backing up instead of crowding.

Soon Chuvalo was breathing hard with his mouth open, coughing periodically as though the blood from his red nose hindered his breathing.

WINNER MAKES CONNECTIONS — Pat McMurtry of Tacoma, Wash., right, lands a right to the tousled head of George Chuvalo of Toronto, Canada, in fifth round of their 10-round feature bout at Madison Square Garden last night. McMurtry won by a unanimous decision over Chuvalo, the Canadian heavyweight champion. (AP Wirephoto)

Yank Golfers Remain Tied In Japan Open

SAGAMIHARA, Japan (AP)—Two visiting American golfers, Ken Venturi and Jack Burke Jr., remained deadlocked with Torahichi Nakamura, Japan's Canada Cup champion, Friday after three rounds of the Japan Open Golf Championship.

All three shot subpar rounds of 37-36—73 over the 7,225-yard par 37-37—74 Sagimahara Golf Club course in Kanagawa Prefecture. After 54 holes, the trio had totals of 217.

In the first two rounds over the slightly shorter Tokyo Country Club course, Venturi had two par 72s and Burke and Nakamura each 73-71.

The tournament, sponsored by the Yomiuri newspaper chain, carries a top prize of $2,778.

Venturi, a 27-year-old San Francisco pro, played superbly steady golf. He hit 17 straight pars, then got a birdie four on the 18th. Burke had a bogey five on the first hole but made up with a birdie at the second and another at the 12th.

Yusei Shimamura, who tied for the lead in the first round, continued in fourth place with a 54-hole total of 219. Koichi Ono, Nakamura's teammate in Japan's 1957 Canada Cup team victry, shot a 2-under-par 72 Friday and advanced from eighth place to fifth.

In all, 33 professionals are competing in the four day tournament which ends Saturday.

Richmond In Upset Win Over GW By 26-6

WASHINGTON (AP)—Underdog Richmond shredded George Washington's defenses Friday night and barreled through the remnants for a 26-6 football victory, its first of the season.

Flouting the odds which made GW a one-touchdown favorite, Richmond scored once by air and twice by ground in the first half and with such a comfortable lead suffered none as its own attack dragged later on.

The Spiders demonstrated their split-T offense but gained most of their yardage with more conventional tactics and on George Washington errors.

TIGERS DOWN HAYNESVILLE

JONESBORO (Special) — Jonesboro-Hodge's Tigers took the sail out of the Golden Tornado of Haynesville here last night, held the visitors to two first downs and romped to a 13-0 conference victory.

The Tigers scored in the first and third periods, following a sustained drive and a recovered fumble.

Halfbacks Donnie Brunson and Morris Douglas scored for the Tigers while fullback Ronnie Carson was turning in a fine night of running.

It was Jonesboro's fifth victory of the season against two defeats and their first win in 2-AA play against a lone setback.

The Tigers scored their first touchdown late in the first quarter after Carson sparked their offense, pushing a sustained drive to the one. Brunson carried it over and Douglas ran the point.

Then the Tigers came back in the third period to recover a Haynesville fumble on the Tornado 40 and marched downfield until Douglas broke loose for an 18-yard touchdown trot.

Quarterback Johnny Garrett attempted to pass for the extra point, but threw incomplete.

Haynesville never threatened and made only one bonafied first down, the second coming as the result of a penalty. Jonesboro-Hodge rolled up 11 first downs.

PLAIN DEALING WINS

ARCADIA (Special) — The Plain Dealing Lions put up a goal line stand in the first quarter and bounced back to trounce Arcadia's Hornets 32-0 here last night.

Both teams went scoreless in the first period but it was the Lions all the way after left end Ed Brando took a pass and went 30 yards for pay dirt in the second quarter. The Lions lost a try for the PAT.

The half ended 6-0, Plain Dealing.

Lion right-half B. Malone kept things alive in the third period when he scampered 20 yards around right end for a TD. Quarterback A. Coleman went over for the point on a sneak.

Coleman opened up in the last period when he carried 21 yards around end for a TD but then lost the PAT attempt.

D. Matlock, Lion LH found a hole around right end again and took the ball for 28 yards. Substitute L. D. Malone carried over for the PAT.

While the Arcadia homecoming crowd watched, the Lions came back again in the last stanza to bring the score to 32-0.

Tht victory gave the Lions a season 4-3 record with a 4-1 in district 1-B.

It was the third district loss for Arcadia and their sixth straight loss for the season.

WISNER WINS

NEWELLTON, La. (Special) — Wisner rolled over winless Newellton, 18-0, here last night for its second 3-B victory of the year and fourth overall.

Although bested in the first down department, 9 to 8, Wisner put the game under control in the second quarter with two touchdowns. Fullback Joe Blair went 11 yards for the first one and then tossed to Bobby Howington on a 60-yard play for another.

Quarterback Phillip Dampier sprinted 50 yards for the final touchdown of the night in the third quarter.

BEARS BEAT COLUMBIA

JONESVILLE, La. (Special) — The Block High School Bears of Jonesville, behind the two touchdown effort of halfback David Wiley, rolled over Columbia's Crimson Tide, 28-6, here last night.

Bear halfback Tommy White got the Block eleven off to a quick lead with a first quarter touchdown run. Columbia's Butch Darden came back with a tally for the Tide to make the score 7-6.

Then Wiley and Doyle Sikes chipped in second period scores to give Block their commanding lead. Wiley wound up the scoring with a last quarter marker. Billy Edwards booted all four conversions for Block.

DRAGONS RAGE

MANGHAM (Special) — Mangham's Purple Dragons came roaring off a three-game losing streak to haunt the Start Owls here last night for a rousing 53-0 2-B triumph.

Scoring in all four quarters, the Dragons dominated the game from start to finish behind a hard-hitting forward wall and a group of backs who ran as if they were happy to be winning.

Halfbacks Dennis Evans and Donald Adams and quarterback Noble Ellington scored two touchdowns each while halfback Charles Ola Jones and back Glyn Stamper were hitting the end zone for a score.

Jones opened the Mangham assault in the opening period with a 13-yard touchdown run and Tommy Hendrix, who was to convert five times before the night was gone, kicked good.

Evans skipped around right end for about 15 yards and the touchdown in the second period and Ellington on a keeper scored not too long afterwards.

Then the little quarterback came back in the third period to go 44 yards for the touchdown. Adams ran 35 yards for another score in the same period.

Mangham ran in the second string in the fourth quarter, but the touchdown parade continued.

Adams hit Stamper on a 20-yard pass play that spelled six points and then intercepted a Start pass and scampered 52 yards to score again himself.

Evans ended the slaughter with a 14-yard touchdown run late in the period. It was Mangham's fourth win against three defeats. Start has lost six straight.

DELHI BEATS RAYVILLE

RAYVILLE (Special) — Delhi turned back a swarming band of Rayville Hornets to stay alive in the 2-A district race here last night, turning in a three-touchdown third quarter for a 26-19 victory.

The Bears came from behind twice for their sixth win of the season as the Hornets were able to move against Delhi better than any club this year.

Delhi has a lone setback, that coming at the hands of the powerful Tallulah Trojans, 6-0. No other club, except Rayville, has been able to score against the Bears.

Halfback Paul Hunter, a 132-pound streak of speed, scored twice for the Hornets, opening the scoring in the first quarter with a 35-yard dash and closing it in the finale on a 65-yard thriller.

Trailing 6-0, the Bears came back in the first period with Leo Coleman going 25 yards and Charles Hixon converting.

But Rayville returned in the second period, marched downfield for 60 yards and then quarterback Stewart Dyer sneaking into the end zone from the three. Billy Miler kicked good and the Hornets led at halftime, 13-7.

Then came the fatal third period. The Bears got off a sustained drive and quarterback Charles Simmons scored from the six. Minutes later the Bears were calling again and this time halfback Ken Newton plunged over from the three. Hixon converted.

A third sustained drive, this one carrying for 80 yards, in the third period sent the Bears to the one-foot line from where Simmons hit paydirt again.

Hunter's big run of the night came after Rayville was already defeated. He took a pitchout and raced the distance for the score. It was the Hornets' third defeat against the same number of wins.

BERNICE UPSET

COTTON VALLEY (Special) — Cotton Valley scored in the first, second and fourth periods here last night to upset Bernice in a 1-B district game, 27-0. It was the first loss of the year for Bernice.

Booker scored two touchdowns for Cotton Valley, one in the first and the second in the final. Carrol Flack passed to Bowell for Cotton Valley's second period score.

Mason ran the victors' final touchdown in the fourth period and Ratchell kicked three extra points.

MANSFIELD WINS

MANSFIELD, La. (Special) — Carl Hemphill pushed over two touchdowns to lead Mansfield to a 26-14 victory over LaSalle High School in a class 1-A conference scrap.

Hemphill crashed over from the five yard line in the initial period and converted to give Mansfield a temporary 7-0 lead. LaSalle's Don Long came storming back with a 12-yard scoring dash in the second quarter and Jerry Ingram's conversion made the score 7-7 at halftime.

On the first play from scrimmage in the third quarter Hemphill broke loose for a 62-yard scamper to paydirt. LaSalle tackle Jack Womack blocked his attempted conversion.

LaSalle scored their last marker on a 70 yard pass from quarterback Ingram to right end M.C. Richardson. Ingram kicked the point.

Mansfield's all-state tackle Alex Monsour got into the scoring column when he blocked a quick kick attempt by Bob Allbritton. Monsour then fell on the pigskin in the end zone for the score.

Gary Moore's last quarter pass to Scotty Brown from 12 yards out made the score 26-14. Womack again blocked the extra point try by Hemphill.

LaSalle's Allbritton was the defensive standout of the contest.

SICILY ISLAND, 27-6

SICILY ISLAND (Special)—The Sicily Island Tigers pleased a homecoming crowd and took their first District 3-B game by dropping the St. Joseph Davidson Warriors 27-6 here last night.

It was the Tigers all the way.

Tiger left-half Harold Watson got it started in the first quarter when he dashed six yards around right end to score. The try for the point after was no good.

Right half Charles Miller tossed 19 yards in the end zone to William Patton, left end. The same two Tigers took to the air for the point.

The second period was scoreless for both teams and the half ended 13-0, Sicily Island.

In the third period Miller and Patton were back in the air and again Patton took a 20 yard shot in the end-zone for a TD. And it was another Miller to Patton pass that scored the point after.

The Warriors still hadn't scored in the fourth period when freshman Tiger Johnny Young came into the game and raced 60 yards for the last Sicily Island score. Miller took the ball over for the point.

Tiger substitutions came thick and fast in the last quarter and Warrior right-half Stockstill pushed his team away from a white-washing when he went over from the 10. The point was no good.

The District 3-B clash was the Tigers' first conference win against none for Davidson.

TALLULAH, 25-7

LAKE PROVIDENCE (Special) —Dangerous Dan Neumann, back in his old touchdown style, scored two Tallulah touchdowns and passed for another to sink the Lake Providence Panthers here last night, 25-7.

Neumann, a highly sought-after college prospect, passed to end Wesley Pippin in the second period and later scored in the second and fourth periods after the Trojans had taken the lead.

A tricky reverse in the first quarter sent Tallulah ahead when Wayne Noland handed off to Gerald Collins, who went 75 yards for the touchdown. The kick failed.

Neumann sparked a Tallulah drive to the Lake Providence 24 in the second period prior to his touchdown pass to Pippin.

Jerry Fairbanks kicked the extra point following Neumann's third period scoring dash. Collins set up the Trojans' last score and Neumann carried it across from the six.

The Panthers' lone touchdown came in the third period when halfback Gene Edmondson got off a 21-yard run to the Tallulah five with Purvis Thomas carrying to within inches of the touchdown. He pilved over on the next play and Billy Regenold converted.

Neumann has been on the injured list most of the season, but came back last week for his first full game. Lake Providence fullback Bill Richardson sustained an injured shoulder in the hard-fought fray.

VIDALIA IN UPSET

WOODVILLE, Miss. (Special)—Vidalia handed Woodville, Miss., its first loss of the season here last night in an upset, 27-19.

The Louisiana team scored first on a 75-yard spring by quarterback Jimmy Trindle and Luther Andrews added the extra point. Woodville came back with Sessions going 10 yards for a touchdown and getting the extra points to tie it up at 7-all. Bill McDonough gave Vidalia a 14-7 halftime lead with a 6-yard scoring rush and Andrews again added the extra point.

Woodville tightened it up in the third period when Sessions scored again from two yards out but the extra point was no good and Vidalia still led, 14-13. McDonough upped the Vidalia lead with a 24 yard run and Trindle added the extra point.

Reeves scored for Woodville on a 45-yard pass play before Andrews finished off the Vidalia scoring with a three-yard run.

Vidalia had the edge in first downs, 11 to 5, over their strong Mississippi foe and outrushed the hosts, 285 yards to 180.

FERRIDAY TRIUMPHS

OAK GROVE (Special) — Ferriday used manpower and a 225-pound fullback named James Poole to outgun Oak Grove's game Tigers here last night, 26-7.

Poole scored three touchdowns, two in the opening period and one in the finale on a 35-yard kickoff runback.

He went 35 5yards for the first touchdown on an end sweep and then plunged over from the three following a sustained drive, both in the first quarter. He ran both extra points.

With the Bulldogs leading 14-0 at halftime, an Oak Grove pass skipped off the fingers of Tom Sawyer and was grabbed by halfback Freddie Morris who raced 70 yards for the third Bulldog touchdown.

The Bulldogs came back to grind out a 70-yard drive with Bill Bolding going in from the one. Swayer swept end for the extra point.

But the Tigers were penalized on the touchdown run and were sent back to the 25 to kickoff. Poole, a converted tackle, moved up to that position to take the kickoff.

He hauled it in and then outraced the Tigers for his third score of the evening.

Oak Grove lost five fumbles to Ferriday, but turned in a brave but futile effort to turn back the Bulldogs.

3rd Hole-In-One

LAS VEGAS, Nev. (AP)—Amateur golfer Jimmy Tessmer shot a hole-in-one Friday.

He did the same thing Thursday—on the same hole.

If he can do it again Saturday he'll get $10,000.

Desert Inn owner Wilbur Clark said he'll give Tessmer $10,000 if he can score another hole-in-one on the same hole Saturday.

IN 1-AAA TILT

Fair Park Dumps Ouachita, 20-7

SHREVEPORT, La. (Special) — Halfback Paul Lebenne scored two touchdowns and set up another to pace the Fair Park Indians to a 20-7 victory over the Ouachita Lions in a District 1-AAA conference battle here last night.

The game was very much in doubt for the first 24 minutes as both teams appeared to have left their offense at home and were deadlocked 0-0 at halftime.

With three and a half minutes gone in the third period Lebenne took a Lion punt on his own 25 yard line, faked a hand-off to Tommy Eisenhauer, and raced straight up field behind fine blocking for a 75 yard touchdown gallop.

Midway in the fourth quarter Lebenne's running led the Indians to a score. He broke loose on runs of 22 and 7 yards to put the ball on the Ouachita one. Fullback Bob McGlothlin plunged over for the tally.

Late in the quarter it was Lebenne again for a score. Quarterback Danny Fairley tossed a 20 yard aerial which Lebenne grabbed and stepped into the end zone.

McGlothlin booted two Indian conversions in three attempts.

The Ouachita offensive finally began to click late in the game and with fifteen seconds remaining, quarterback Rex Carter capped a 66-yard drive with a 3-yard turn around end for a touchdown. Carter passed to end Johnny Roach for the extra point.

The victory gave the Indians a season's record of four wins and three losses and a 2-0 conference slate. The Lions stand 3-4 for the season and 1-1 in district competition.

HOWARD GOES 54

Neville Tumbles North Caddo, 20-7

VIVIAN, La. (Special) — Gene Howard went 54 yards in the last four minutes to break a 7-7 tie and Neville went on to a 20-7 victory over North Caddo here last night in a meeting between two class AA teams.

Howard's dash avoided what looked like an upset tie. Neville, already the district 2-AA king, had been heavily favored. The win left Neville with a 4-2 mark for the year while North Caddo is left with a 1-6 record.

Joe Turner kicked the extra point after the Howard touchdown for a 14-7 Neville lead and the Monroe Tigers came back with another score in the waning moments when halfback Joe Cage went five yards.

Neville scored first in the game when quarterback Joe Turner ran 10 yards for a touchdown in the second quarter. Cage kicked the extra point. North Caddo tied it up just before the halftime gun sounded when quarterback Larry McCord went 14 yards. Teakus Weaver kicked the point-after-touchdown for a 7-7 deadlock at the half.

Quinn Denies Conley Okay For Cage Play

MILWAUKEE (AP) — Pitcher Gene Conley's plans to play professional basketball during the off season were jolted Friday by General Manager John Quinn of the Milwaukee Braves who said the club would not permit it.

"He hasn't asked permission," Quinn said, "and I would not give him permissin if he asked."

Conley left Milwaukee Monday to try out with the Boston Celtics of the National Basketball Assn. Quinn said this was contrary to the Braves' wishes, and in violation of the standard player contract which forbids participation in any other sport.

"I don't believe baseball and basketball mix," said Quinn. "I don't like to see players in whom we have investments take part in anything where there is risk of injury. He might throw his arm out, or break a leg, or anything."

At Pittsfield, Mass., where the Celtics played an exhibition game Thursday night, Conley said that he didn't anticipate any difficulty with the front office. He said he agreed with Quinn that baseball and basketball do not mix but added "I just want to play basketball this winter. Considering how little I pitched this summer I think it's the best thing for me. Anyway, I haven't even made the Celtics yet."

The 6-foot-8 inch right-hander will be 28 years old Nov. 10. He played 39 games with the Celtics in the 1952-53 season. He quit the following fall.

Albie Pearson of the Senators, Roman Mejias of the Pirates and Willie Tasby of the Orioles will play with the Havana Reds in the Cuban Winter League.

Date Of Golden Gate Tourney Switched Again

SAN FRANCISCO (AP)—Sponsors of the $45,000 Golden Gate Championship Golf Tournament announced Friday they have switched their original dates so not to interfere with the traditional California State amateur events.

Originally planned for Sept. 14-20, the Open was set up a week to have dates of Sept. 21-27.

The Golden Gate championship will be a 72-hole medal event with $40,000 in prize money for professionals with the other $5,000, to the leaders in the pro-sponsored event which precedes.

Harvard is playing its 85th season of football.

Cowboys, Indians Battle Tonight At Lake Charles

Northeast and McNeese play their annual game of Cowboys and Indians tonight at Lake Charles and, horse opera scripts and past history to the contrary, the Redskins have a chance in this one.

The only unbeaten team in the Gulf States Conference with a 4-0 mark, Jack Rowan's Northeast Tribe can be school's first grid team to beat McNeese on the field in an 8-year rivalry. The Cowboys have won seven times but an ineligible player in 1956 cost them a 12-0 victory that went on the books as a 1-0 Northeast triumph.

With football fervor at a high pitch at Northeast, a train load of Indian fans will make the trip to Lake Charles for the 8 p.m. clash at Wildcat Stadium.

Winner over Southwestern in their only GSC start, Northeast will be meeting a team that began the season as one of the favorites in the conference but has disappointed with losses to Sam Houston and Louisiana Tech. The Cowpokes opened with a 21-0 win over Southwest Texas, lost to Sam Houston, 12-6, bested Northwestern, 25-8, fell to Tech 17-0, and edged Louisiana College, 7-0.

Usually a high-scoring outfit, McNeese has sputtered offensively this year, especially in the aerial department. The Cowboys have thrown only 18 times and have connected on only three.

On their fastest getaway from the gate in history, Northeast will rely on the passing of Everett Reynolds and Bob Randel and the running of Robert McGough, Jim Laudadio, Smokey Stover and Lloyd Ray Smith. Smith, dropped to the second unit the past week, is the leading Indian rusher with 260 yards while McGough has 191 yards.

Ends Joe Driskill and Jim Knox spearhead Northeast's defensive front along with tackles Luther French and Jim Brent, guards Fred Feeney and Roy Cagle, recently promoted to the first team, and center Buck Anderson.

Quarterback Sammy Stribling, the Cowpokes' leading scorer with 18 points gained on the ground, will direct the McNeese attack.

Leading McNeese defensively, Wilbert Zimmerman, left linebacker has made 37 individual tackles and is a key man in the line.

Top ball-packers for the Cowboys are Fullback Bobby Magee who has carried the ball 54 times netting 266 yards and a 5.0 average; Harold Thomas has carried the pigskin 24 times for 109 yards and a 4.5 average. He has taken over for Magee in the last few games.

Two hometown boys from Jeannette, Pa. will forget they are buddies for 60 minutes when they meet each on the gridiron. Right halfbacks Jim Laudadio of Northeast, the GSC's leading scorer, and Frank Gounder of the Cowboys will each be seeking to add to his laurels at the other's expense. The two often ride home together during vacation periods.

The Indians will enter the ball game without any hampering injuries after an extra week of preparation from an open date on October 11.

"The spirit is higher this week than it has been at anytime this year," Rowan said of his workouts, adding, 'the boys have really been hustling through their drills."

Probable starting lineups:

Northeast	
Jim Knox (220)	LE
Luther French (205)	LT
Alfred Fenney (200)	LG
Sidney Anderson (195)	C
Roy Cagle (205)	RG
James Brent (205)	RT
Joe Driskill (185)	RE
Everett Reynolds (175)	QB
Robert McGough (170)	LH
Jim Laudadio (165)	RH
Lloyd Smith (210)	FB
McNeese	
Bennie Hawkins (188)	LE
Don Cole (205)	LT
Lenny Kahn (200)	LG
Wilbert Zimmerman (185)	C
Johnny Fuller (220)	RG
Coy Scott (240)	RT
Ed Garris (215)	RE
Sammy Stribling (175)	QB
Dick Harris (170)	LH
Olen Clark (172)	RH
Bobby Magee (205) or Harold Thomas (198)	FB

CROSS COUNTRY

Between the halves of the Northeast - McNeese football game tonight, the schools' cross country teams will continue a budding rivalry. McNeese edged Lew Hartzog's Northeast thinclads week before last when Indian runner Buddy McCullen corrected an official's error after Northeast had been declared the winner.

IN OYSTER BOWL

Green Wave Set To Battle Navy

NEW ORLEANS (Special) —The Tulane Green Wave, a young improving grid team that has come close but failed to win in three out of four of its starts to date, goes after another big foe this week end meeting Navy in the Oyster Bowl at Norfolk, Va.

A sellout crowd of 30,000 will be on hand for the contest sponsored by Norfolk Shriners. It will be the fourth meeting between the teams, with Tulane taking a record of two victories and one tie into this week's game. Tulane won 21-6 when the teams met last here in 1956. The 1950 game was also won by Tulane at Baltimore, 27-0, and the other game, played in 1949, ended in a 21-21 tie.

Coach Andy Pilney will send the same starting lineup out against the Middies that faced Ole Miss here Saturday night. That eleven had four sophomores sprinkled in among three seniors and four junior lettermen.

The Sophs are left end Phil Heffington, left guard Sprio Cosse, left halfback Percy Colon and fullback Tom McClellan. All have turned in good performances in previous starting assignments. Cosse made his first appearance in a Tulane game when he drew a starting role last week against Ole Miss. Switched from center to guard to play the middle linebacking post he was one of the defensive leaders in that game.

Other starters against Navy will be Leo Young, a junior right end, who is the Wave's leading receiver with 12 catches; Don Lockwood, a senior at left tackle; Dan Egan, another senior at right tackle; junior Neal Jones at center and junior Bill Clements at right guard complete the line. In the first backfield with Colon and McClellan will be junior quarterback Richie Petitbon who has completed 29 of 51 passes for 252 yards and one TD and senior Claude (Boo) Mason at right halfback.

The Greenies will travel by chartered aircraft Friday morning with a 3 p.m. arrival in Norfolk permitting a light workout. The team will return to New Orleans Saturday night.

TONIGHT

Demons Vs. Tech In Fair Contest

RUSTON, La. (Special) — Louisiana Tech and Northwestern State College clash in their annual state fair game in Shreveport Saturday night, with the Demons fighting for life in the Gulf States conference race.

A win for Northwestern State would jumble up the GSC standings, but a Tech victory would give the Ruston eleven a good shot at the GSC title.

Tech is 2-0 in the conference, while NSC has lost its only loop tilt to McNeese 25-8. Tech beat the Lake Charles team 17-0 and then trimmed SLI 33-0 last Saturday.

The Bulldogs have looked impressive both offensively and defensively in rolling to three straight victories after losing the opener to Mississippi Southern 14-0.

Northwestern has had trouble getting started, losing also to Louisiana College 13-12 and beating East Central Oklahoma 36-0 in its first game.

The Demons have a good passer in Dale Hoffpauir and a power runner in Charles Tolar, junior fullback. A covey of backfield men have been doing the damage for Tech, mixed with the accurate passing of Quarterbacks Jim McCabe and Jim Orton.

The Techmen will motor to Shreveport Saturday. Activities in Shreveport include a downtown parade at 2:30 p.m., as well as a coffee for Tech alumni and friends from 2:30 to 5 p.m., in the Garden room of the Captain Shreve hotel.

Tech coaches cut out contact work early this week to give some of the players a chance to recuperate from injuries.

Aussie Star Says US Will Win Doubles

BRISBANE (AP) — Australian Davis Cup star Mal Anderson predicted Friday upon his return from an overseas tennis tour that the United States would defeat Australia in the doubles of the Cup challenge round in Brisbane Dec. 29-31.

"That means it will be touch and go for us to keep the Cup," he told interviewers.

Australian selectors have paired Anderson with Rod Laver for the Queensland State Doubles starting Oct. 22 in a trial for a possible Davis Cup combination.

Anderson also said he would be in the market to join Jack Kramer's pro troupe after another year as an amateur.

Ham Richardson of Arlington, Va., and Alex Olmedo, Peruvian who has been a student at Southern California for the past five years, won the U.S. doubles title last August. Both have been named to the American Davis Cup team.

Marion Sweeps Two Cage Tilts

MARION, La. (Special) — Maond games of the season here last ond games of the season here last night with a twin bill sweep over Downsville, the girls winning, 66-30, and the boys winning, 74-44.

Betty Pilgreen got 22 for Marion and Sue Graves had 20. Lockwood got 12 for the losers. Bobby Andrews scored 40 for Marion in the boys clash and Vick Antley scored 12 to lead the losers.

Ballymoss Will Start At Laurel

NEW YORK (AP) — Irish-bred Ballymoss, generally rated the best race horse in Europe, Thursday was announced as a definite starter in the $100,000 Washington, D.C. International at Laurel, Md., Nov. 11.

Ballymoss, owned by John McShain of Philadelphia, was entered in the rich 1½-mile grass race last year but was forced to withdraw because of illness.

In a telegram to John Shapiro, head of Laurel, McShain said he was glad to accept an invitation to run his horse in the race.

AMONG TWO - YEAR - OLDS

Top Filly May Be Named Today

By THE ASSOCIATED PRESS

The 2-year-old filly title for 1958 could be settled Saturday in the $50,000-added Gardenia Stakes at Garden State Park, while Clem tackles a formidable field in the $75,000-added Jockey Club Gold Cup at Belmont Park.

Reginald N. Webster's Quill, probably the East's top juvenile filly, and William N. Modglin's California invader, Khalita, could turn the mile and one sixteenth Gardenia into an intersectional duel. Khalita has won 7-for-8, while Quill has won 4 of 6 starts.

The 2-mile Gold Cup is one of America's toughest races, and Mrs. Adele L. Rand's Clem must tackle a pair of hard hitting 3-year-olds as well as some older horses with proven distance ability.

Mabel C. Scholtz' Warhead and George Lewis' Martins Rullah are the 3-year-olds, and both carry 119 pounds. Clem, a 4-year-old, has 124. He lost to Warhead in the mile and one half Manhattan Handicap Oct. 8. Martins Rullah upset Warhead in the Lawrence Realization Oct. 1.

Three-year-olds have won the Gold Cup every year since 1947 with one exception. Nashua won it as a 3-year-old in 1955, and repeated in 1956.

The Gold Cup will gross $84,950, with the winner netting $54,367.50. It will be televised by CBS from 3:30-4 p.m., EST. Belmont also has the $20,000 Vosburgh Handicap, 7 furlongs. Cohoes (126) is topweight of 11 entered.

C. T. Chenery's Rich Tradition, who beat Quill in the Spinaway and Schuylerville Stakes at Saratoga, is another threat in the Gardenia, along with Indian MAAID, Mrs. Mary Keim's Hawthorne Juvenile Stakes winner. Quill won the matron in her last start, and Khalita the Demoiselle, both at Belmont.

The Gardenia will gross $135,960 with $81,576 to the winner.

Garden State also programmed two trial races for the big one next Saturday, the $250,000-plus Garden State Stakes. Restless Wind and Winsome Winner are in the fifth race, and First Landing and Crafty Skipper in the sixth. Both are $10,000 events at a mile and one sixteenth.

Keeneland, Suffolk Downs, Bay Meadows and Toronto's new Woodbine all have stakes for 2-year-olds.

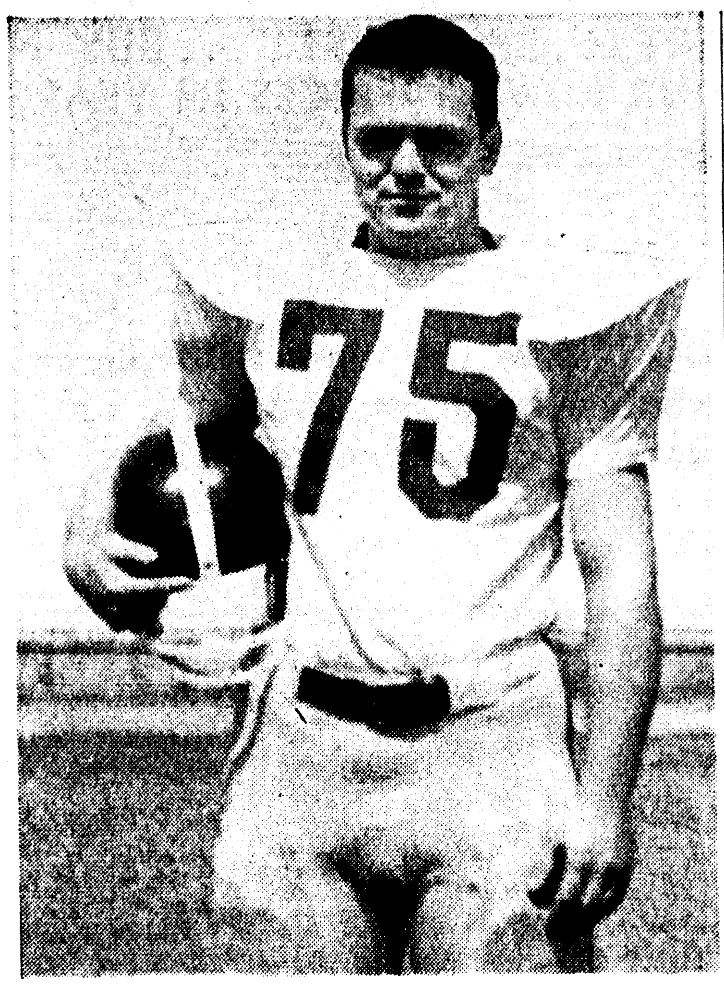
Ten were entered for the $25,000-added Breeders Futurity, a 7-furlong race at Keeneland. Namon, Scotland, Pilot and John Bruce are top contenders.

Suffolk Downs has the $25,000 Mayflower Stake at a mile and 70 yards. Atoll, winner of the Myles Standish last week by 7 lengths, is the probable favorite in a field of 15.

A dozen were entered for the $20,000 Children's Hospital Handicap at Bay Meadows. Bagdad, winner of the recent San Mateo Handicap, is the expected favorite. A victory for Atoll and Bagdad will earn them berths in the Garden State Stakes.

Fourteen juveniles were entered for the $28,355 Coronation Stakes, a mile and one sixteenth, at new Woodbine. They included Sunday Sail and Wonder Where, the latter rated the best juvenile in Canada until she was injured last summer.

The Mrs. George C. White entry of War Trouble and Even Stroke is the probable favorite in the Snarno Handicap at Sportsman's Park. Eleven entered the 6½ furlong race.



TOUGH TACKLE — One of the strong points of the Northeast State Indians' forward wall is at the tackle post of senior Jim Brent. A two-year letterman at the college, he has been outstanding at offense and defense. One of the eight married team members, Brent may be exercising by walking the floor at night as well as in daily workouts at Brown Field. He has a son, James Brent III, born October 6. Brent, 23, stands 6' 1" and weighs 205.

Winless Hogs Face Texans As Underdogs

AUSTIN, Tex. (AP) —Undefeated Texas and winless Arkansas meet here Saturday night in a Southwest Conference clash before an expected crowd of 45,000.

The two - touchdown favored Longhorns will be shooting for a fifth straight season victory although it will be their conference debut. Arkansas has taken three Conference lickings and an intersectional loss to Tulsa.

Arkansas has no major injuries and end Richard Schulte of Texas is the only player likely to miss action. Texas fullback Mike Dowdle also has been bothered with knee and wrist hurts.

Class A Loop Drops 2 Clubs, Increases Gate

KNOXVILLE, Tenn. (AP) — The Class A South Atlantic League was 3,397 fans more popular and $12,280 richer during 1958 with six clubs than it was in 1957 with eight.

The figures were released Friday by John Duncan, president of the Knoxville baseball club and league vice president. They are included in a financial statement to be presented Sunday at a meeting of league directors here.

DEFENSE TO SPARE

Georgia Tech-Auburn Tilt Heads Today's Grid Slate

By JACK CLARY
Associated Press Sports Writer

The immovable object collides with one nearly as stubborn Saturday in Atlanta under the guise of Auburn vs. Georgia Tech. It matches the nation's No. 1 defensive team against the No. 4 defensive outfit.

This tops a college football schedule that will feature some dandy defensive battles and a few ready-made affairs pitting a top defensive outfit against a top offensive club. The potential of a card like this is spelled U-P-S-E-T.

Auburn, rated No. 2 in the current Associated Press poll, is a five point favorite over the surging Yellow Jackets. Auburn's defensive credentials also include: No. 2 in passing defense and not having allowed a touchdown on the ground since its final game in 1956.

Georgia Tech, with a 3-1 record, will also try to snap the Tigers' 16-game winning streak in this important Southeastern Conference battle.

Army, the No. 1 team, plays host to Virginia, under a former Army line coach, Dick Voris. The Cadets, off their 14-2 upset triumph over Notre Dame last week, are second in total offense, third in passing offense, ninth in total defense, and third in pass defense.

To match this, Virginia (1-3) will have to play without its ace passer and quarterback Reece Whitley, out with an injury.

The Midwest features a trio of explosive games that will tempt the most discriminating football pallet. Third-ranked Ohio State meets upstart Indiana in a game that caused Buckeyes' Coach Woody Hayes to work his charges harder than ever this past week

Wisconsin (No. 4), 3-0, battles Iowa (No. 13) in the Big Ten's top game of the day, and a regionally televised affair. Iowa, which must play without fullback John Nocera, brings an offense rated No. 5, with its rushing attack rated No. 7.

Fifth - ranked Michigan State (2-0-1) meets Purdue (2-1) in another defensive struggle. The Spartans are seventh defensively while Purdue is fifth.

Navy (No.6) plays Tulane in the season's first bowl game — the Oyster Bowl, at Norfolk, Virginia. The Middies are 3-0, the Green Wave 0-4 in what looms as a battle between Navy quarterback Joe Tranchini and Tulane passer Richie Pettibon.

The giant killer of the year—Texas, off its 15-14 upset of Oklahome last week — puts its 4-0 record against Southwest Conference for Arkansas, 0-4, another would-be spoiler. Texas is No. 7 nationally.

Mississippi, eighth-ranked and No. 3 defensively, plays dangerous Hardin - Simmons, the Sammy Baugh-coached outfit that ranks second in passing. Louisiana State (No. 9) puts its 4-0 record against a Kentucky (2-2) team that has yet to go down without a bitter fight while tenth-ranked Clemson (4-0) plays South Carolina (2-2). The Tigers are seventh in total offense, third in rushing.

The former giants of last week's top ten are in the second ten waiting to jump back up. Oklahoma (No. 11) goes after its 61st Big Eight game without defeat, meeting Kansas (1-3) in a game regionally televised.

Notre Dame (No. 12) faces Duke (2-2) who left "Lonesome end" Dave Sime, its world champion sprinter, home because of class schedules. Fourteenth-ranked Oregon, (2-1) faces Washington State, whose ace passer Bob Newman is a doubtful starter because of injury. Oregon has given only one TD—to Oklahoma, losing 6-0—and is No. 7 in total defense, No. 5 in pass defense and No. 8 in total offense.

Houston (No. 15), a surprise with its 3-0 record, plays Oklahoma State. Houston is ranked No. 6 in total offense, the same in pass offense and fourth in rushing defense. Southern Methodist (1-2) puts its 16th ranking against Rice in a Southwest Conference game and hopes to have passer Don Meredith in top shape.

Rounding out the second ten, Northwestern (No. 17) puts its 3-0 record against 19th-ranked Michigan (1-1-1), Florida (No. 18) meets Vanderbilt and Texas Christian (No. 20) plays Texas A and M.

Elsewhere, the East television game is Penn State at Boston University, while Pitt and West Virginia clash in their big affair and Nebraska-Syracuse and Wake Forest-Villanova are top intersectional clashes.

Maryland plays North Carolina, with pupil Tomy Mont meeting Tar Heel Coach and former teacher Jim Tatum in an Atlantic Coast Conference tilt. Alabama and Tennessee meet in a Southeastern Conference game.

Baylor-Texas Tech highlights the remaining Southwest activity, with California-Southern California, Oregon State-Idaho and UCLA-Washington putting on some real fireworks on the Pacific Coast. The UCLA game is the regionally televised game on the coast.

Ailing Passer Carries Tech Upset Hopes

ATLANTA (AP)—A heavy burden will rest on the shoulders of ailing Fred Braselton in the Georgia Tech-Auburn football fray Saturday.

Tech's Engineers would like to snap Auburn's straight wins at 17 and further lower the Plainsmen in national standing. But they are not optimistic at the chance of scoring overland—something that no one has been able to do since 1956.

That leaves the aerial route as the most likely course to victory and junior quarterback Braselton is the most effective pitcher in the Engineer line-up.

He has a badly turned ankle, so painful that as late as Thursday he could not run signals. But so much is at stake that he will play Saturday, although he'll have to have more relief than usual from Walter Howard and others.

Auburn, rated No. 1 nationally last year and now No. 2 is a six-point pre-game favorite. But that doesn't mean too much in the ancient rivalry, going back to 1892.

The Plainsmen last year were able to eke out only a 3-0 win and the Engineers feel they are much stronger now than then. They are lifted up considerably by a 21-7 triumph over Tennessee after a loss to Kentucky and indifferent wins over Florida State and Tulane.

The Plainsmen downed Kentucky 8-0 whereas the Engineers bowed to the Wildcats 13-0. Auburn skunked Tennessee 13-0 and beat Chattanooga 30-8 in other games this season.

Tech must keep a keen aerial alert tomorrow on both offense and defense. Senior Auburn quarterback Lloyd Nix is rated among the keenest passers in the business. Between him and Tommy Lorino the Auburn break - away specialist, there won't be any chance to relax.

Kickoff time is 2 p.m. EST.

AT BATON ROUGE

Tigers, Wildcats Tangle Tonight

BATON ROUGE (Special) — Louisiana State's up-and-coming Tigers encounter Kentucky, twice-beaten but a tough obstacle, here Saturday night in a Southeastern Conference game vital to both teams.

A crowd of more than 60,000 is expected to be on hand for the 8 p.m. (CST) kickoff in Tiger Stadium, as LSU returns to home grounds to renew conference rivalry.

The Bayou Bengals go into battle undefeated, and riding a five game winning streak which includes the 1957 victory over Tulane. Kentucky will be trying to bounce back into the win column after suffering losses to SEC giants, Auburn and Ole Miss.

Lightly regarded before the season, both teams have started well this fall. Kentucky won its first two games, beating Hawaii, 51-0, and Georgia Tech, 13-0. LSU has defeated Rice, 20-6, Alabama, 13-3, Hardin-Simmons, 20-6, and Miami, 41-0, to gain a ninth place national rankig.

The rugged Kentuckians could put an end to Tiger joy Saturday, however. Kentucky leads the conference in offense with an average of 311.3 yards per game. And the big Wildcat line, which forced mighty Auburn to go to the air lanes for a fourth period victory last week, will outweigh the Bengal forwards 11-pounds per man.

LSU's quick, deceptive winged-T attack, featuring halfbacks Billy Cannon, Johnny Robinson, Don Purvis, fullbacks Tommy Davis, J. W. Brodax, and quarterback Warren Rabb, has yet to be stopped. The talented Tiger ball carriers have sped the team rushing total to the conference leadership.

Kentucky, SEC leader in total offense, will turn to star quarterback Lowell Hughes, and all-conference candidate Bobby Cravens at right halfback, to challenge the Tigers Saturday. Cravens is No. 3 in league rushing behind Cannon. Hughes is the top passer in the conference with 25 completions for 340 yards and two touchdowns. His favorite receiver is sophomore left halfback Calvin Bird, the No. 1 pass catcher in the SEC with 14 receptions for 197 yards, and two touchdowns.

Saturday's game will be the ninth in the series between the two universities. Kentucky holds a 4-3-1 advantage, but LSU has won two out of the last three.

Coach Dietzel's first LSU team upset Kentucky, 19-7, in 1955, and last year LSU beat the Wildcats, 21-0. The 'Cats won in 1956, 14-0.

Turley Expects Indians To Give Yanks Trouble

SPRINGFIELD, Mass. (AP) — World Series hero Bob Turley said Friday night he thought the Cleveland Indians would give the champion New York Yankees the most trouble in 1959.

Turley, in Springfield for a speaking engagement, cited young Indian hurlers Gary Bell, Jim Grant and Hal Woodeschick as the main reasons for his prediction.

He also said Herb Score was due for a trouble-free year, and that if Cleveland can find a couple more hitters to go with Rocky Colavito and Vic Power, "the Indians will be rought."

YOUR PROBLEMS

Don't Grab At Petty Trifles To Make Trouble

By ANN LANDERS

DEAR ANN: I've had something on my mind for a long time and decided to write to you once and for all. I hope you will print this letter so certain people will see it and catch on.

My husband's mother pretends to be the sweet unselfish type, but she knows how to get what she wants in her own quiet way. She has a good income from her husband's estate so we don't have to give her anything. Her home is lovely so thank the Lord she doesn't want to live with us.

The problem that gets my goat is this: She has dinner at our house every second Friday. My husband insists on driving her home although the bus runs right in front of her house.

She always asks him where she should sit and he says "Up front with me, Mother." This means I have to sit in back with the kids. It burns me up and she knows it, but every time it's the same story.

Last night I told my husband how I felt and he blew his top. It's true she has a stiff knee, but with a little effort she could get in the back seat where she belongs. How about it? —B.K.L.

With a little effort YOU could be decent about this small inconvenience and not grab at petty trifles to mak~ trouble.

Your mother-in-law sounds like a perfectly nice woman who makes no demands. The fact that she ASKS where she should sit, speaks for itself. If it gives her pleasure to sit beside her son a couple of times a month while he drives her home, you should be happy to oblige.

If you knew how many wives were stuck in the back seat permanently by a mother-in-law "up front", I don't think you'd complain.

DEAR ANN: My mother is driving me bats. Her whole life is what will the neighbors think? I can't drink a glass of water on the front porch for fear the neighbors will think it's beer. I mustn't talk loud to my brother or the neighbors will think we are fighting. When I hang the wash I have to put the same size pieces together, side by side or the neighbors will think we're sloppy.

Frankly, I don't give a hoot what the neighbors think. My mother says I SHOULD care, as a matter of pride. Then the fight is on. How about this?—I.B.

Your mother has a fix on what the neighbors will think, and your're not going to change her. So — as long as you live in that house, respect her slightly warped views on the subject. When you have your own home you can do as you please.

If people who knock themselves out trying to impress the neighbors only knew how little most neighbors care, they'd save their energy for more important things.

DEAR ANN: I was married very young and had a child. I had the marriage annulled two years later and took back my maiden name.

Most people are under the impression that an annulment is only for people who do not have children. This is not true and it is causing me embarrassment. Recently when filling out an application for a job I gave my legal name as Miss—. I also stated on the form that I had a child.

I did not get the job and am wondering now if the employer received the wrong impression. I do not wish to go by my former husband's name yet I refuse to deny the existence of my child. What shall I do? —S.B.V.

When a woman who goes as a Miss" states that she has a child, the logical assumption is that the child was born out of wedlock. If you do not wish to go by your former husband's name, it would not be out of line to use a Mrs. rather than a Miss before your maiden name. Don't let the hostility for your former husband make life unnecessarily rough for your child.

(Ann Landers will be glad to help you with your problems. Send them to her in care of this newspaper and enclose a stamped, self - addressed envelope.)

Town Parade Begins OPHS Homecoming

The Homecoming activities of Ouachita Parish High School, began on Saturday with a parade throughout downtown Monroe.

Climaxing the day's events a program was presented in the stadium preceding the game between the Lions and Haynesville. Principal I. C. Strickland welcomed the guests and alumni after which Fred Huenefeld, alumni president, spoke on behalf of the alumni.

The highlights of the evening's activities were the parade of the winning floats, including the queen's float, the introduction of the court and escorts, and the crowing of the queen by Superintendent W. W. Ward.

As an added attraction Mr. Huenefeld opened the stadium dedication ceremonies. He was followed by the presentation by C. G. Wall Jr., president of the Ouachita Parish School Board, and the acceptance by Mr. Strickland. The Rev. T. Earl Ogg, pastor of the College Place Baptist Church, gave the prayer dedication. Concluding the program, the OPHS Band played the "Alma Mater." OPHS won over Haynesville 9-7.

Neurotic Children Are Parents Fault

Well meaning parents often turn their children into neurotics.

Today, more than ever before, parents from "nice" homes seek psychiatric help for their troubled children.

Why do such children with every opportunity for happiness, develop problems which may blight their lives?

According to psychiatrists, one answer to the "good - home, disturbed child" riddle is the parent's mistaken impression of what makes a "good" home. One striking thing about nice homes, reports a staff psychiatrist of New York's Child Development Center, is that good parents may themselves have emotional difficulties which are not apparent. In their anxiousness to do right by their offspring, they may be contributing to their children's troubles.

Another factor endangering the child raised in a nice home is the inability of parents to communicate with their youngsters. One of the things most lacking in our homes today, states the article, is the exchange of really deep, warm feeling between parents and children.

Authority in the good home is oft - times lacking. Some parents in their eagerness to please children are overpermissive; others in their attempt to "stick to the book" are overstrict. Either extreme can warp a child's emotional growth. For instance, otherwise excellent parents who allow their children to have their own way, very often find to their dismay, the child doubts the parent's ability to protect. He may feel that the parent does not care about him enough to aid him in making decisions. Thus, a basic insecurity develops which can produce an indecisive child.

In sharp contract, the article illustrates the case of the mother who, out of mistaken sense of love and protection, constantly says "no" to her child's requests. To the child, who can see neither danger nor purpose in her response, comes a feeling of rebelliousness, perhaps to become the basic pattern for his life.

Essentially, the biggest problems in all "nice" homes, is "good" parents confusing 'mothering' with 'smotherin.' A child can't have too much love, however, the quality of that love is most important. He must be respected as a person in his own right.

Actually, the only solution to this problem is for parents to learn as much as they can about their children, and to bear in mind that there is no such thing as parenthood without problems.

Questions And Answers

BETTY LENAHAN ANSWERS

Q. — I have a small bedroom that I plan to redecorate and use as a study. The room has one small window and is on the north side of the house. The only thing I now have for the room is a large bookcase which I am planing to paint, what color would you suggest? Also, what colors would you suggest for the walls and woodwork, rug, draperies, two chairs and a desk?

A. — You could give a warm and spacious effect to the small room you are planning to use as a study by painting the walls and woodwork and the bookcase yellow. You might get the rug in rust, brown and yellow plaid draperies, one chair upholstered in turquoise, the other in melon and the desk in a maple finish.

Q —. I am planning to redecorate my back hall and bathroom and would like some advice. The hall is quite long but dark and the colors in the rooms off it are light pink, medium green, Wedgewood blue and turquoise. What color would you suggest for the walls and woodwork of the hall that would blend with these colors? The bathroom is quite small, the wall tile is a medium shade of green, the floor tile is yellow and the fixtures are white. What colors would you suggest for the upper walls and ceiling, woodwork, shower curtain and rug?

A. — Pale gray walls and woodwork would make your hall appear lighter and would also blend nicely with the rooms opening off it. For the upper walls, woodwork and ceiling of your bathroom I suggest lilac, for the shower curtain, gold; for the rug, burgundy.

Q. — The floor covering in our kitchen is pearl gray, the wall tile and cabinets are white and the table and chairs are charcoal gray with white trim. What colors would you suggest for the upper walls and ceiling, woodwork and curtains?

A. — Pink would be a good color for the upper walls, ceiling and woodwork in your kitchen and for the curtains I suggest a black, white and charcoal stripe.

YOUR BABY AND MINE

Child Should Not Sleep With Parents

By MYRTLE MEYER ELDRED

Every child welcomes the opportunity to sleep with an adult. It is nice and cozy and the child feels enormously protected and safe.

But it is better for a child to have a bed of its own and be able to roll around, turn and twist as he desires. It can be taken for granted that an adult will sleep better without having to worry about laying over on a child — for by so doing infants have been smothered.

Mrs. R.C. writes, "My year old baby recently was very sick and we put her in bed with me, so I could keep an eye on her at night.

"That lasted for three nights and now she won't go near her crib. I know that she is spoiled and wants to keep on sleeping with me. How can I make her go back to her crib"

Cried Till Sick

"I thought if I moved her crib into our bedroom she would sleep there, but she wouldn't. You may tell me to let her cry it out (WHEN have I ever told anyone to do this?) — but she cried for an hour and was sick. Somehow, she managed to crawl out of her crib, which is a big one with high the room, but that doesn't work."

I hope this is long before you are ready to go to bed — and sit beside her and sing or read a story (one of the repetitious Nursery Rhymes like "The Old Woman Who Jumped Over the Stile," or "The House That Jack Built." She won't understand the words but will enjoy the rhythm. Talk to her, pat her back, stay with her until she grows sleepy and goes to sleep in her own bed.

If the crib is now in your bedroom, you even can lie down on your bed and hold her hand or pat her. You get nowhere by letting her cry — neither do you get anywhere by giving in to her.

If you treat her in a kindly way and stay with her until she has accepted her crib again, then you can lessen the numbers of attentions you give until she is able to go to bed with just the usual ceremonies each child demands at bedtime.

If you would like to have our leaflet "Patterns of Sleep" send a stamped, self-addressed envelope with your request for leaflet No. 38. Address Myrtle Meyer Eldred in care of this newspaper.

A Birthday Halloween Party Is Given

Mr. and Mrs. Will M. Rolfe of Oak Ridge entertained their son, Pete, on his fifth birthday with a Hallowe'en party at the Methodist annex on Tuesday afternoon.

The Hallowe'en theme was carried out in the decorations with one of the eeriest looking black life - size witches with her traditional broom facing the entrance door. On the walls were black witches, white spooks, orange goblins, and moons with jack-o-lanterns fashioned of pumpkins placed at vantage points. Over each door leaving the main room were different sizes of skeletons being watched over by owls.

An orange colored paper cloth with a border of jack - o - lanterns covered the refreshment table with a huge pumpkin jack-o-lantern on one end and the unusual birthday cake on the other. The cake was made in form of a house, covered in orange frosting. The roof was made of corn candy shingles and tootsie roll doors and windows. Placed around the outside were jack - o - lanterns of candy and the birthday candles were placed down the center of the roof. Placed on another tray were cupcakes iced as jack-o-lanterns.

As each little guest arrived they were given favors of tall Halloween hats, and horns, and carried to the fish pond where each caught a knap sack filled with corn candy, balloons, orange slices and cookies. Later a bubble gum hunt was enjoyed followed by a ride on a shetland pony with Weldon Fitch in charge of rides.

After the traditional 'Happy Birthday" was sung Pete opened his gifts and cake and ice cream were served to Mrs. Thomas Rolfe and Amy of Bastrop, Mr. and Mrs. T. A. Dubell of Ferriday, Mrs. H. A. Wiggers Jr. and Barbara of Rayville, Mrs. H. E. Stevenson and Bubba, Mike Barham, Mrs. Jack Carey, Kate and Corky, Mrs. Leland Loughridge, Rush and Mildred Lynn; Mrs. Benny Wade, Jeanie, Camille and Laura, Mr. and Mrs. Weldon Fitch and Johnny, Debbie Shaw, Mrs. Joe Mott Jr. and Joe III, Mrs. H. A. Pipes, Jr., Melba June, Henry III and Zo Ellen and Joe Rolfe all of Oak Ridge.

Mrs. Rolfe was assisted in extending the courtesies of the afternoon by Mrs. Joe Rolfe and Mrs. Weldon Fitch.

THREE GUESTS

A party was held at the Community Center with Robbie Miller, Barbara Landreth and Linda Landreth being named as guests of honor. Robbie left to make her home in Shreveport and Barbara and Linda will live in Texas. Miss Dorothy Gayle Winnon was hostess for the afternoon and used arrangements of lovely summer flowers on the long tables.

Dorothy Gayle served cokes and cookies to the three honorees, Nancy Kay Brown, Mary Allen Files, Linda Files, Sarah Gee, Sterling Elizabeth Files and Karen Williams of Mer Rouge.

OF MECHANICS

Renew Efforts To End Strike

WASHINGTON (UPI)—A federal mediator renewed efforts Friday to end a strike by 2,500 mechanics which forced Capital Airlines to cancel all its flights.

Francis A. O'Neill, a member of the National Mediation Board, met with union and company officials at the board's headquarters for the second consecutive day.

Capital, the nation's fifth largest commercial airline, operated 24 hours following the walkout of members of the International Association of Mechanics at midnight Wednesday night, in a dispute over wages and other issues.

But it decided to close down its operations altogether Thursday midnight. It normally carries 13,000 passengers a day on some 730 flights to 77 cities east of the Mississippi.

A company spokesman said it normally takes in $350,000 a day. He said the airline has been trying to get tickets on other airlines, buses and trains for passengers who held reservations on cancelled flights.

The spokesman said 38 planes were in the air when all flights were cancelled at midnight. He said Flight 883 which landed about dawn in New Orleans probably was the last plane down. He said pilots will now ferry their planes to storage spots.

The decision to cancel all flights meant the furloughing of 7,544 employes. The mechanics' walkout, which followed year-long negotiations, was the first major strike ever experienced by the airline.

The union recently rejected a 9 per cent wage increase over a two-year contract period which was recommended by a presidential emergency board. The boost would have meant an increase of 22 cents an hour for top-scale mechanics, who now earn $2.54 an hour.

The union's last demand was for a 42 cent an hour increase over a two-year period. It originally asked for a boost of 49 cents. Portions of the union's demands and the presidential board's recommendations would be retroactive to Oct. 1, 1957, when the last contract expired.

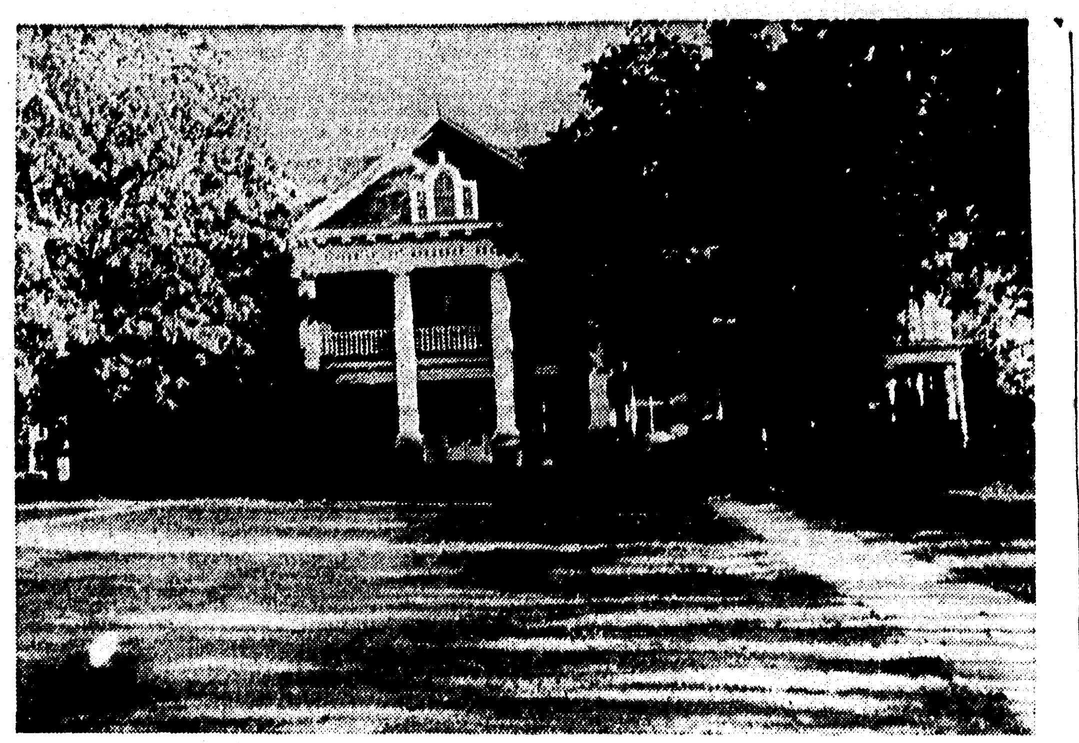
Says Excessive Drinking Noted At LSU Games

BATON ROUGE (AP)—Councilman Woodrow Dumas Friday charged there was excessive drinking at Louisiana State University football games and city officials were lax in asking help from LSU to ban alcohol from Tiger Stadium.

Dumas suggested last week Mayor-President Jack Christian contact LSU on the subject. Christian said the city's police had been trying to aid LSU in enforcing a ban on drinking at football games when the university asked for help.

However, Dumas said the city didn't consult the recreation and park commission before passing an ordinance banning possession of liquor at Memorial Stadium.

He said he believed police could "justifiably remove from LSU stadium a person who is creating a nuisance by flagrant and excessive drinking."



FIRST PRIVATE ALL - WHITE SCHOOL — This former University of Arkansas Graduate Center building will become an all-white high school for senior class students Monday. About 500 seniors are expected to enroll in the school, operated by the Private School Corporation created after Gov. Orval E. Faubus closed the public high schools against integration. Yule Parade, Program Set In W. Monroe

Santa Claus, a parade and a Christmas program will highlight the yuletide season in West Monroe this year, it was announced yesterday. The events are planned for Dec. 12.

K. D. Norris, chairman of the retail merchants committee of the West Monroe Chamber of Commerce, said plans for the activities were laid at a committee meeting yesterday morning.

The parade will feature 15 or 20 floats plus several out-of-town bands performing along with local bands, Norris said. Santa will make a short appearance in the parade and appear later that night at the West Monroe High School stadium in a special Christmas program.

SCHEDULED

The program is scheduled to start at 7 p.m. with a fireworks display. Santa Claus will give candy to all the children present.

Other highlights will include a home lighting contest with prizes awarded the three top winners among West Monroe residents, according to Norris.

In other business matters, the committee proposed that the Chamber write letters to downtown merchants urging them and their employes not to park in metered spaces. This will create more parking space for shoppers.

Will Written On Envelope

VATICAN CITY (UPI) — Pope Pius XII's last will was written with a pencil on the back of an envelope, it was disclosed Friday.

A high Vatican source confirmed a report published by the Italian weekly Gente, which stated the late Pope wrote the will in pencil "on the back of a yellow envelope."

Jackson Sees No 3rd Party In 1960 Race

NEW ORLEANS (AP) — The president of the United Democrats of Louisiana said Friday the formation of a third party in the south could contribute to a Republican victory in 1960.

Dr. Ralph N. Jackson of Monroe said in a statement he did not believe there would be a third party in 1960 "because responsible Southern politicians realize that it would be a fruitless gesture."

"The chances of a third party throwing the election into the House of Representatives are too remote when weighed against the dangers of its contributing to a Republican victory," he said.

Jackson said he believed a Democrat would move into the White House in 1960 "and I believe Louisiananians are going to help put him there."

Mrs. Edwards Dies; Services Are Scheduled

FARMERVILLE (Special)—Mrs. Betty Edwards, well - known Union parish native who had 159 grandchildren, died yesterday after she fell and broke her hip. She was 92.

The accident occurred at her Marion home at around 10 a.m. She died in a Marion clinic at noon.

Mrs. Edwards, who was the mother of ex-sheriff George M. Edwards, had five sons, six daughters, a brother, 51 grandchildren, 97 great - grandchildren and 11 great - great - grandchildren.

SERVICES

Funeral services will be held today at 3 p.m. at her home with the Rev. L. B. Hall officiating. Interment will follow in the Edwards Cemetery under the direction of Kilpatrick's Funeral Home of Farmerville.

Survivors include her sons, George M. Edwards, Farmerville; J. E. Edwards, Houston, Tex.; Blake and W. C. Edwards, both of Martion; C. M. Edwards, Perryville; six daughters, Mrs. J. M. Adams, and Mrs. Ken Holsted, both of Marion; Mrs. C. H. Albritton, Farmerville; Mrs. E. C. Calloway, Rayville; Mrs. T. W. Green, Mer Rouge; Mrs. Charles Floyd, Monroe and one brother, Pete Miller, Farmerville.

Grandsons will be pallbearers. The body will lie in state at the funeral home until service time.

Fifth District White Council Names Board

The Fifth District Citizen's Council elected a district board of directors and discussed plans for starting a district - wide drive for funds to aid Little Rock's private school situation Wednesday night at a local hotel it was learned late yesterday.

Officers of the board of directors elected were: Francis Ward, Tallulah, president; O. N. Wilds, St. Joseph, vice - president; and Vaughn Phelps, Monroe, secretary-treasurer.

Separate councils of each parish comprising the fifth district were represented by two delegates who served as electors and spokesmen for their respective parishes.

The board of directors was formed primarily to serve as a liaison body between all councils in the district to make the organization more efficient. Other functions of the board will include the formulation of plans and the making of recommendations.

Delegates to the Wednesday night meeting [illegible] agreed that a fund raising campaign be initiated in all fifth district parishes to help Little Rock in her battle for segregated private schools.

It was pointed out that six parishes in the district have already begun their drives. Those included Morehouse, West Carroll, Richland Concordia, Caldwell and Lincoln.

Final Rites Are Set For Dr. Kramer

Funeral services for Dr. William Ernest Kramer, 77, will be held at 2:30 p.m. today at the First Baptist Church in West Monroe.

Dr. Kramer died at his home early yesterday. He was superintendent and medical director at G. B. Cooley Sanatorium. He had served as Tuberculosis consultant at the Ouachita Parish Health unit, president of the Louisiana Tuberculosis Association, and was a member of the Southern Tuberculosis Association.

Before coming to Ouachita Parish in 1948, Dr. Kramer was in general practice in Pennsylvania, his native state.

He is survived by his widow, Mrs. Katie Hastings Kramer; two sons, W. E. Kramer, Jr., New Orleans, and John D. Kramer, Terre Haute, Ind.; two step-sons, Jimmy W. Hastings, Baton Rouge, and Walter L. Hastings, Lake Charles; and ten grandchildren.

The body will lie in state at the funeral home until time for the services. The Revs. Jaroy Weber, W. D. Milton and Wayne Gray will conduct the rites. Burial will be in Hasley Cemetery under the direction of Hixson Brothers Funeral Home.

Pallbearers will be Luther Branch, Fred Bennett, Dr. H. R. Bolyard, Solon King, Dr. Bert Heinberg and R. P. McKay.

The Fifth District Medical Association will serve as honorary pallbearers.

Ship Runs Down Fishing Boat With 3 Aboard

SAN FRANCISCO (AP)—A fishing boat with two men aboard was run down by a tanker ship 25 miles off San Francisco Friday in a dense fog.

The two, R. C. Wainwright of Wilmington, owner of the boat, and Edward Cassell, deck hand from San Diego, were rescued by the tanker, the Duncan Bay.

A report to the Coast Guard here said they apparently were uninjured. Their boat, the Norma Jean, out of Terminal Island (Los Angeles), sank.

The Duncan Bay proceeded to San Francisco.

CONVENTION

RALEIGH, N. C. (AP) — The Southern Industrial Development Council will hold its 1959 convention at Biloxi, Miss. The group set the date at its annual meeting here Tuesday. It named Warren H. Farmer of Jackson, Miss., as vice president and Fred Plummer of Jackson to the resolutions committee.

BY QUARLES

Higher Military Budget Is Seen

HO SPRINGS, Va. (UPI) — Acting Defense Secretary Donald A. Quarles said Friday that rising defense costs would force the armed forces to hand President Eisenhower a stepped-up military budget for fiscal 1960.

He did not say specifically how much the military services will need next year above the $40,750,000,000 earmarked for the 1959 fiscal year which ends next June 30. But he did say the increase should not be more than 5 per cent, and possibly less.

Quarles' statement came in the face of a warning by the President at his Wednesday news conference that government agencies "contemplate spending too much money." He called on them to remember "such words as thrift and economy." However, he did not single out any specific agency.

Quarles, attending a meeting of the Commerce Department's Business Advisory Council at this resort area, indicated that the Budget Bureau had suggested a dollar ceiling for the new defense budget, now being prepared.

Asked whether the White House or Budget Bureau had proposed a defense ceiling, he said the bureau "has its own plan." But he added that "we are going to present to President Eisenhower the budget we think is right."

Quarles said the United States will have to spend increasing sums for military preparedness so long as the Soviets keep pressing the cold war. The only chance he saw for any significant cut was a disarmament agreement with the Communists.

"If they keep behaving the way they have," he said, "and there is no reason to expect they won't," this country's military outlays will continue to rise.

Also pushing up defense spending, he said, are rising costs and the need to keep enough trained men in service to assure the ability for instant retaliation in the event of armed aggression.

The President said at his news conference that he was determined to get government spending "down to the last cent that I think is needed for the security and safety and essential services in the United States."

State's Fur Production Shows Drop

WASHINGTON (Special) —Louisiana fur production dropped by 93,000 pelts in the last full trapping season, but the nation's fur industry's sales volume has passed the billion-dollar mark, according to a government report.

The commerce department said that sales of furs at all levels of production and retailing totaled more than $1 billion for the first time since 1948. The downtrend that started then was reversed in 1955.

Louisiana remains the leading fur state, despite a slight drop in 1956-57, the last period for which statistics are available. The fish and wildlife service reported the state's production in that year at 2,278,937 pelts, compared to 2,371,000 in the preceeding period.

Figures prepared by the commerce department's business and defense services administration, however, showed that the U. S. is still importing half its fur needs, although it is also an important exporter and processor of furs for re-export.

The chief domestic wild fur crop is muskrat, which produces 18 to 20 million pelts annually. Mink is second. Wisconsin produces almost as many furs as Louisiana. Third, and far behind, is Michigan.

COFFIN ACT

LONDON (AP) — A coffin was delivered to the London Police lost-and-found department Friday.

An official at the Royal Court Theater Club said two men had carried the big polished oak coffin into his bar. A third man swatched in blankets jumped out, and all three walked away.

Bell Arraigned, Denies Guilt In Slaying Of Man

JONESBORO (Special) — Joe H. Bell, 66-year-old Jonesboro parish man who confessed he killed E. J. Wilhite, later pled not guilty when arraigned.

Bell is in the Jackson parish jail under a $5,000 bond while his attorneys have 30 days in which to file a motion. He was arraigned Thursday.

Bell will stand trial for the September 24 axe-slaying of Wilhite, a 74-year-old Chatham farmer and father of a Ouachita Parish deputy sheriff.

The accused man confessed to the killing following lie detector tests in Ouachita parish. However, a Jackson parish Grand Jury failed to return a true bill.

He later pled not guilty when arraigned.

Spelling Topic Of Discussion

AUSTIN, Tex. (AP) — Spelling correctly is a big problem, but don't get ulcers over it, a University of Texas professor advises.

Dr. E. Barby Atwood, professor of English who is an authority on words and how to spell them, marked the 200th anniversary of speller Noah Webster Thursday.

"It is harder to change the spelling of a word than to change a funeral custom," he said. "It would take a dictator to get it done.

'Many brilliant and gifted people can't spell. Many misspellings are more logical than correct spellings. Ours is not really a phonetic language."

311 Cases Of Polio Reported

WASHINGTON (UPI)—The U.S. Public Health Service reported on Friday there were 311 cases of polio in the nation for the week ending Oct. 11, far higher than the total for the same period last year.

During the week ending Oct. 12, 1957, the agency reported 167 cases.

Of the cases reported this year, 131 were of the paralytic type polio; 116 non-paralytic.

DAILY CRYPTOQUOTE — Here's how to work it:

A X Y D L B A A X R
is L O N G F E L L O W

One letter simply stands for another. In this sample A i used for the three L's, X for the two O's, etc. Single letters apostrophies, the length and formation of the words are al hints. Each day the code letters are different.

A Cryptogram Quotation

J L W G L C N L Z L D Z R L D P N V H Z W H C B G L, W S T C N L H N L L Z D P N V H R W S T — Z H W R Y H.

ON WITH SPEECH

OGDEN, Utah (AP) — Chamber of Commerce Manager Bernie Diamond was almost speechless. Someone stole two brief cases—containing all his speechmaking materials and a portable podium—from his parked car. He went on with the speech anyway.

COTTON

NEW YORK (AP) —Cotton futures closed 5 to 70 cents a bale lower Friday.

The market was irregular and quiet at the start. Trading gained momentum with liquidation and hedging causing prices to give ground.

Operations of a leading Houston spot firm in futures was a feature. The firm was credited with selling about 12,000 bales in each of distant October and December and buying about 5,000 bales of nearby March. New Orleans interests took about 6,000 bales of the new crop December offerings and bought a substantial volume of nearby May against sales of October.

The weather in the cotton belt was most favorable.

The Census Bureau reported September domestic consumption totaled 647,894 running bales, a little better than the trade expected.

Mill stocks of raw cotton at the end of September were 1,415,025 bales. The stocks were about 89,000 bales smaller than those a month earlier but were 334,000 bales larger than stocks at that time a year ago.

NEW ORLEANS (AP)—Cotton futures declined here Friday under weekend long liquidation and hedge selling.

Closing prices were steady, 10 cents to 75 cents a bale lower.

Futures advanced about two and a half cents, closing near their highs for the day with commission houses fairly aggressive buyers in anticipation of higher Australian auction prices next Monday.

There was a little trade short covering while offerings were supplied by commission house profit taking and new trade hedge selling with the volume of trading moderately active.

The strong stock market also appeared to be a factor as some traders noted that wool futures were historically very cheap. There was very little in the way of any actual news today.

London futures advanced about one and a half pence with a few trade houses anticipating a continuation of the good actuals business that has currently been seen.

South African wool prices were reported to be in seller's favor with a better clearance of the offerings than has recently been encountered.

BUSINESS HIGHLIGHTS

ANOTHER RECESSION

Conditions which brought on the 1957-58 business recession remain uncorrected, Milton C. Lightner, president of the National Association of Manufacturers, warned. Another recession could occur, he said, because the causes — inflation of big government spending and wage increases—remain. Federal spending and wage hikes were twice as great as gains in productivity.

AUTO OUTPUT

Auto output climbed by nearly 30 per cent this week but General Motors again failed to build a single car, Ward's reports said. The statistical agency estimated ths week's output at 45,003 cars, against 34,834 a week ago. In the same week last year the industry built 72,180 cars.

AMERICAN MOTORS

American Motors Corp. was left without a union contract when negotiators failed to agree upon a new pact to cover the company's 14,000 production workers before a 10 a.m. expiration hour. Immediately after the old contract expired, 1,600 of the corporation's employes at the Kelvinator plant in Grand Rapids, Mich., left their jobs.

COPPER

The Commerce Department predicted that the copper situation will improve during the remainder of 1958. The quarterly copper report of the department's business and defense services administration said the U. S. supply and demand for refined copper moved toward a more favorable balance.

COTTON LETTER

Pierce, Fenner & Smith

The strong stock market has had little effect on cotton futures with a large prospective crop to be added to around 8.7 million bales carry over of which nearly 5 million bales were in free supply.

Futures had to absorb considerable hedging, particularly in the later months. Clayton was still buying March in quantity but was believed to have sold an excess of 20,000 bales of new October and December. This is believed hedging against purchase of next year's B plan cotton.

Liquidation added to the decline of all contracts from May forward as the chart pattern turned downward. The census bureau reported cotton consumption so far this season at 1,286,661 bales vs. 1,324,794 a year ago. Unfixed call sales as of October 10 were 173,000 bales vs. 607,600 a year ago.

BONDS

NEW YORK (AP)—Long range U.S. government bonds declined for the fifth consecutive session Friday, posting losses of more than half a point. Trading was on the light side.

Investment trade corporates dropped to pull the market lower on average. Utilities showed a tendency toward the upside while rails, industrials and foreign bonds closed mixed. Volume was moderately heavy.

Corporate trading increased to $7,500,000 par value on the big board from $6,570,000 Thursday.

LIVESTOCK

CHICAGO (AP) — Prices for butcher hogs were steady to 15 cents up in active trading Friday on the livestock market. Sows were mostly steady.

Butchers grading No. 1 to 3 from 190 to 230 pounds sold from $19.10 to $19.35 and several hundred No. 1 and 2s of the same weights brought $19.35 to $19.50. Some No. 1s around 210 pounds sold for $19.60 and a 25 head lot of No. 1s scaling 215 pounds brought the top of $19.65. Mixed grade 300 to 400 pound sows sold from $17.50 to $18.50 and heavier weights from $16.50 to $17.50.

Slaughter steers and heifers were scarce and sold at steady prices. Cows and vealers also were mostly steady and bulls strong.

Good 975 pound steers sold at $26.25 and utility holsteins brought $22 to $22.50. Good slaughter heifers brought $25.25 for weights around 790 pounds, with a few choice up to $26. Utility and commercial bulls sold from $22.50 to $24.25 and utility and commercial cows from $15.50 to $20.

Trading Is Heaviest In Three Years

NEW YORK (AP) — Trading was the heaviest in three years as the stock market advanced vigorously Friday and matched its record high.

The market erased the sharp losses of mid-week and moved forward on a broad front. The lower-priced motor shares were the trading favorites.

The Associated Press average of 60 stocks climbed $1.70 to $199.10, equaling the historic top reached Monday. The industrials rose $2.90, the rails $2.20 and the utilities were unchanged.

A wide range of key stocks advanced fractions to 2 points or more.

Based on the rise in the AP average the quoted value of stocks listed on the New York Stock Exchange increased an estimated two billion dollars.

Coppers, steels, aircrafts, chemicals, rails, oils and many selected issues made good gains.

The business news was good and this certainly provided a favorable atmosphere for investment and speculation but no item in particular was linked to the advance, the best since Sept. 15.

Optimistic statements about the business recovery, predictions of higher copper prices and greater oil demand, the rise in rail carloadings and increased department store sales helped.

Volume climbed to 5,360,000 shares compared with 4,560,000 Thursday and was the biggest since Sept. 27, 1955 when 5,500,000 shares were traded. The latter was the second market session after President Eisenhower's heart attack.

American Stock Exchange prices were generally higher on volume of 1,310,000 shares compared with 1,220,000 Thursday.

Teachers To Approach Long On Special Meet

Governor's Opposition Indicated

BATON ROUGE (AP) — Executives of the Louisiana Teachers Assn. Friday arranged a conference with Gov. Earl Long to recommend a special legislative session to solve shortened school terms.

Three teacher leaders conferred with acting Gov. Lether Frazar, who agreed to make the appointment with Long.

But Frazar indicated the governor, now in New York City on a vacation, would not be enthusiastic about a session.

The LTA executive board met here during the day, then authorized LTA President L. L. Fulmer, executive secretary N. B. Hackett and legislative Chairman F. F. Wimberly to approach the governor on the issue.

"We are suggesting a special session of the Legislature be called, if necessary," Wimberly told the Associated Press, "to insure full school terms."

Wimberly emphasized several parish school boards already have adopted budgets putting their school children on eight months in place of the regular nine-month schooling.

The St. Tammany Parish School Board was the latest to vote such a step. Caddo has cut off the ninth month. The Orleans board has voted to close public schools a month earlier unless it finds an additional two million dollars. But the Orleans educators are trying for an extra 2½-mill property levy at the local level.

Wimberly, key teacher figure in past tax fights, estimated the state will be short about 15 million dollars in assuring full school terms this fiscal year with teachers salaries at the present level.

Gov. Long is expected to return to work next week.

Speaking in his absence, Frazar said:

"I feel reasonably sure Gov. Long has the same opinion I have, that unless something definite can be proposed, I do not see

Jury Indicts 5 For Dynamiting Jewish Temple

ATLANTA (UPI) — A Fulton County grand jury indicted five men on charges carrying the death penalty Friday for the dynamiting of a Jewish temple that has aroused the wrath of the nation.

Four of those charged were already in custody. It was not known if the fifth had been picked up. One suspect arrested earlier was not named in the indictment.

Still other arrests were predicted including that of the shadowy "fat cat" financier of terrorist bombings.

Charged with the malicious destruction of a building by explosives within a city limits were Wallace H. Allen, a printing salesman who lives in a $30,000 house on the fashionable North Side; George Bright, Kenneth Chester Griffin, a state Revenue Department employe, and Richard and Robert Bowling, brothers. Robert Bowling is among those held. Luther King Corley, who also had been arrested, was not indicted in the special presentment.

STATE LAW

The state law against dynamite destruction makes violators punishable by death unless the jury recommends mercy or a governor commutes the sentence.

The four indicted men in custody were remanded to the sheriff after the grand jury action superseded their motion for release on a writ of habeas corpus.

The fifth man arrested earlier, Corley, was released immediately. He said he knew the other suspects but had no part in the bombing.

Allen was the only one of the men charged who appeared clean shaven and presentable when they went before Judge Virlyn B. Moore on their habeas corpus action. Moore set a hearing on a motion to fix bail for 11 a.m. next Wednesday.

Attorneys for the accused, James R. Venable and Essley Burdine, asserted that their clients had been "tried, convicted and hung" by the Atlanta newspapers.

Gov. Marvin Griffin said the indictments met with his approval because "This is a state of law and not one of brigands and anarchists; I hope they've got the guilty ones."

Those charged "with force of arms did wilfully and maliciously injure and destroy a house of worship known as the temple... using some explosive substance and compound which is to the grand jurors unknown," the indictment said.

It was signed by Fulton County Solicitor General Paul Webb who for hours had been in closed session with the 22-member jury. Only two witnesses were listed in the presentment. They were Sgt. M. W. Blackwell and Capt. R. E. Little of the Atlanta police department.

Former Registrar Aide Convicted In Trial At Winnfield

WINNFIELD (Special) — J. L. Ferguson, 75, recently-fired Winn parish deputy vote registrar, yesterday was found guilty of violating registration laws and scheduled for sentencing Wednesday.

The sentence can run from 60 days to a year in the parish jail.

Judge Harwell L. Allen delivered the opinion about 2 p.m. after a three-hour session in district court here.

A Winn parish grand jury had indicted Ferguson on Sept. 9, capping an investigation by state segregation leader Sen. Willie Rainach, called to Winnfield by the White Citizens Council.

The indictment against Ferguson charged he had taken the registration books to "unusual places" for the purpose of allowing registration.

The charge grew out of registration during a three day interim period following the Aug. 23, democratic primary.

Witnesses for the prosecution appearing yesterday included Mr.

Helicopter Rescues 7 After Crash

AUCKLAND, New Zeland (AP) —A helicopter Friday rescued all seven survivors of a U. S. Air Force Globemaster crash in Antarctica.

The men had huddled together for warmth in the tail of the plane after it crashed on a supply-drop mission to U.S. Operation Deep Freeze bases Thursday. Six other crewmen perished in the crash. The survivors were flown to the U.S. base at McMurdo Sound.

A Globemaster was to take them to Christchurch.

TWO INJURED

Two of the survivors were injured. They were identified as Airman 2. C. Joel Bailey of Belton, S.C., in serious condition; and Capt James T. Quattlebaum of Columbia, S.C., in fair condition. The others were reported in good condition.

Arriving at McMurdo Sound, the Globemaster's commander, Maj. George Bone of Greenville, S.C., said his plane "hit a rock that did not show up on our radar."

The survivors said the biggest problem after the crash was to keep warm. They tried to set fire to timber but it wouldn't burn.

Donaldson Air Force Base in Greenville, S.C., home base of the Globemaster, identified the dead crewmen as:

Sgt. Leonard M. Pitkevitch, flight engineer, of Lawrence, Mass.

Airman 1.C. Richard J. De Angelo, flight engineer, of Pittsfield, Mass.

Airman W.C. Kelly Slone of Garner, Ky.

Sgt. Nathaniel Wallis of Greenville and Cornwall, England.

Sgt. Iman A. Fendley of Prichard, Ala.

Airman W. C. Robert L. Burnette of Louisburg, N.C.

Speaker

Jack C. Rowan, new athletic director and football coach at Northeast State College, was the speaker when the Civitan Club met Thursday night. Introduced by Program Chairman John Yarbrough. He gave a comprehensive talk on the football outlook for Northeast State and was optimistic of the future of both the growth of the college and of athletics.

He cited constructive efforts ever since last July 1 when he came to take over his present position. While some good players were lost through graduation, many remain to carry on and are well suited to their task. The speaker gave in detail interesting plans and assurance of the continuance of the unusual progress now and in the immediate future for Northeast State.

Honors were accorded to Capt. J. W. Faler who was

School Corp. Set To Open Class Monday

For White High School Seniors At Little Rock

LITTLE ROCK, Ark. (UPI) — Little Rock's private school corporation announced Friday it would open classes for white high school seniors in a private building Monday with $61,481.25 it has collected through appeals by Gov. Orval E. Faubus.

Dr. Thomas J. Raney, an osteopath and president of the corporation, said the seniors would have a basic college course of English, mathematics, government, biology, physics and history and would attend school on Saturdays to make up for lost time.

The four Little Rock public high schools, which originally were scheduled to start classes Sept. 2, never opened this year because of the integration crisis. Faubus signed laws closing the schools, and a referendum followed in which the voters called for segregated schools.

TEACHERS

Raney said he did not know when the "private-classes-in-private-quarters" would be open to the 10th and 11th grades. He said that 21 or 22 teachers were available for the private school, although none yet had signed contracts.

The present private school plan is a substitute for an original plan to lease the four closed high school buildings and operate them for the 3,000 displaced students with grants from the public tax funds. The U.S. 8th Circuit Court

Bomb Blast Kills Man At Kan. Airport

WICHITA, Kan. (UPI)—A bomb a foot long blew up Friday in the hands of an aircraft design engineer who was walking through Wichita Airport 10 minutes after he had gotten off a plane with 26 persons on board.

It blew parts of the body of the engineer, Forrest Don McCuiston, 36, of Tulsa, Okla., 50 feet and devastated a 40-foot corridor he was in.

"The evidence is piling up that he carried the bomb off the plane with him," Police Chief Eugene Pond, a former FBI agent, said.

McCuiston arrived in Wichita on Braniff International Airways flight 301 from Kansas City. In addition to him, there were 22 passengers and a crew of three on board.

McCuiston and 11 passengers deplaned at Kansas City and police and FBI agents were questioning the 11 passengers.

FROM TULSA

Police discovered that he came to Wichita from Tulsa by bus on Wednesday. He bought a $25,000 flight insurance policy for $1 from Mrs. Wilma Swanson, 21, at the airport.

The beneficiary of the policy is his wife. It is a type of policy that pays off whether the insured passenger is killed on a plane or in an airport.

Then he took a Continental Airlines flight to Denver and went on to Las Vegas, Nev., where he spent Wednesday night. He flew to Phoenix, Ariz., Thursday and Thursday night flew to Kansas City, where he boarded Braniff flight 301 to Wichita early Friday.

BACK TO WORK

Reach Agreement On Auto Contract

DETROIT (UPI) — American Motors Corp. and the United Auto Workers Union reached agreement Friday on a new three-year contract covering AMC's 14,000 workers in Michigan and Wisconsin.

The UAW ordered its members in AMC plants back on the job as soon as possible.

The new contract was patterned after contracts reached earlier with Big Three auto companies. Agreement came just seven hours after the strike deadline.

The new contract included pay hikes totaling about 10 cents an hour for the company's auto production workers and an additional eight cents an hour for skilled trades workers.

Employes at AMC's Kelvinator plant at Grand Rapids, Mich., were governed by a section of the agreement which froze wages at their current levels for two years, but would give the workers the same pay increases as the auto production workers in the third year.

The contract agreement would be retroactive to July 1 and would expire Sept. 6, 1961, just six days after the expiration date of contracts reached by the UAW and the Big Three, Ford, General Motors and Chrysler Corp.

Other provisions of the agreement called for improvements in supplemental unemployment benefits (SUB), severance pay, short work week schedules, pensions and a form of area-wide seniority for recall of unemployed workers. It also included a strengthened no-strike clause.

In addition to freezing the cost of living allowances, improvement factor increases, and skilled

State Solons Give Views On School Crisis

SHREVEPORT, La. (AP) — A sampling of opinions by Louisiana lawmakers, here for Legislators Day at the State Fair, showed a wide divergence of views Friday on the financial crisis facing the public schools.

Some thought the problem could be met on the parish level, others looked to the state level for solution and still others said a special session of the Legislature should be called to enact new taxes for school funds.

Some parish school boards, including Caddo (Shreveport), have sliced one month off the regular school term since the state announced that $15,000,000 promised to the parishes in state funds would not be forthcoming.

Rep. George Tessier of Orleans Parish said he was not so far convinced that a special session is necessary and he believed the individual school boards could meet the situation by the use of available surpluses and trimming expenditures.

ANTI - TAX

Tessier is a member of the "34 Club," or anti-tax bloc in the Legislature.

Tessier said the board could raise some money by having individuals who are not needy pay for school free lunches. He said a long range solution is needed.

Rep. W. P. Clark of Orleans commented he hoped the crisis could be solved without additional taxes but that if necessary he would favor a special session for new taxes.

A wait and see attitude was taken by Rep. Elmer Bernard of W. Baton Rouge Parish.

"Right now we don't know how much the surplus in the school lunch program is going to be because they are still auditing the books," Bernard said. "Also we don't know whether we will get some tidelands money. The only way they can get a big

Girl, 13, Suffers Critical Injuries In Auto Accident

A thirteen-year-old Calhoun girl was believed critically injured when her brother's car in which she was riding hit a mule on U.S. 80, eight miles west of here around 11 o'clock last night.

The girl, Rhonda Gail Sims, daughter of Mr. and Mrs. W. D. Sims, was rushed to St. Francis Hospital with what was reported a head injury. Also injured was Wilda Fay Walker, 15, daughter of Mrs. D. W. Walker of Calhoun. Her injuries were reported as minor.

James Dale Sims, 22, driver of the car told state police he saw the mule on the highway, but not in time to avoid collision. He said he was driving around 55 miles an hour when the crash occurred. The accident occurred at the foot of a hill a short distance west of the Play Time night club.

State police theorized that the front of the car hit the mule swinging the animal around and crashing its head through the right rear window striking the Sims girl.

Sims said that also riding in the car but uninjured were his wife, the couple's two small children, Mrs. Charles Sims, his sister-in-law; Mrs. Walker and Mrs. W.D. Sims. He said the group was returning from church services in Bastrop. The mule apparently was killed instantly and no other cars were involved.

Welfare Sets Salary Cuts Restoration

Louisiana Welfare Department workers whose salaries were cut from $10 to $20 each about two months ago will be restored to their regular salary schedules November 1, it was learned from a reliable source Friday.

As far as could be learned there was no public announcement from Baton Rouge on the matter. However, machinery to restore the salary schedules was reported in motion.

About 60 members of the State Department of Welfare are employed in Ouachita parish.

There was a general reduction in welfare department salaries due an economy move to cope with a shortage in funds.

Source of the funds to restore the old salary schedules was not known for certain. However, it was believed the department has been able to make up the difference by permitting a natural reduction in personnel.

In other words, the department did not fill various vacancies as they came open, thereby realizing enough saving to supplement

WASHINGTON (AP) —Mississippi River Fuel Corp., St. Louis, received Power Commission authority Friday to build and operate about $3,655,400 worth of pipeline facilities.

The facilities will enable the company to purchase natural gas in Lincoln Parish, La., from Arkansas Louisiana Gas Co., Shreveport.

Arkansas-Louisiana was authorized to build about $331,800 worth of facilities. The company will sell up to 35,700,000 cubic feet of gas daily to Mississippi between Oct. 15 and April 16 each year for five years, ending April 16, 1963.

Identification Of 6 Is Sought

FRANKFURT, Germany (UPI) —The bodies of six Americans killed when A U.S. C130 turboprop transport crashed in Soviet Armenia last month are being flown to the United States for identification, it was announced Friday.

The details of the transfer were not disclosed. However, it was understood that a C124 Globemaster carrying the bodies left Rhine-Main Airport shortly after midnight for Dover, Del.

U.S. Air Force headquarters in Wiesbaden said it had been impossible to identify all of the bodies. The six men were killed when the Hercules transport crashed Sept. 2 while on a radio-survey flight.

IN SCHOOL BOARD BANKING

Shifting Of Public Funds Questioned

By SAM HANNA

Staff Writer

An unusual shifting of public funds fostered by strange alliances among split factions of the Ouachita Parish School Board is legally questionable, a Morning World investigation disclosed.

A check of official records revealed that the recent move to reallocate parish school funds among the banks came after two eastside members joined the westside in voting for the shift.

It was learned that an official legal opinion is being sought on the resolution which:

1. Effective November 1, will bank 35 per cent of parish school funds with each the Sterlington Bank and the First National Bank and 15 per cent with each the Central Savings Bank and the Ouachita National Bank.

Before the move, the two Monroe banks received 35 per cent each, the West Monroe bank, 22 per cent, and the Sterlington Bank, eight per cent.

STATUTES

Under the Louisiana Revised Statutes, the parish school board legally does its banking after receiving statements disclosing the banks' capital assets, which, in turn, determine the amount of money to be allocated to each bank.

In effect, the board is bound by law to allocate its banking money in ratio to the individual bank's capital assets.

But the resolution was passed without a single statement being received from any bank, the investigation disclosed.

The votes reveal the resolution was passed by the westsiders who now control the board after they picked up steam to approve

Formulate Plans To Douse Blaze In Mexican Gulf

NEW ORLEANS (AP) — Gas spewing from six wells flared flames higher Friday on an offshore oil rig as expert firefighters formulated plans to douse the blaze.

One man died in the explosion and fire late Wednesday and six others are missing and presumed dead.

Joe Gangelhoff, trouble shooter for the Continental Oil Co., from Houston, Tex., said two 105-foot long platforms would be built to battle the flames crackling from the almost - demolished, multi-million dollar rig.

Work on the platforms is expected to start early next week and the platforms may be ready by the end of the week.

Gangelhoff said all hope had been abandoned for the missing men, who died either in the blast and fire or drowned.

Gangelhoff said Red Adair, an expert oil well firefighter from the famed Myron Kinley firm of

Rio Grande Drives 5,000 From Homes

RIO GRANDE CITY, Tex. (UPI) —An estimated 5,000 persons left their homes Friday on both sides of the rampaging Rio Grande, many walking along highways knee - deep in muddy flood waters.

The little town of La Grulla, Tex., was the latest to begin evacuating its residents — about 1,000.

Starr County Deputy Sheriff Elias Solis said water was 2.5 feet deep in some parts of the town. Residents were leaving by truck and by foot.

The Rio Grande, which separates the United States and Mexico, was five miles wide in places and a total of about 11,000 persons had left their homes on the U.S. and Mexican sides this week.

About 3,000 U.S. citizens and some 2,000 Mexican citizens fled their homes Friday.

At Reynosa, Mexico, about 3,000 persons had been evacuated during the week to schools, churches and homes of friends. The Mexican government allocated $50,000 for relief to the homeless.

The flood, which has not yet claimed a life, endangered about 8,000 more persons and heavy rains still ran off the Rio Grande watershed northwest of here.

The community of Abram, 30 miles to the southwest, was isolated Friday after a levee broke two miles above the town. Its 1,200 residents, who refused to board National Guard trucks sent to evacuate them Thursday, wait-

Dulles To Fly To Far East For Meeting

WASHINGTON (UPI)—Secretary of State John Foster Dulles will fly to Formosa next week for conferences with Chiang Kai-shek on the Formosa crisis and a possible reduction in Chinese Nationalist forces on Quemoy and Matsu.

The State Department said Dulles was meeting with Chiang at the invitation of the Chinese Nationalist leader. Chiang asked for the consultations under the treaty pledging the United States to help defend Formosa against attack by Red China.

Officials said Dulles would fly to Taipei, the Formosa capital, on Oct. 22 from Rome, where he will attend funeral rites Sunday for the late Pope Pius XII.

Assistant Secretary of State Walter S. Robertson will fly directly from Washington to Taipei to join in the talks. He will arrive three days ahead of Dulles.

According to informants, Dulles planned to discuss with Chiang the entire range of problems in the Formosa crisis, particularly the U.S. position that the Nationalists are keeping too many men on Quemoy and other offshore islands.

Jury Indicts 5 For Dynamiting

disclosed that police know the identity of the "fat cat", said to live in Baltimore.

An Arlington, Va., newspaper said it had uncovered a link between Allen, one of the men indicted here, and George Rockwell, an Arlington printer. It quoted Rockwell as saying the wealthy man in Baltimore who was underwriting bombing terrorists had put up $20,000 for activity in the Arlington area, scene of a school integration crisis.

In Washington, it was learned that the FBI Thursday questioned Rockwell and Harold Noel Arrowsmith, Jr., described as a member of a wealthy Baltimore family.

Further evidence of the "fat cat's" role was reported by police in a letter containing this line: "The big blast is all set for either next Sunday or Saturday. . .we will know tomorrow and will keep you informed."

"But we want to have it Sunday, if possible," the letter continued, "because the boys are coming down from New York for the work here — no guts in the local citizens — and we want to have Saturday to pass out thousands of handbills and put up posters to sort of steam things up for the big blow itself."

Dynamite blasted an 18 - foot square hole in a wall of "The Temple", an impressive synagogue on Peachtree Rd. in the fashionable North Side section early last Sunday.

It followed the pattern of previous bombings of synagogues and Negro churches in several Southern states.

Since the Atlanta dynamiting, a synagogue has been bombed in Peoria, Ill.; Negro homes have been blasted in the Chicago area; a makeshift bomb has been set off in the yard of a Massachusetts home where Jehovah's Witnesses were meeting; and vandalism has been reported at a synagogue in Brooklyn, N.Y.

There also have been telephone threats to blow up newspaper offices, a radio station and schools in Atlanta. Officers attributed most of the calls to cranks.

The integrated high school at Clinton, Tenn., was blown up a week before the Atlanta bombing.

An unidentified telephone caller touched off a false bomb scare today at the Stephen Wise Free Synagogue on Manhattan's West Side.

Police also were called to St. Patrick's Cathedral in New York Thursday after a telephone call warning that a bomb had been placed in the sanctuary.

of Appeals issued an injunction banning that plan.

The National Association for the Advancement of Colored People said it would try to have the board members of the private corporation board declared defendants in its original law suit seeking integration. This move, if successful, would force the private school to integrate.

Raney said the senior class would start registration Monday morning. The three-story building, which formerly housed the University of Arkansas graduate center, has been leased by the corporation for $400 a month from Vance Thompson, who recently purchased it.

Across the street from the building is a row of dilapidated Negro homes.

Friday Little Rock firemen tacked up a huge cloth sign in front of the tall white columns of the building. The sign read "senior high school" in big letters and "Little Rock Private School Corporation" in smaller letters.

remaining workers.

The economy move that has swept through Louisiana's welfare department has reached further into Ouachita parish in that it was announced that after December 31 funds would be withdrawn from the operation of Green Oaks Juvenile Detention Home, here.

The Ouachita Parish Juvenile Court Council has gone on record to request the department to reconsider the withdrawal of funds from the detention home operation. District Attorney Albin P. Lassiter even raised a legal question in the matter and requested the department to have its legal department review the withdrawal.

The detention home was built with local funds after the state agreed to [illegible] the institution. The question of legality was raised on the basis of the fact that Ouachita parish property owners voted funds to build the home, believing the cost of operation would be provided through the welfare department.

trades increases, the special section of agreement covering the Kelvinator workers in Grand Rapids reduced the relief time allowed workers in the plant from 54 minutes to 34 minutes a day.

A vacation-bonus plan originally included in the special agreement was modified to a straight vacation plan to meet the objections made to it by Michigan Atty. Gen. Paul L. Adams.

AMC Vice President Edward L. Cushman said both the union and the company still felt there was nothing wrong with the vacation-bonus plan, but it was eliminated in light of the unfavorable publicity.

Anthony Connole, administrative assistant to UAW Vice President Norman Matthews, said the workers would return to their jobs as instructed by local plant management.

Cushman said he expected all the plants to return to operation on Monday.

Meanwhile, negotiations between Chrysler Corp. and the UAW on a new contract to cover that company's 8,000 salaried workers were in recess. Negotiations recessed Thursday night and no new meeting was set.

The back-to-work movement at strike - troubled General Motors continued. Settlement of local disputes Friday brought to 143,176 the number of UAW members back. The local unions went on strike after the national contract was reached Oct. 20. Local level disputes covering some 149,000 GM workers still remained to be settled.

Rep. Edward F. LeBreton, also of Orleans, and a member of the "34 Club," was in favor of letting the parishes solve their own problems.

He said Orleans Parish is voting Nov. 4 on levying an additional 2½ mill property tax for school funds dedication. If the Orleans schools need the money to finish out the 9 months term they can bond some of the proceeds, LeBreton said.

Rep. C. F. Donaldson of Orleans replied, "each local community must realize that it must supply more of the funds for its schools and the quicker they realize it the quicker we will be out of the confusion at the state level."

Rep. Eugene Gouaux of Lafourche Parish said he thought a solution could be reached at Baton Rouge.

State Auditor William J. Dodd, also attending Legislators Day at the Fair, advanced the view that "something must be done because we can't have schools that are eight-ninths standard. The quicker something is done the better."

the construction of the new high school at Sterlington and elect C. G. Wall Jr., Ward 5, president.

The records also reveal that Fred McVay, Ward 3, voted with the westside after his ward colleague C. E. Buckley left the eastside several weeks ago.

Both McVay and Buckley served with Wall, Hugh Balfour, Ward 5, and Dr. B. E. Spencer, Ward 1, on the board's executive finance committee, which recommended the banking shift.

Spencer, who is chairman of the committee, is a member of the board of directors of the Sterlington Bank and serves as an inactive vice - president, according to Sterlington Bank officials.

He declined to vote on the resolution approved at the last board meeting, but was present when the committee met to draft the proposal and later delivered it to the board.

Walter Bennett, Ward 5, a westsider, also failed to vote on the shift.

SWITCH

However, it was the switch votes of Buckley and McVay that enabled the resolution to pass, 8-6.

Buckley left the eastside and voted with the westside to approve the Sterlington school, which Spencer has long been an advocate of. He also voted against eastside candidate W. E. Palmer for president in favor of Wall.

Then Wall later appointed McVay to serve with Buckley, Spencer and Balfour on the finance committee. As president, Wall is automatically a member of the committee.

Buckley at one time was a strong leader of the eastside and outspoken critic of the westside.

He also, at one time, was a strong supporter of ex-president James H. Trousdale Jr., who resigned from the position and nominated Palmer to replace him Buckley voted for Wall.

That came at the September 9 meeting. Buckley left the eastside to vote with the westside at the August 5 meeting on the hotly contested Sterlington school issue.

The factions lined up on the issues as follows:

1. Sterlington school construction — For, Spencer, Buckley, Bennett, Wall, Balfour, E. M. Finley, Holloway, Harry Wheelis and M. H. Head. 2. Voting Wall as president — Spencer, Buckley, Bennett, Balfour, Finley, Holloway, Wheelis, Head. 3. Banking shift — For Buckley, McVay, Wall, Balfour, Finley, Holloway, Wheelis and Head.

1. Sterlington school construction — Against, Palmer, Everett Zeagler, McVay, Marvin Shipp, Trousdale and Wayne McDonald. 2. Voting for Palmer — McVay, McDonald, W. B. Inabnet, Shipp, Trousdale. 3. Banking shift — Against, Palmer, Zeagler, Shipp, Trousdale, Inabnet, McDonald.

Governor's Opposition Indicated

(Continued From Page One)

the need at this time for a special session.

"I think the governor has proven by his actions in the past two legislative sessions he has tried to obtain enough funds to assure teachers their full salary scale."

"It is my sincere hope," Frazar continued, "that we will be able to continue the present teachers salaries at their increased level for a full nine months."

The teacher group failed in its public drive last year for a special session to raise the natural gas gathering tax.

Later, the 1958 Legislature with Long's support passed a one-cent boost in the existing levy of one cent per 1,000 cubic feet despite warnings of a possible court test.

The LTA a few days earlier was unable to find the vote strength to push through its own tax bill tripling the tax, in order to gain the full teacher pay scale approved by the Legislature in 1956. Teachers received half the pay raise in that scale and are continuing at that level

The 1958 session, with administration quarterbacking, adopted a law authorizing school boards to continue paying teachers their existing salaries instead of giving them a pay cut, until funds ran short.

Administration leaders said at that time the move would almost certainly produce a special session when school boards began to feel the pinch.

After the meeting with Frazar, Wimberly said the LTA executive group met to "discuss the financial condition of public education . . . . A number of school boards already have indicated schools will not be able to operate a full nine-month term."

"We want an opportunity to discuss this school financial crisis with the governor at the earliest possible date," he said.

During the last several weeks, Long on more than one occasion told news conferences he saw little use in summoning a special session without votes to enact any new revenues needed.

He indicated he would have to have assurances of the required two-thirds majority before he would consider acting.

While Long recently mentioned that some legislators are talking about a half-cent sales tax raise and higher liquor, beer and wine taxes, there is no sign of a change in the legislative barrier against new taxes.

Houston, is supervising the operation.

There was still no explanation for the cause of the explosion, nor was there any official estimate of damage.

Gangelhoff said the well was producing 1,530 barrels of oil daily and 950,000 cubic feet of gas per day.

Part of the rig, he said, will have to be dynamited in order for workmen to move in close enough in efforts to cap the well, located about 60 miles offshore.

The only body recovered thus far was that of T. P. Butler of Liberty, Miss. His brother, E. A. Butler of Libery, is among those missing.

Other oil rig workmen still unaccounted for include Daniel J. Hogan of Harvey, La.; W. A. Simmons of Houston, Tex.; A. J. Johnson of Ellinger, Tex.; G. J. Kidd of Beaumont, Tex.; and B. H. Puyear of Livingston, Tex.

Annual Church Convention Is Being Held Here

The Eighty-eighth annual session of the Louisiana Annual Conference of the Christian Methodist Episcopal Church, convening here, ends tomorrow, it was learned yesterday.

Meeting at Martin's Temple, 1908 Adams Street, the conference had for its theme, "Meeting the Challenge of the Hour Through the Christian Church." Sessions began Wednesday after a welcoming ceremony for the newly appointed Presiding Bishop A. W. Womack Tuesday night.

On hand to welcome Bishop Womack Wednesday evening was Mayor W. L. "Jack" Howard, Joe Ella Brown, Alice M. Jackson, Dr. S. D. Hill, Leslye M. Thomas, Rev. W. D. Milton, Rev. G. C. Wilson, and Rev. W. M. Dyson.

The sessions adjourns following the morning church service with the reading of the appointments by Bishop Womack.

Monroe Student Is Awarded $100

A Monroe student attending Louisiana Tech has been awarded a $100 check by the Louisiana Engineering Society, it was announced recently.

James E. Wyche III, a senior in chemical engineering, was given the scholarship check by the society's 1958-59 scholarship committee.

Says State Able To Keep Schools Going Full Term

SHREVEPORT (Special) —Louisiana schools must be kept open for a full nine-month term, Sen. Jackson B. Davis of Shreveport said recently, and the state has the money to do it without raising taxes.

The best way to do it, he said, is to effect economies in the state welfare program and the state education department. Too much money is being spent on the school lunch program and welfare activities, he said.

Rep. Jasper Smith of Vivian agreed with him and said that he, too, believed the regular school term could be guaranteed with money now on hand.

Smith said, "We can't let our children have only eight months of school. If they get only eight months the seniors who are supposed to graduate this year won't be able to go to college because they won't be accredited."

"It is a cause of great concern to all of us," Sen. Davis commented.

Monroe Man Is Hurt Slightly In 2-Car Wreck

Two cars collided six miles south of Monroe on U. S. Highway 165 yesterday slightly injuring a Monroe man.

State Police reported Sam W. Taylor, 29, of Rt. 2, Box 91, Monroe, was taken to St. Francis hospital for treatment of minor injuries.

Troopers said Taylor was headed south, attempted to turn left off the highway, when a car travelling behind him attempted to pass.

The other car was driven by Jesse Ross Coles, 45, of Toledo, Ohio officers said. Coles was not injured. The collision occurred about 1 p.m.

Sen. Kennedy At Corn Contest

CEDAR RAPIDS, Iowa (AP)—U.S. Sen. John Kennedy (D-Mass) told a National Corn Picking Contest audience near here Friday that Secretary of Agriculture Benson has spent more of the taxpayers' money than any previous agriculture secretary.

Kennedy, a possible candidate for president in 1960, said also that Benson has acquired more surpluses and has cost the farmers more income despite rising food prices.

The senator's speech preceded one by President Eisenhower.

It Might Have Been

Single decisions often change the course of a nation's history and as we look back we think how different things might have been if another plan had been adopted.

A recent statement by former Secretary of State James F. Byrnes brings such thoughts as these sharply into focus. The former secretary said he never felt any animosity toward the late President Franklin D. Roosevelt because of the fact that Roosevelt broke his promise to make Byrnes his vice-presidential candidate. Yet this decision on the part of Roosevelt undoubtedly went far in carrying the United States down the road to socialism and away from the democratic, states' rights position contemplated under the United States constitution.

Writing in the current issue of a national magazine, Byrnes, who barely missed being selected as Roosevelt's running mate, admitted he was "disappointed and hurt" when the president, "notwithstanding his promises," picked Harry Truman for the post.

Byrnes stated that for a period of four years Roosevelt had encouraged him to seek the vice-presidential nomination, first in 1940 and more positively in 1944. He quoted Roosevelt as saying:

"You are the best qualified man in the whole outfit and you must not get out of the race. If you stay in, you are sure to win."

The former secretary of state added that shortly before the convention in 1944 he had been assured by Party Chairman Bob Hannegan that the vice-presidential nomination had been "settled" in his favor and that President Roosevelt had given his approval.

Even then, however, the socialist forces were at work and they were able to dissuade President Roosevelt from his better judgment. Regarding this, Byrnes said:

"It developed that I was unacceptable to Sidney Hillman, the head of the C.I.O. Political Action Committee, and to Boss Ed Flynn of the Bronx."

At that time Hillman was head of the Congress of Industrial Organizations and Roosevelt was afraid he would incur the wrath of the labor elements if he went against their wishes. He bowed to the demands of these men and, in doing so, took away from the south its best chance of fair representation and from the nation its best opportunity to preserve American democracy.

Henry Wallace, former secretary of agriculture, who had served as vice-president under Roosevelt, was considered too wild-eyed and radical even for the socialists to want as a possible president and was shunted aside.

Byrnes was the logical man and the one who could have carried this country along on a solid, fundamental basis, upholding the truce principles of the American constitution. Byrnes, a southerner from South Carolina, would not go along with labor's socialistic program, and for that he was also shunted.

Rosevelt then selected Harry Truman, the Missouri jack-in-the-box, whose political success had depended on political boss-ism—and the course of history was changed.

If Byrnes had been named vice-president and had succeeded Roosevelt as president, as did Truman, he might have turned the whole country against socialism. Truman continued on down the socialistic road that had been mapped out for him.

If Byrnes had become president the chances are that the country would not now be under the thumb of the federal government in the attempt to force integration by the use of federal troops. The chances are that states' rights would have been upheld, instead of being trampled on. If he had become president, it is altogether likely that we would not now find an extremely large percentage of our congressmen bought and paid for by labor bosses.

Voting Pressures

Voting pressures and fears of voting pressures in the north are largely responsible for attempts by northern state congressmen to force integration of all kinds upon the people of the south. This has been brought about largely by a shifting population.

New York has become the state with more Negroes than any other and most of them are in New York City. Illinois, and especially Chicago, has more Negroes than Tennessee, Arkansas or Virginia.

Unfortunately, the migrants are usually of the wage-earning class and age. This leaves behind in the south the aged, jobless and children, giving the south a heavier proportionate burden of support.

Edward C. Burks of the Baltimore Sun staff has shown how fast the change has been made since the 1950 census in a set of figures published in the Memphis Commercial Appeal.

Although the Negro migration to such cities as New York and Chicago has been heavy, the percentage of Negro residents is small because of the tremendous number of white residents. New York state's population is only eight per cent Negro and Illinois has a fraction over nine per cent. Mississippi still has the highest percentage—46. South Carolina has more than 39 per cent and Louisiana 32 per cent.

Until recently, school integration troubles have been found chiefly in the border states of smaller Negro percentages than in deep south states of really large proportions. This was true because in the deep south states no efforts at integration were made up to the time the federal government decided to force integration on the south, against the will of the white people and largely against the will of the Negro people, who are satisfied with the fine school facilities they now enjoy.

During the unsettled recent years there have been frequently expressed hopes that more Negroes in the north would give the northern people a better understanding of the problems faced in the south. Looking at these new figures, we wonder how the north is going to learn much about the facts of life in a rural southern county in which more than half the people are Negroes, particularly in view of the fact that most of the migrating Negroes are wage-earners while many of those left behind are not. The Negroes who have moved north have gone to the cities and they are a long way from becoming more than half of the population of any northern city.

Despite this, they have become numerous enough to hold the balance of power in some big cities, including Manhattan, and that is what has aroused the activities of the office-seekers.

Errol Flynn says it is often the case that when he has to kiss the leading lady in a movie production, she has been eating garlic. He's a much better actor than we had thought he was.

Nature does things better. A bird's landing gear never gets stuck, causing him to have to make a belly landing.

Is there any person, business, governmental unit, group or organization of any kind or class whatsoever in the whole wide world which doesn't believe that he, they or it needs more money?

A suicide left a note reading, "I am killing myself because life is boring." It could be that he will find death rather monotonous after several hundred centuries.

At the rate the troposphere is becoming crowded with air traffic, it will not be long before express planes will have to be routed in the stratosphere.

"In the spring a young man's fancy lightly turns to thoughts of love." And then some girl inveigles him into translating his thoughts into action—and the poor guy is hooked.

"A bill has been introduced in the Arizona legislature to incorporate the Ten Commandments into the laws of the state."— laws, with the exception of the edict against making graven images.

BASCOM TIMMONS

Washington Capital Of Political Leadership

Washington is the capital of political leadership in the United States, but this year the head men in neither party exhibit much discernment of the influences which have built up the Democratic trend in the 1958 congressional elections.

It may also be said that voters themselves in many instances are confused. Party registrations in general do not confirm the apathy of which President Eisenhower and other Republicans have complained. This is demonstrated by total figures, running about 3,000,000 behind those of 1956, which isn't at all bad for an off election year.

Between now and the Nov. 4 election, less than three weeks away, the swing which the Republicans hope to bring about through the efforts of President Eisenhower and Vice President Nixon, now both complaining vigorously, is generally held not likely to materialize. It seems too late for that.

At this juncture neither national party chairman Meade Alcorn for the Republicans and Paul Butler for the Democrats seems to be helping much in what has been a mixed up campaign, and many other leaders are confused as to what will be the real vote determining factors.

The safe Republican seats, conservatively estimated at not more than 42 in the Senate and 180 in the House are in districts which have been safely GOP over the years, indicating that the estimated losses — five in the Senate and 20 in the House — will be in states and districts where the party cannot hang on in the face of dissatisfaction of various sorts.

The safe districts are those where unemployment is low, good crops have helped the farmers and business has shown scant recession, if any. But the whole picture shows a Republican party decline that is not for the good of the country, which depends upon fairly matched parties for the best balance in a government of checks and balances.

The best examples of reported Republican decline are in Pennsylvania and California, each of which has now 17 Republicans and 13 Democrats. In each of these, Democrats predict on good authority that the margin will be reversed, that they will elect governors and senators to succeed where the present incumbents are Republican and a Democrat to succeed a Democrat as governor of Pennsylvania.

It is an old political maxim that off - year elections are motivated by voters who oppose what they do not like, rather than supporting what they favor. This could be true in 1958, and if it is, President Eisenhower himself, facing two more years in office and constitutional ineligibility for reelection will learn something about the temper of the American people.

This will be no popularity contest for the President nor will it be easy to reckon how many voters are cast for Democrats by voters whose favor the President has lost, but there is wide belief that his leadership is now at its weak point and that the election will be interpreted as a referendum on the present feeling about the whole administration.

For example, Republican complaints about lack of conservative contributions has real basis this usually come through in the late weeks rather than the early stages. But businessmen in large numbers feel this year that the conservatism has shown the party no longer to be their favorite, and are inclined to be middle of the road Some of them dislike the anti-trust activity of the Department of Jistice, while others say that Eisenhower Republicanism has failed to point the way back to a sound economic policy.

Whether the blame for unemployment can rightly be placed on the Republican party is questionable, for high pressure salesmanship has resulted both in overproduction and over buying, two factors which caused a chain reaction that figured in previous depressions, big and little. And were it not for billions in government orders, unemployment would be vastly greater than it is.

Big states where the Republicans feel they are doing all right are New York and Ohio. Illinois, too in this category, though it has no election for governor or senator. One of the more important sidelights in the whole picture appears to be the vote in six states — Ohio, California, Idaho, Kansas, Washington and Colorado — on right - to - work laws, which would ban the union shop. In Ohio, Idaho and Kansas, the law has its best chance. In California, due to divided Republican leadership it will probably fail.

BY DR. THEODORE R. VAN DELLEN

Winter Dreaded By Older Person

The older person with poor circulation dreads the coming of winter. The hands and feet are colder than usual and existing symptoms are exaggerated. No wonder the warmth of the southland looks so inviting.

Men and women who cannot migrate to Florida, Texas, or California should make an effort to protect themselves from the effects of the chilly breezes. This means warmer clothes, hose, and gloves as well as the use of rubbers or galoshes when it rains or snows.

Cold contracts the blood vessels and causes further curtailment in circulation. This may be disastrous to tissues that are having all they can do to function under ideal conditions. Hardening of the arteries is the most common cause of poor circulation after age 50.

The feet should be pampered when handicapped in this way. The situation is not hopeless, as there are many remedies and devices to enhance the flow of blood. But the feet must not be subjected to further damage if improvement is to be expected.

Cleanliness is a must. After bathing, the skin is dried thoroughly and rubbed with alcohol and massaged with cocoa butter, lanolin, or other greasy substance. This keeps the skin soft and discourages the formation of cracks and fissures, especially on the soles.

The nails should be cut properly, taking care not to nick the toes while doing so. Corns and calluses should be trimmed by an expert whenever possible.

Never use strong antiseptics, especially when criculation is poor. The majority of ringworm remedies and corn removers are in this category. The skin is in no condition to resist the burning effect of chemicals, as the next step often is gangrene. Avoid excess heat such as hot foot soaks and diathermy treatments because impaired circulation cannot handle the increased metabolism produced by this heat. Good results are obtained in the legs by applying heat to the abdomen.

Great care must be taken to prevent injuries, particularly when standing in a crowded bus or subway train. Gangrene has followed damage resulting from such mishaps as having someone step on your toe or dropping a brick on your foot.

TOO MUCH BLOOD

J. H. writes: What causes an overabundance of red blood cells?

REPLY

Known causes include certain types of heart and lung diseases, high altitudes, and dehydration. In primary polycythemia the cause is not known. The bone marrow works overtime and manufactures red blood corpuscles faster than they are destroyed normally.

FOOT ODOR

J. W. writes: What makes the feet smell? When I undress for bed I can hardly stand it.

REPLY

The odor stems from the presence of micro - organisms that thrive in the moist creases between the toes. You may have ringworm or allergy to the chemicals in the hose or shoes.

ANGINA MEDICINE

F. T. writes: Is it harmful to take nitroglycerine tablets for a long time for chest pain?

REPLY

Not if needed. This product is not habit forming. Send a stamped self - addressed envelope for our leaflet on angina pectoris.

HOW LONG

R. P. writes: What is the life expectancy in untreated lung cancer?

REPLY

One to two years.

Today's Health Hint—

Be happy with what you are doing.

Daily Devotion

Now I beseech you, brethren, marke them which cause division and offenses . . . and avoid them. — Romans 16:17.

One would think that, of all organizations, the church would be free of contention and strife. But such is not always the case. Mark the number of denominations which we now have and the wrangles that are constantly developing between different factions in the same churches — and the new churches and denominations that are being constantly established because of internal friction! All such things present a confusing picture to the skeptical and the non - Christian.

O God, help us to be Christlike in our attitude and in our spirit — that we may not misrepresent Thee. In Christ's name we ask. Amen.

FROZEN TRAVELERS?

LONDON (UPI)—Space travelers of the future may whiz through the cosmos frozen in a state of "suspended animation" to save food and oxygen. Drs. A. S. Parkes and Audrey U. Smith of the National Institute for Medical Research told a symposium on space medicine that they successfully had chilled mice, rats and dogs to a point where their heart beat and respiration cased for an hour or more. In most cases, there was complete recovery. But both physicians warned that any such process for human beings was far in the future.

SYLVIA PORTER

Stock Upsurge Not Surprising

The widely - touted upsurge in the stock market to all - time peaks in the past nine months isn't so much of an upsurge as it seems.

Actually, it's much smaller than the average increase in stock prices in the first nine months following previous stock market turning points in the past quarter-century.

The magnitude of the climb in stock prices since the business recession hit bottom in April isn't as spectacular as it appears.

Actully, it's about midway between the smallest and largest increases in stock prices in comparable periods of other business recoveries since World War I.

The fact that stock prices turned up before business hit its low and that the stock market was rising sharply during the worst months of the recession isn't at all extraordinary.

In every one of seven past business cycles, stock prices started up months before business touched bottom.

In short, no matter what you are hearing, reading — and thinking there is nothing especially unusual about the timing or size of the stock market upswing to date.

Maybe none of this comes as a surprise to you — but if so, you are an exception. For I have an office in the heart of Wall Street; my city apartment is within walking distance of the financial center of the world. Throughout this past winter, as the stock market rose in the face of dreadful economic news, the popular theory I heard repeated again and again was that this contrary action was most unorthodox, virtually without precedent.

As the stock market advance has persisted week after week since, there has been no missing the mounting warnings from Wall Street's professionals. As an illustration, from Arnold Bernhard, head of the nationally - known "Value Line Investment Survey" comes the flat statement, "The stock market is overvalued by approximately 30 per cent — in relation to earnings and dividends," and Bernhard forecasts a near-term setback of at least 15 per cent. From Eliot Janeway head of Janeway Publishing & Research Corp., comes the equally blunt comment, "The stock market is vulnerable no matter how you look at it," and Janeway believes today's levels present a short - term selling opportunity.

It was against this background that I read this week a privately-circulated letter of "Statistical Indicator Reports," published by economist Leonard H. Lempert in Great Barrington, Mass., and containing statistics on the stock market's performance in eight business recoveries since World Ward I.

It is now nine months since industrial stock prices — as measured by the Dow - Jones average — turned up and five months since general business turned up. How does the improvement in stock prices this time compare with earlier revivals?

This time, the stock market started up four months before the recession low was hit in April 1958.

But in five of seven previous recoveries, stock prices had been rising for at least four months before the recession low was reached. Stock prices started up 11 months before the 1953-54 recession bottom was hit in August 1954. "The four - month lead of stock prices prior to the recent general business turning point is relatively short . . ."

When October began, the stock market, on average, was 17 per cent above the level of April 1958 —five months ago.

At the five - month business recovery mark in 1954, stock prices, on average, were up 15 per cent. At the five - month mark in past revivals, stock prices have been up as much as 69 per cent. In magnitude, the current rise shapes up as "about midway" between the smallest and biggest rises.

Also when October began, stock prices were about 19 per cent above prices of nine months ago.

At the nine - month mark in the 1954 stock market recovery, stock prices were up 25 per cent. At the nine - month mark in previous rebounds, stock prices have been up as much as 41 per cent. "Following turning points in stock prices themselves, the current rise is definitely smaller than average . . ."

Of course the stock market can't be viewed in a statistical vacuum. The stock market is "people." The stock market is "mass psychology." The stock market is a "state of mind." And even the most complacent must squirm a bit as he realizes that since October a year ago, the Dow - Jones industrial stock price average has climbed almost 130 points!

Nevertheless, these statistics put the climb in perspective. In comparison with past performances, 1958's record is hardly unprecedented. It's not even unusual.

DR. CRANE SAYS

Parents' Religion Could Cause Death

Carolyn is dying for lack of a blood transfusion. But her father refuses to permit it, saying the Bible vetoes blood transfusions. Notice the far-fetched interpretation of the Bible which he uses to support his argument. And discuss this case in your high school classes, for it involves interesting legal points.

CASE Z — 348: Carolyn B., aged 7, lay at death's door.

Her physician recommended an immediate blood transfusion. But her parents belonged to a religious sect that vetoes blood transfusions.

They base their objection on a Mosaic rule, stated in Leviticus, which says we should eat "neither fat nor blood."

So the parents were letting their daughter die, because they argued that when we doctors inject blood into your vein, you thus are "eating" blood and consequently violating God's laws.

Actually, everybody literally eats blood. That is especially true of all meats, for muscle tissue ALWAYS has blood in it.

And even if you are a vegetarian, you swallow blood many times from your own nosebleed.

So this attempt to be an extreme literalist regarding that veto of blood, is impossible.

Besides, we all eat fat, too, either of the animal or vegetable variety.

I am simply pointing out the folly of trying to pick out little Mosaic rules and apply them literally.

In Carolyn's case, a legal action was launched to see that she got her blood transfusion.

But this problem brings up an interesting point as to where the rights of the individual must be curbed by the will of the mature adult majority.

For example, many people have recently argued that it was a violation of personal liberty to fluoridate the drinking water in our leading American cities.

"Let those who want to use fluoridated water do so," is their argument. "But don't force it upon all the citizens in town."

In line with that argument, it would have been possible to have added a trace of fluorine to table salt, as was done in 1924 with reference to iodine.

But the state feels that when the welfare of ALL children is at stake, the mature adult population, when fortified by the opinion of the leading scientists, should step in and do what is good for youngsters, without waiting till they grow up to make their own private decisions.

Thus, we have compulsory laws about vaccination against smallpox and polio and diphtheria.

Furthermore, we compel dairies to pasteurize their milk so that the germs will be killed or so weakened that tuberculosis and other milk-borne maladies will be prevented.

"But the majority isn't always right!" somebody may argue.

And that is correct. No better example could be found of the faulty nature of majority vote than Pontius Pilate's courtroom, where a true democracy was perfectly demonstrated, with men, women and children apparently having a right to vote.

And they voted 100 per cent wrongly! Even in spite of Pontius Pilate's own admission that the accused Jesus was entirely innocent!

However, in these modern times, when we assume that people are able to read and have heard the arguments of scientific authorities who concur in a definite medical action, if a majority of the voters then decide on fluoridation or vaccination or pasteuriation of milk, that action is undoubtedly wise.

The state thus acts as a glorified foster parent to children.

In a totalitarian nation, it may be a Fagin type of parent, but in our free land, the state is a pretty good foster father and mother.

Your Sweetest Day

THIS TIME each year I love you in . . . A very special way . . . As this occasion everywhere . . . Is known as "Sweetest Day" . . . For who could be as sweet as you . . . And who could ever be . . . So faithfully affectionate . . . And wonderful to me? . . . I bring you now these flowers fair . . . Of every fragrance sweet . . . And in this box with ribbon tied . . . Your favorite candy treat . . . Of course these are not adequate . . . To say the thanks I owe . . . But I do hope they emphasize . . . I really love you so . . . God bless you on this Sweetest Day . . . The best in life to you . . . And may I be the one you choose . . . To help your dreams come true.

IN DISTRICT COURT

Trial Dates Set On Murder Cases

Four murder cases and one involving a charge of manslaughter will be tried during November in Fourth District Court.

Judge David I. Garrett yesterday set the dates of trial for four men indicted by the Grand Jury on murder charges, and the fifth, charged with manslaughter.

All are Negroes.

Trial dates are as follows: Nov. 3, Isiah Lee Banks. Nov. 5, Enoch Green. Nov. 6, Joseph Johnson. Nov. 18, Bynum Patterson, Sr.

Robert Moore will be tried on Nov. 17 on the manslaughter charge. All five men pled not guilty of the charges yesterday in court.

In other action, Samuel Gray, 20, Negro of 17A Texas Avenue, was sentenced to six years in the penitentiary for simple burglary.

He was caught by Monroe police, who found him hiding behind a counter in Hailes Super Market, 1001 Texas Ave., they said.

John Shaw, Jr., 30, Negro drew one year in the parish jail for aggravated battery. He was charged with stabbing Lucille Edwards, Negro.

James Gibson, Negro, admitted having one-too-many wives. He was remanded on the bigamy charge, until a pre-sentence investigation can take place.

J. D. Fletcher pled guilty to three counts of attempted theft, and three counts of theft which totalled $17.

SENTENCED

He was sentenced to six months in jail on each case, with the sentences not to run concurrently.

O. C. Fletcher, charged with two counts of attempted theft, theft of $10 and of $3.00, denied guilt and will be tried on Dec. 5.

W. F. Olive, who previously pled guilty to driving with switched license plates, was fined $25 or 10 days, plus 10 days compulsory in jail. The balance of the jail sentence will be suspended on payment of the fine and court costs.

Tommy Kowen pled guilty to driving without a license; Marion Woods admitted driving with an improper muffler. Both were fine $25 or 10 days. Kowen also drew 10 days compulsory in jail.

In cases set for trial, charges of failure to post bond, against William C. Monk, were partially heard and the case was continued until Monday.

William W. Tanner was tried, found guilty of reckless driving and fined $25 or 10 days.

Charges of driving without a license against Dave Beckwith were passed over. Officials said that he was in the city jail. The court dropped charges of failure to post bond against him.

Monroe Phipps changed his plea to guilty and was fined $25 or 10 days for driving without a 1958 license plate.

Willie Turner pled guilty to charges he permitted an unlicensed minor to drive a motor vehicle. He was fined $25 or 10 days.

Tried and found guilty of driving with defective brakes and without a driver's license was William W. Swinney, fined $25 or 10 days on each offense.

Charges of driving while intoxicated and reckless driving against Huey P. Wheeler were continued until Nov. 4.

OTHER CASES

In Juvenile Court, Billy Reno and Sammy Hoy each denied charges of indecent behavior with a juvenile, and trial for each was set for Dec. 12.

The following persons were arraigned yesterday in Fourth District Court:

On charges of speeding, Algenon C. Ransom, Amos A. Smelser and Vernes Fincher were each fined $5. J. C. Knight was fined $25 or 10 days, and Herbert E. Tedeton was fined $100 or 30 days. Tedeton denied charges of failure to post bond, and no trial date was set.

Charged with driving while intoxicated were: Natheniel Banks, trial set for Nov. 28; Walter B. Carson, Sr., trial set for Dec. 12; Malcolm H. Emory and William H. Harris, each of whom pled guilty and were fined $300 or 60 days in jail.

J. H. Beebe and Billy Jack McBride each was fined $25 or 10 days after they admitted disturbing the peace.

Reckless driving resulted in a $25 fine or 10 day jail sentence for Lawrence T. Bryant, Derrick K. Daily, McHenry Jackson, Aubrey Hollian Launius, John C. Smith and Daniel Smalling.

Arthur S. Harrelson denied reckless driving charges and trial was set for Dec. 12. Martin A. Wheeler, listed on yesterday's docket, had already pled guilty on Oct. 16.

Driving without a license drew a $25 fine or 10 days in jail for Arthur Curry, Jr. Guy Belvin Futch drew the same sentence, plus 10 days compulsory in jail.

Boy Williams was fined $25 or 10 days for driving without a chauffeur's license and Roy R. Allen drew a $25 fine or 30 days in jail for fraudulent use of a driver's license.

John L. Ford denied charges of driving with defective brakes and failure to post bond. Trial was set for Nov. 28.

Also charged with driving with defective brakes were Henry Frank Haley, Frank J. Outley, and Ed Pressley. Each pled guilty and was fined $25 or 10 days. Outley was fined $5 or 10 days for failure to post bond and Pressley drew a $25 or 10 day sentence on the charge.

Ruby M. Henderson denied driving with an improper muffler and trial is set for Dec. 5. Obar Loyd and Sarah Ann Taylor each were fined $25 or 10 days for driving with an improper muffler.

Ernest Southern pled guilty to improper parking and was fined $25 or 10 days.

Pleading guilty to permitting an unlicensed minor to drive a motor vehicle was Elmer E. Thompson, fined $25 or 10 days.

Arraignment for John C. Rogers, listed on the docket as charged with issuing four worthless checks, was postponed until November.

Leroy Chargois pled guilty to two charges of purchasing beer for a person under the age of 18 years, and was fined $50 or 30 days on each case.

Edith Bell pled guilty to a charge of false swearing, and was remanded until a pre-sentence investigation is conducted.

The following charges were dropped:

Edward H. Curry, Jr., charged with driving while intoxicated; James M. Steele, charged with two counts of issuing worthless checks; and Bobby C. Shumate, charged with reckless driving.

Area Students Attend Boston Frat Convention

Three area Louisiana Tech students recently returned from the national Tau Beta Pi convention in Boston, it was learned yesterday.

Attending the confab as delegates or alternates were Gayle English, Sterlington; Tom McBride, Monroe; and Jim Wyche, also of Monroe.

Tau Beta Pi is a honorary engineering fraternity and its members must be in the top 20 per cent of those majoring in engineering.

While at the three-day convention the delegates attended business meetings, dinners and other social functions. Before returning to Ruston they toured New York City and Washington, D. C.

POSTS BOND

A Roanoke, Va., man was free on bond after he was arrested by Monroe Police yesterday on a charge of driving while intoxicated.

Officers identified the man as John H. Duchkar, 35, of 1017 Second St. Roanoke.

Duchkar posted a $437.50 property bond and was scheduled to appear in city court Wednesday.

CALLING ALL TIGERS — LSU's four pretty cheerleaders turn on a homecoming smile as an invitation to LSU alumni to return to the Ole War Skule campus October 25 for the annual homecoming clebration. The pretty coeds are Stephenie Campbell, Hymel; Toni Whittington, Natchitoches, and Judith Rome and Bobby Chachere of Baton Rouge. They will perform in Tiger Stadium Saturday night when LSU's Tigers play the University of Florida. The campus will be decorated with the Florida colors of orange and blue along with the LSU purple and gold.

Union Agent Here Is Sued; $30,920 Asked

A Shreveport man is suing a local union agent for $30,920, charging he was deprived of his right to work while in Ouachita parish.

H. N. Borden is suing James Patrick Brady of Monroe, business agent of Local No. 659, United Association of Journeymen and Apprentices of the Plumbing and Pipe Fitting Industry of the United States and Canada; Walter Veach, president of the Local, and Sidney Flynn, its secretary.

Borden states that he is a member of the International Union, and on July 7, 1955, moved from Shreveport to Monroe. He brought his card from Local No. 141 in Caddo parish, he adds.

The suit claims that Borden obtained work but Brady refused to accept Borden's clearance card or to grant him a work permit. It adds that Brady refused to assign Borden any jobs, and prohibited him from any work other than about four days.

Borden states that he sold his home in Monroe and returned to Shreveport.

He states that as a member of an International Union, he is entitled to employment in any part of the United States, and asks that the court order Brady to accept his clearance card and issue a work order.

The suit also asks $19,920 for loss of wages for a minimum of 166 weeks, at $120 a week; $1,000 for loss in value of a home by forced sale; $5,000 for mental anguish and humiliation; and $5,000 for the inability to obtain employment.

8 Local ROTC Cadets Attend Colo. Assembly

Eight ROTC cadets from Northeast State are attending the national assembly of the Pershing Rifles Fraternity at the University of Colorado, Boulder, Colo.

The Pershing Rifles was founded in 1894 by Gen. John J. Pershing of World War I fame. Twelve regiments with companies at colleges and universities throughout the United States are included in the organization.

Attending the five-day meet which opened Thursday from Northeast are: Cadet Capt. Obed Kirkpatrick of Hodge, head of the college unit; Glenn Fleming and Gene Hennigan, both of West Monroe; Lynn Jones, Ferriday; A. C. Liles, Winnsboro; Frank Machen, West Monroe; Jimmy Moore, Ferriday; and Gerald Thorn, Monroe.

City Courts

WEST MONROE

Seven cases were heard yesterday in West Monroe City Court. Six people forfeited bonds and one person was fined for minor traffic violations.

Four persons forfeited bonds on speeding charges, two forfeited on charges of running a red light, and one man was fined for reckless driving.

A total of $122.50 was collected on the charges.

MONROE

Monroe City Judge W. M. Harper returned 43 sentences in court yesterday — 42 of which were on minor traffic and civil convictions.

He fined John H. Holman, 79, of 203 Sixth St., $325 or 325 days in default on combined charges of discharging a firearm in the city limits, carrying a concealed weapon, and appearing intoxicated.

MCELROY IN HONG KONG

HONG KONG (UPI)—U.S. Defense Secretary Neil H. McElroy arrived in this British crown colony Friday and said he would relax between "very pressing business." McElroy, who is on a fact-finding tour of the Far East, flew here from Manila where he conferred with Philippine President Carlos P. Garcia on the modernization of his country's military equipment.

Advertising Tax Is Ruled Valid By Appeals Court

ANNAPOLIS, Md. (UPI)—The Maryland Court of Appeals Friday ruled that Baltimore's controversial advertising tax, which critics assailed as an infringement of freedom of the press, is invalid.

The state's high court, in a unanimous opinion, thus sustained a lower court ruling which agreed that the tax threatened press freedom.

The tax of 4 per cent on buyers of advertising and 2 per cent on interests selling it has been repealed, effective January 1, 1959, as result of City Council action shortly after it became effective last January. However, plaintiffs attacked it in principle and were determined to win a court ruling to prevent a similar tax in the future. A second important point that led to a court test was the fact that an estimated $1,500,000 has been collected under the ordinance, money the city now will be obliged to refund.

Department To Renew Travel In Red China

WASHINGTON (UPI) — The State Department said Friday it is again renewing permission for representatives of 25 American new organizations to travel in Red China if the Communists will let them in.

Department spokesman Lincoln White said current passport validations for this purpose expire Oct. 22. He said the department already has notified the 25 news organizations that the United States is prepared to renew the validation for seven months.

It was the second such renewal. The department on Aug. 22, 1957, in response to repeated demands from American news gathering organizations, decided to amend the passports of representatives of 24 news gathering organizations to permit them to go to Red China if the Communists granted permission. Since then, additions and deductions from the list have left 25 organizations on it.

The Chinese Communists refused to permit the reporters to enter the country because Secretary of State John Foster Dulles declined to accord reciprocal visas to Chinese Reds bearing passports issued by the Peiping regime. The department renewed the American passport validations in March, 1958, for another seven months.

Only one American newsman has succeeded in gaining admittance to Red China. He was a representative of the Newspaper Enterprise Alliance who entered the mainland last summer and is now publishing his reports on the situation there.

AWARD ROAD CONTRACTS

WASHINGTON UPI — Contracts for construction of 360 miles of the federal - state highway system were awarded during September at an estimated cost of 211 million dollars, the Commerce Department said today.

Local 4-H'ers Get Lambs For Grooming

Twenty-nine lambs have been distributed among 4-H'ers in Ouachita Parish for grooming for the Delhi livestock show next February, it was announced yesterday.

The lambs were sold to the members for 25 cents per pound to be "grown-out and fitted" for the livestock show. The animals were of the Hampshire breed, according to E. L. Branch, assistant county agent for the parish.

In other club action, Achievement Day winners and members of Junior 4-H clubs with the most points will leave at 7 a.m. today from the Agriculture Building for a tour of the state fair at Shreveport.

Branch said the tour, sponsored by the Kiwanis Club, would return home at 9 p.m. today.

WINNERS

The winners going to the fair include: Clara Smith, Glenda Deville, Shirley Faye Ross, Barbara Allen, Truman Smith, Evelyn Coker, Jo Ann Miller, Vivian Miller, Margie McMullen, Reecie Futch, Cheryl Lee, Skipper Duffey, Roy Lee Duffey, Rita Duffey, Donna Borsch, Ann Lois Blakeney, Irma Tharp, Jimmy Tharp, Laura Gavoille, Sandra Naron, Angylyn Hart, Martha Arrant, Elaine Arrant, Betty Arrant, Virginia Dupress, Jerry Fletcher, Rebecca Quimby, Susan Landrum, Joe Brown, James Brown, Velma Brown, Joyce Hair, Wayne Dupree and James Holyfield, all from Logtown.

Zella Fae Brown, Brenda Custer, Billy Heath and Stephen Woodward, from the Calhoun Club; and Sue Caples and Carolyn Hollis from the Woodlawn Club.

SECOND DISTRICT WIN

West Monroe Cops 1-AAA Win Over Bastrop, 13-0

BASTROP, La. (Special)—West Monroe's title-hungry Rebels made Bastrop their second district 1-AAA victim, 13-0, here last night sparked by all-state candidate Jerry Stovall.

Halfback Stovall scored both the Rebel touchdowns, going five yards for the first and dashing 58 yards with a Bastrop punt for the other. Johnny Green ran up the middle for the extra point after the second touchdown.

West Monroe scored for the first time in the second quarter on Stovall's 5-yard trip. Stovall's attempted kick for the point after was no good. With the Rebels leading, 6-0, in the third period, Stovall took a punt on his own 42 and, reversing his field in a brilliant sprint, took it back all the way for the night's final touchdown.

Both teams threatened often in the game but Bastrop's never materialized. West Monroe had the edge in statistics, making 11 first downs to Bastrop's 8, gaining 240 yards on the ground to 124 for the local Rams.

Bastrop tried nine passes but connected only three for 70 yards. West Monroe hit on three of five tosses but gained only 29 yards and had one intercepted. Both teams lost two fumbles.

The win was West Monroe's second in district play against no losses and their fourth triumph overall against two losses. The victory left the Rebels as one of the top favorites for the 1-AAA title.

The loss left Bastrop at 3-3 for the year and 0-3 in the district.

Louisiana Open Lead Deadlocked

FRANKLIN, La. (AP) — Two Louisiana professionals shot three-under-par 67s under a daylong drizzling rain Friday to share a two-stroke lead after the first round of the 1958 Louisiana Open and Louisiana Professional Golfers Organization tournament.

Vernon Thwaites of Covington covered the first nine with a 32 breaking par by three strokes, and came back with a par 35. Jerry Stolhand of Lake Charles broke par on both nines with a 34 going out and a 33 coming in.

Three others beat par over the 6,262-yard Belleview Country Club course to tie for third. They were 1957 PGA champion Lionel Hebert of Lafayette who carded 34-35—69; his brother, Jay Hebert of Lafayette, with 35-34—69; and one of the state's leading amateurs, B. J. Murphy of Shreveport who shot a 33-36—69.

One stroke back with 70s were Ralph Sicks of Lake Charles, Bert Weaver of Beaumont, Tex., and amateur Shirley Picard of Lafayette.

Defending champion Frank Champ of Benton carded two-over-par 72 with his 37-35 to drop into a six-way tie at 10th place.

The field of amateurs will be cut Sunday to the low 15 for the final round.

A pro-amateur event started Thursday to kick off the tournament was completed in the morning after being cut short because of darkness Thursday night. On the team whose low 123 total stood up through the morning were Lee Comeaux of Lafayette and amateurs Reo King and J. E. Terrebsi, both of Shreveport, and Sammie Liles of Lake Charles.

Chuvalo Falls To McMurtry In 10-Rounder

NEW YORK (AP) — Pat McMurtry, staggered in the second round, chopped up young George Chuvalo of Toronto Friday night on the way to a unanimous decision in a blood-spattered 10-round bout at Madison Square Garden. Chuvalo bled from the nose and cuts around both eyes in the lopsided match.

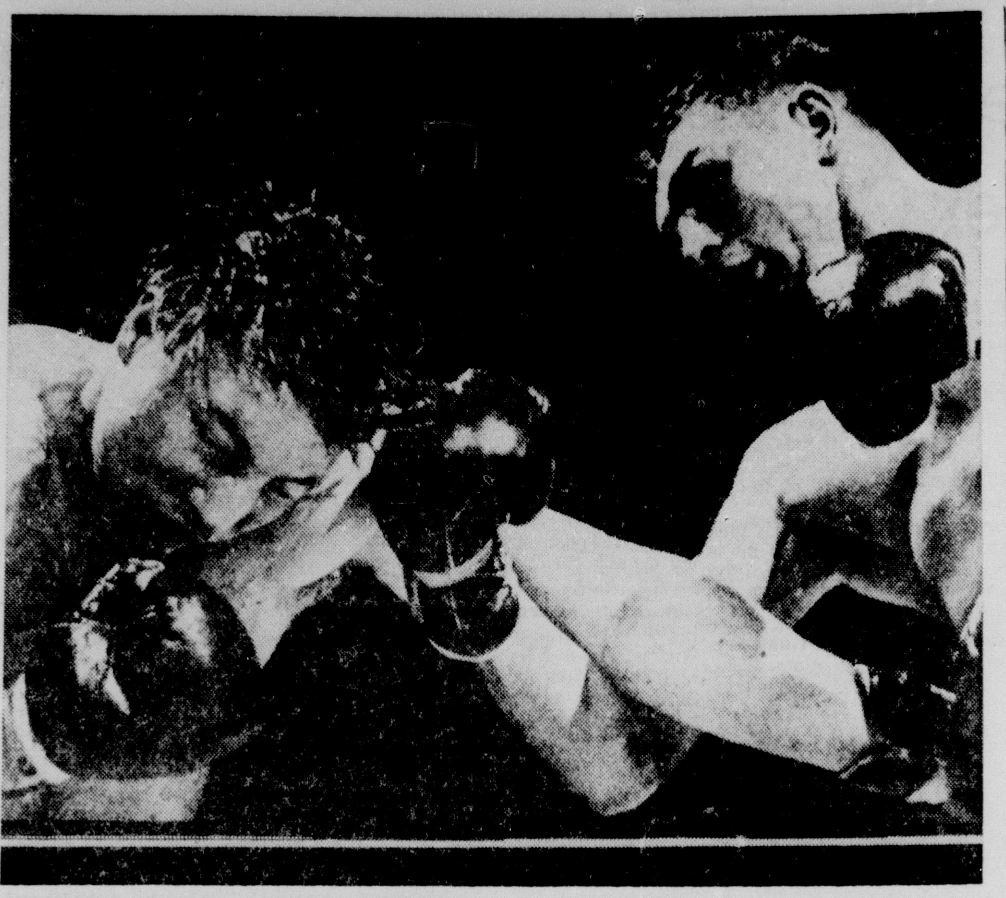
Chuvalo weighed 207½, McMurtry 188¾.

After the second round this was strictly no contest with McMurtry, 26-year-old Tacoma, Wash., boxer, romping home an easy winner. Using a jarring left jab and a right uppercut, Irish Pat took complete control.

Chuvalo, a heavy-legged left hooker, made it interesting for two rounds. A hook to the head staggered McMurtry at the one-minute mark of the first round. Two more hooks thudded home and it seemed for a moment that McMurtry surely must go down. But he shook off the punches while the 21-year-old Canadian gasped for air. This inability to continue his stout attack cost Chuvalo dearly.

At the start of the third, McMurtry, a rangy fellow who has 32 previous pro fights to Chuvalo's 14, found his weapon. It was his left jab that soon had Chuvalo, the slugger, backing up instead of crowding.

Soon Chuvalo was breathing hard with his mouth open, coughing periodically as though the blood from his red nose hindered his breathing.



WINNER MAKES CONNECTIONS — Pat McMurtry of Tacoma, Wash., right, lands a right to the tousled head of George Chuvalo of Toronto, Canada, in fifth round of their 10-round feature bout at Madison Square Garden last night. McMurtry won by a unanimous decision over Chuvalo, the Canadian heavyweight champion. (AP Wirephoto)

Yank Golfers Remain Tied In Japan Open

SAGAMIHARA, Japan (AP)—Two visiting American golfers, Ken Venturi and Jack Burke Jr., remained deadlocked with Torahichi Nakamura, Japan's Canada Cup champion, Friday after three rounds of the Japan Open Golf Championship.

All three shot subpar rounds of 37-36—73 over the 7,225-yard par 37-37—74 Sagimahara Golf Club course in Kanagawa Prefecture. After 54 holes, the trio had totals of 217.

In the first two rounds over the slightly shorter Tokyo Country Club course, Venturi had two par 72s and Burke and Nakamura each 73-71.

The tournament, sponsored by the Yomiuri newspaper chain, carries a top prize of $2,778.

Venturi, a 27-year-old San Francisco pro, played superbly steady golf. He hit 17 straight pars, then got a birdie four on the 18th. Burke had a bogey five on the first hole but made up with a birdie at the second and another at the 12th.

Yusei Shimamura, who tied for the lead in the first round, continued in fourth place with a 54-hole total of 219. Koichi Ono, Nakamura's teammate in Japan's 1957 Canada Cup team victry, shot a 2-under-par 72 Friday and advanced from eighth place to fifth.

In all, 33 professionals are competing in the four day tournament which ends Saturday.

Richmond In Upset Win Over GW By 26-6

WASHINGTON (AP)—Underdog Richmond shredded George Washington's defenses Friday night and barreled through the remnants for a 26-6 football victory, its first of the season.

Flouting the odds which made GW a one-touchdown favorite, Richmond scored once by air and twice by ground in the first half and with such a comfortable lead suffered none as its own attack dragged later on.

The Spiders demonstrated their split-T offense but gained most of their yardage with more conventional tactics and on George Washington errors.

TIGERS DOWN HAYNESVILLE

JONESBORO (Special) — Jonesboro-Hodge's Tigers took the sail out of the Golden Tornado of Haynesville here last night, held the visitors to two first downs and romped to a 13-0 conference victory.

The Tigers scored in the first and third periods, following a sustained drive and a recovered fumble.

Halfbacks Donnie Brunson and Morris Douglas scored for the Tigers while fullback Ronnie Carson was turning in a fine night of running.

It was Jonesboro's fifth victory of the season against two defeats and their first win in 2-AA play against a lone setback.

The Tigers scored their first touchdown late in the first quarter after Carson sparked their offense, pushing a sustained drive to the one. Brunson carried it over and Douglas ran the point.

Then the Tigers came back in the third period to recover a Haynesville fumble on the Tornado 40 and marched downfield until Douglas broke loose for an 18-yard touchdown trot.

Quarterback Johnny Garrett attempted to pass for the extra point, but threw incomplete.

Haynesville never threatened and made only one bonafied first down, the second coming as the result of a penalty. Jonesboro-Hodge rolled up 11 first downs.

PLAIN DEALING WINS

ARCADIA (Special) — The Plain Dealing Lions put up a goal line stand in the first quarter and bounced back to trounce Arcadia's Hornets 32-0 here last night.

Both teams went scoreless in the first period but it was the Lions all the way after left end Ed Brando took a pass and went 30 yards for pay dirt in the second quarter. The Lions lost a try for the PAT.

The half ended 6-0, Plain Dealing.

Lion right-half B. Malone kept things alive in the third period when he scampered 20 yards around right end for a TD. Quarterback A. Coleman went over for the point on a sneak.

Coleman opened up in the last period when he carried 21 yards around end for a TD but then lost the PAT attempt.

D. Matlock, Lion LH found a hole around right end again and took the ball for 28 yards. Substitute L. D. Malone carried over for the PAT.

While the Arcadia homecoming crowd watched, the Lions came back again in the last stanza to bring the score to 32-0.

Tht victory gave the Lions a season 4-3 record with a 4-1 in district 1-B.

It was the third district loss for Arcadia and their sixth straight loss for the season.

WISNER WINS

NEWELLTON, La. (Special) — Wisner rolled over winless Newellton, 18-0, here last night for its second 3-B victory of the year and fourth overall.

Although bested in the first down department, 9 to 8, Wisner put the game under control in the second quarter with two touchdowns. Fullback Joe Blair went 11 yards for the first one and then tossed to Bobby Howington on a 60-yard play for another.

Quarterback Phillip Dampier sprinted 50 yards for the final touchdown of the night in the third quarter.

BEARS BEAT COLUMBIA

JONESVILLE, La. (Special) — The Block High School Bears of Jonesville, behind the two touchdown effort of halfback David Wiley, rolled over Columbia's Crimson Tide, 28-6, here last night.

Bear halfback Tommy White got the Block eleven off to a quick lead with a first quarter touchdown run. Columbia's Butch Darden came back with a tally for the Tide to make the score 7-6.

Then Wiley and Doyle Sikes chipped in second period scores to give Block their commanding lead. Wiley wound up the scoring with a last quarter marker. Billy Edwards booted all four conversions for Block.

DRAGONS RAGE

MANGHAM (Special) — Mangham's Purple Dragons came roaring off a three-game losing streak to haunt the Start Owls here last night for a rousing 53-0 2-B triumph.

Scoring in all four quarters, the Dragons dominated the game from start to finish behind a hard-hitting forward wall and a group of backs who ran as if they were happy to be winning.

Halfbacks Dennis Evans and Donald Adams and quarterback Noble Ellington scored two touchdowns each while halfback Charles Ola Jones and back Glyn Stamper were hitting the end zone for a score.

Jones opened the Mangham assault in the opening period with a 13-yard touchdown run and Tommy Hendrix, who was to convert five times before the night was gone, kicked good.

Evans skipped around right end for about 15 yards and the touchdown in the second period and Ellington on a keeper scored not too long afterwards.

Then the little quarterback came back in the third period to go 44 yards for the touchdown. Adams ran 35 yards for another score in the same period.

Mangham ran in the second string in the fourth quarter, but the touchdown parade continued.

Adams hit Stamper on a 20-yard pass play that spelled six points and then intercepted a Start pass and scampered 52 yards to score again himself.

Evans ended the slaughter with a 14-yard touchdown run late in the period. It was Mangham's fourth win against three defeats. Start has lost six straight.

DELHI BEATS RAYVILLE

RAYVILLE (Special) — Delhi turned back a swarming band of Rayville Hornets to stay alive in the 2-A district race here last night, turning in a three-touchdown third quarter for a 26-19 victory.

The Bears came from behind twice for their sixth win of the season as the Hornets were able to move against Delhi better than any club this year.

Delhi has a lone setback, that coming at the hands of the powerful Tallulah Trojans, 6-0. No other club, except Rayville, has been able to score against the Bears.

Halfback Paul Hunter, a 132-pound streak of speed, scored twice for the Hornets, opening the scoring in the first quarter with a 35-yard dash and closing it in the finale on a 65-yard thriller.

Trailing 6-0, the Bears came back in the first period with Leo Coleman going 25 yards and Charles Hixon converting.

But Rayville returned in the second period, marched downfield for 60 yards and then quarterback Stewart Dyer sneaking into the end zone from the three. Billy Miler kicked good and the Hornets led at halftime, 13-7.

Then came the fatal third period. The Bears got off a sustained drive and quarterback Charles Simmons scored from the six. Minutes later the Bears were calling again and this time halfback Ken Newton plunged over from the three. Hixon converted.

A third sustained drive, this one carrying for 80 yards, in the third period sent the Bears to the one-foot line from where Simmons hit paydirt again.

Hunter's big run of the night came after Rayville was already defeated. He took a pitchout and raced the distance for the score. It was the Hornets' third defeat against the same number of wins.

BERNICE UPSET

COTTON VALLEY (Special) — Cotton Valley scored in the first, second and fourth periods here last night to upset Bernice in a 1-B district game, 27-0. It was the first loss of the year for Bernice.

Booker scored two touchdowns for Cotton Valley, one in the first and the second in the final. Carrol Flack passed to Bowell for Cotton Valley's second period score.

Mason ran the victors' final touchdown in the fourth period and Ratchell kicked three extra points.

MANSFIELD WINS

MANSFIELD, La. (Special) — Carl Hemphill pushed over two touchdowns to lead Mansfield to a 26-14 victory over LaSalle High School in a class 1-A conference scrap.

Hemphill crashed over from the five yard line in the initial period and converted to give Mansfield a temporary 7-0 lead. LaSalle's Don Long came storming back with a 12-yard scoring dash in the second quarter and Jerry Ingram's conversion made the score 7-7 at halftime.

On the first play from scrimmage in the third quarter Hemphill broke loose for a 62-yard scamper to paydirt. LaSalle tackle Jack Womack blocked his attempted conversion.

LaSalle scored their last marker on a 70 yard pass from quarterback Ingram to right end M.C. Richardson. Ingram kicked the point.

Mansfield's all-state tackle Alex Monsour got into the scoring column when he blocked a quick kick attempt by Bob Allbritton. Monsour then fell on the pigskin in the end zone for the score.

Gary Moore's last quarter pass to Scotty Brown from 12 yards out made the score 26-14. Womack again blocked the extra point try by Hemphill.

LaSalle's Allbritton was the defensive standout of the contest.

SICILY ISLAND, 27-6

SICILY ISLAND (Special)—The Sicily Island Tigers pleased a homecoming crowd and took their first District 3-B game by dropping the St. Joseph Davidson Warriors 27-6 here last night.

It was the Tigers all the way.

Tiger left-half Harold Watson got it started in the first quarter when he dashed six yards around right end to score. The try for the point after was no good.

Right half Charles Miller tossed 19 yards in the end zone to William Patton, left end. The same two Tigers took to the air for the point.

The second period was scoreless for both teams and the half ended 13-0, Sicily Island.

In the third period Miller and Patton were back in the air and again Patton took a 20 yard shot in the end-zone for a TD. And it was another Miller to Patton pass that scored the point after.

The Warriors still hadn't scored in the fourth period when freshman Tiger Johnny Young came into the game and raced 60 yards for the last Sicily Island score. Miller took the ball over for the point.

Tiger substitutions came thick and fast in the last quarter and Warrior right-half Stockstill pushed his team away from a white-washing when he went over from the 10. The point was no good.

The District 3-B clash was the Tigers' first conference win against none for Davidson.

TALLULAH, 25-7

LAKE PROVIDENCE (Special) —Dangerous Dan Neumann, back in his old touchdown style, scored two Tallulah touchdowns and passed for another to sink the Lake Providence Panthers here last night, 25-7.

Neumann, a highly sought-after college prospect, passed to end Wesley Pippin in the second period and later scored in the second and fourth periods after the Trojans had taken the lead.

A tricky reverse in the first quarter sent Tallulah ahead when Wayne Noland handed off to Gerald Collins, who went 75 yards for the touchdown. The kick failed.

Neumann sparked a Tallulah drive to the Lake Providence 24 in the second period prior to his touchdown pass to Pippin.

Jerry Fairbanks kicked the extra point following Neumann's third period scoring dash. Collins set up the Trojans' last score and Neumann carried it across from the six.

The Panthers' lone touchdown came in the third period when halfback Gene Edmondson got off a 21-yard run to the Tallulah five with Purvis Thomas carrying to within inches of the touchdown. He pilved over on the next play and Billy Regenold converted.

Neumann has been on the injured list most of the season, but came back last week for his first full game. Lake Providence fullback Bill Richardson sustained an injured shoulder in the hard-fought fray.

VIDALIA IN UPSET

WOODVILLE, Miss. (Special)—Vidalia handed Woodville, Miss., its first loss of the season here last night in an upset, 27-19.

The Louisiana team scored first on a 75-yard spring by quarterback Jimmy Trindle and Luther Andrews added the extra point. Woodville came back with Sessions going 10 yards for a touchdown and getting the extra points to tie it up at 7-all. Bill McDonough gave Vidalia a 14-7 halftime lead with a 6-yard scoring rush and Andrews again added the extra point.

Woodville tightened it up in the third period when Sessions scored again from two yards out but the extra point was no good and Vidalia still led, 14-13. McDonough upped the Vidalia lead with a 24 yard run and Trindle added the extra point.

Reeves scored for Woodville on a 45-yard pass play before Andrews finished off the Vidalia scoring with a three-yard run.

Vidalia had the edge in first downs, 11 to 5, over their strong Mississippi foe and outrushed the hosts, 285 yards to 180.

FERRIDAY TRIUMPHS

OAK GROVE (Special) — Ferriday used manpower and a 225-pound fullback named James Poole to outgun Oak Grove's game Tigers here last night, 26-7.

Poole scored three touchdowns, two in the opening period and one in the finale on a 35-yard kickoff runback.

He went 35 5yards for the first touchdown on an end sweep and then plunged over from the three following a sustained drive, both in the first quarter. He ran both extra points.

With the Bulldogs leading 14-0 at halftime, an Oak Grove pass skipped off the fingers of Tom Sawyer and was grabbed by halfback Freddie Morris who raced 70 yards for the third Bulldog touchdown.

The Bulldogs came back to grind out a 70-yard drive with Bill Bolding going in from the one. Swayer swept end for the extra point.

But the Tigers were penalized on the touchdown run and were sent back to the 25 to kickoff. Poole, a converted tackle, moved up to that position to take the kickoff.

He hauled it in and then outraced the Tigers for his third score of the evening.

Oak Grove lost five fumbles to Ferriday, but turned in a brave but futile effort to turn back the Bulldogs.

3rd Hole-In-One

LAS VEGAS, Nev. (AP)—Amateur golfer Jimmy Tessmer shot a hole-in-one Friday.

He did the same thing Thursday—on the same hole.

If he can do it again Saturday he'll get $10,000.

Desert Inn owner Wilbur Clark said he'll give Tessmer $10,000 if he can score another hole-in-one on the same hole Saturday.

Quinn Denies Conley Okay For Cage Play

MILWAUKEE (AP) — Pitcher Gene Conley's plans to play professional basketball during the off season were jolted Friday by General Manager John Quinn of the Milwaukee Braves who said the club would not permit it.

"He hasn't asked permission" Quinn said, "and I would not give him permissin if he asked."

Conley left Milwaukee Monday to try out with the Boston Celtics of the National Basketball Assn. Quinn said this was contrary to the Braves' wishes, and in violation of the standard player contract which forbids participation in any other sport.

"I don't believe baseball and basketball mix," said Quinn. "I don't like to see players in whom we have investments take part in anything where there is risk of injury. He might throw his arm out, or break a leg, or anything."

At Pittsfield, Mass., where the Celtics played an exhibition game Thursday night, Conley said that he didn't anticipate any difficulty with the front office. He said he agreed with Quinn that baseball and basketball do not mix but added "I just want to play basketball this winter. Considering how little I pitched this summer I think it's the best thing for me. Anyway, I haven't even made the Celtics yet."

The 6-foot-8 inch right-hander will be 28 years old Nov. 10. He played 39 games with the Celtics in the 1952-53 season. He quit the following fall.

Albie Pearson of the Senators, Roman Mejias of the Pirates and Willie Tasby of the Orioles will play with the Havana Reds in the Cuban Winter League.

IN 1-AAA TILT

Fair Park Dumps Ouachita, 20-7

SHREVEPORT, La. (Special) — Halfback Paul Lebenne scored two touchdowns and set up another to pace the Fair Park Indians to a 20-7 victory over the Ouachita Lions in a District 1-AAA conference battle here last night.

The game was very much in doubt for the first 24 minutes as both teams appeared to have left their offense at home and were deadlocked 0-0 at halftime.

With three and a half minutes gone in the third period Lebenne took a Lion punt on his own 25 yard line, faked a hand-off to Tommy Eisenhauer, and raced straight up field behind fine blocking for a 75 yard touchdown gallop.

Midway in the fourth quarter Lebenne's running led the Indians to a score. He broke loose on runs of 22 and 7 yards to put the ball on the Ouachita one. Fullback Bob McGlothlin plunged over for the tally.

Late in the quarter it was Lebenne again for a score. Quarterback Danny Fairley tossed a 20 yard aerial which Lebenne grabbed and stepped into the end zone.

McGlothlin booted two Indian conversions in three attempts.

The Ouachita offensive finally began to click late in the game and with fifteen seconds remaining, quarterback Rex Carter capped a 66-yard drive with a 3-yard turn around end for a touchdown. Carter passed to end Johnny Roach for the extra point.

The victory gave the Indians a season's record of four wins and three losses and a 2-0 conference slate. The Lions stand 3-4 for the season and 1-1 in district competition.

HOWARD GOES 54

Neville Tumbles North Caddo, 20-7

VIVIAN, La. (Special) — Gene Howard went 54 yards in the last four minutes to break a 7-7 tie and Neville went on to a 20-7 victory over North Caddo here last night in a meeting between two class AA teams.

Howard's dash avoided what looked like an upset tie. Neville, already the district 2-AA king, had been heavily favored. The win left Neville with a 4-2 mark for the year while North Caddo is left with a 1-6 record.

Joe Turner kicked the extra point after the Howard touchdown for a 14-7 Neville lead and the Monroe Tigers came back with another score in the waning moments when halfback Joe Cage went five yards.

Neville scored first in the game when quarterback Joe Turner ran 10 yards for a touchdown in the second quarter. Cage kicked the extra point. North Caddo tied it up just before the halftime gun sounded when quarterback Larry McCord went 14 yards. Teakus Weaver kicked the point-after-touchdown for a 7-7 deadlock at the half.

Date Of Golden Gate Tourney Switched Again

SAN FRANCISCO (AP)—Sponsors of the $45,000 Golden Gate Championship Golf Tournament announced Friday they have switched their original dates so not to interfere with the traditional California State amateur events.

Originally planned for Sept. 14-20, the Open was set up a week to have dates of Sept. 21-27.

The Golden Gate championship will be a 72-hole medal event with $40,000 in prize money for professionals with the other $5,000, to the leaders in the pro-sponsored event which precedes.

Harvard is playing its 85th season of football.

Cowboys, Indians Battle Tonight At Lake Charles

Northeast and McNeese play their annual game of Cowboys and Indians tonight at Lake Charles and, horse opera scripts and past history to the contrary, the Redskins have a chance in this one.

The only unbeaten team in the Gulf States Conference with a 4-0 mark, Jack Rowan's Northeast Tribe can be school's first grid team to beat McNeese on the field in an 8-year rivalry. The Cowboys have won seven times but an ineligible player in 1956 cost them a 12-0 victory that went on the books as a 1-0 Northeast triumph.

With football fervor at a high pitch at Northeast, a train load of Indian fans will make the trip to Lake Charles for the 8 p.m. clash at Wildcat Stadium.

Winner over Southwestern in their only GSC start, Northeast will be meeting a team that began the season as one of the favorites in the conference but has disappointed with losses to Sam Houston and Louisiana Tech. The Cowpokes opened with a 21-0 win over Southwest Texas, lost to Sam Houston, 12-6, bested Northwestern, 25-8, feil to Tech 17-0, and edged Louisiana College, 7-0.

Usually a high-scoring outfit, McNeese has sputtered offensively this year, especially in the aerial department. The Cowboys have thrown only 18 times and have connected on only three.

On their fastest getaway from the gate in history, Northeast will rely on the passing of Everett Reynolds and Bob Randel and the running of Robert McGough, Jim Laudadio, Smokey Stover and Lloyd Ray Smith. Smith, dropped to the second unit the past week, is the leading Indian rusher with 260 yards while McGough has 191 yards.

Ends Joe Driskill and Jim Knox spearhead Northeast's defensive front along with tackles Luther French and Jim Brent, guards Fred Feeney and Roy Cagle, recently promoted to the first team, and center Buck Anderson.

Quarterback Sammy Stribling, the Cowpokes' leading scorer with 18 points gained on the ground, will direct the McNeese attack.

Leading McNeese defensively, Wilbert Zimmerman, left linebacker has made 37 individual tackles and is a key man in the line.

Top ball-packers for the Cowboys are Fullback Bobby Magee who has carried the ball 54 times netting 266 yards and a 5.0 average; Harold Thomas has carried the pigskin 24 times for 109 yards and a 4.5 average. He has taken over for Magee in the last few games.

Two hometown boys from Jeanette, Pa. will forget they are buddies for 60 minutes when they meet each on the gridiron. Right halfbacks Jim Laudadio of Northeast, the GSC's leading scorer, and Frank Gounder of the Cowboys will each be seeking to add to his laurels at the other's expense. The two often ride home together during vacation periods.

The Indians will enter the ball game without any hampering injuries after an extra week of preparation from an open date on October 11.

"The spirit is higher this week than it has been at anytime this year," Rowan said of his workouts, adding, 'the boys have really been hustling through their drills."

Probable starting lineups:

Northeast	
Jim Knox (220)	LE
Luther French (205)	LT
Alfred Fenney (200)	LG
Sidney Anderson (195)	C
Roy Cagle (205)	RG
James Brent (205)	RT

CROSS COUNTRY

Between the halves of the Northeast - McNeese football game tonight, the schools' cross country teams will continue a budding rivalry. McNeese edged Lew Hartzog's Northeast thinclads week before last when Indian runner Buddy McCullen corrected an official's error after Northeast had been declared the winner.

IN OYSTER BOWL

Green Wave Set To Battle Navy

NEW ORLEANS (Special) —The Tulane Green Wave, a young improving grid team that has come close but failed to win in three out of four of its starts to date, goes after another big foe this week end meeting Navy in the Oyster Bowl at Norfolk, Va.

A sellout crowd of 30,000 will be on hand for the contest sponsored by Norfolk Shriners. It will be the fourth meeting between the teams, with Tulane taking a record of two victories and one tie into this week's game. Tulane won 21-6 when the teams met last here in 1956. The 1950 game was also won by Tulane at Baltimore, 27-0, and the other game, played in 1949, ended in a 21-21 tie.

Coach Andy Pilney will send the same starting lineup out against the Middies that faced Ole Miss here Saturday night. That eleven had four sophomores sprinkled in among three seniors and four junior lettermen.

The Sophs are left end Phil Heffington, left guard Sprio Cosse, left halfback Percy Colon and fullback Tom McClellan. All have turned in good performances in previous starting assignments. Cosse made his first appearance in a Tulane game when he drew a starting role last week against Ole Miss. Switched from center to guard to play the middle linebacking post he was one of the defensive leaders in that game.

Other starters against Navy will be Leo Young, a junior right end, who is the Wave's leading receiver with 12 catches; Don Lockwood, a senior at left tackle; Dan Egan, another senior at right tackle; junior Neal Jones at center and junior Bill Clements at right guard complete the line. In the first backfield with Colon and McClellan will be junior quarterback Richie Petitbon who has completed 29 of 51 passes for 252 yards and one TD and senior Claude (Boo) Mason at right halfback.

The Greenies will travel by chartered aircraft Friday morning with a 3 p.m. arrival in Norfolk permitting a light workout. The team will return to New Orleans Saturday night.

TONIGHT

Demons Vs. Tech In Fair Contest

RUSTON, La. (Special) — Louisiana Tech and Northwestern State College clash in their annual state fair game in Shreveport Saturday night, with the Demons fighting for life in the Gulf States conference race.

A win for Northwestern State would jumble up the GSC standings, but a Tech victory would give the Ruston eleven a good shot at the GSC title.

Tech is 2-0 in the conference, while NSC has lost its only loop tilt to McNeese 25-8. Tech beat the Lake Charles team 17-0 and then trimmed SLI 33-0 last Saturday.

The Bulldogs have looked impressive both offensively and defensively in rolling to three straight victories after losing the opener to Mississippi Southern 14-0.

Northwestern has had trouble getting started, losing also to Louisiana College 13-12 and beating East Central Oklahoma 36-0 in its first game.

The Demons have a good passer in Dale Hoffpauir and a power runner in Charles Tolar, junior fullback. A covey of backfield men have been doing the damage for Tech, mixed with the accurate passing of Quarterbacks Jim McCabe and Jim Orton.

The Techmen will motor to Shreveport Saturday. Activities in Shreveport include a downtown parade at 2:30 p.m., as well as a coffee for Tech alumni and friends from 2:30 to 5 p.m., in the Garden room of the Captain Shreve hotel.

Tech coaches cut out contact work early this week to give some of the players a chance to recuperate from injuries.

Aussie Star Says US Will Win Doubles

BRISBANE (AP) — Australian Davis Cup star Mal Anderson predicted Friday upon his return from an overseas tennis tour that the United States would defeat Australia in the doubles of the Cup challenge round in Brisbane Dec. 29-31.

"That means it will be touch and go for us to keep the Cup," he told interviewers.

Australian selectors have paired Anderson with Rod Laver for the Queensland State Doubles starting Oct. 22 in a trial for a possible Davis Cup combination.

Anderson also said he would be in the market to join Jack Kramer's pro troupe after another year as an amateur.

Ham Richardson of Arlington, Va., and Alex Olmedo, Peruvian who has been a student at Southern California for the past five years, won the U.S. doubles title last August. Both have been named to the American Davis Cup team.

Marion Sweeps Two Cage Tilts

MARION, La. (Special) — Maond games of the season here last ond games of the season here last night with a twin bill sweep over Downsville, the girls winning, 66-30, and the boys winning, 74-44.

Betty Pilgreen got 22 for Marion and Sue Graves had 20. Lockwood got 12 for the losers. Bobby Andrews scored 40 for Marion in the boys clash and Vick Antley scored 12 to lead the losers.

Ballymoss Will Start At Laurel

NEW YORK (AP) — Irish-bred Ballymoss, generally rated the best race horse in Europe, Thursday was announced as a definite starter in the $100,000 Washington, D.C. International at Laurel, Md., Nov. 11.

Ballymoss, owned by John McShain of Philadelphia, was entered in the rich 1½-mile grass race last year but was forced to withdraw because of illness.

In a telegram to John Shapiro, head of Laurel, McShain said he was glad to accept an invitation to run his horse in the race.

AMONG TWO - YEAR - OLDS

Top Filly May Be Named Today

By THE ASSOCIATED PRESS

The 2-year-old filly title for 1958 could be settled Saturday in the $50,000-added Gardenia Stakes at Garden State Park, while Clem tackles a formidable field in the $75,000-added Jockey Club Gold Cup at Belmont Park.

Reginald N. Webster's Quill, probably the East's top juvenile filly, and William N. Modglin's California invader, Khalita, could turn the mile and one sixteenth Gardenia into an intersectional duel. Khalita has won 7-for-8, while Quill has won 4 of 6 starts.

The 2-mile Gold Cup is one of America's toughest races, and Mrs. Adele L. Rand's Clem must tackle a pair of hard hitting 3-year-olds as well as some older horses with proven distance ability.

Mabel C. Scholtz' Warhead and George Lewis' Martins Rullah are the 3-year-olds, and both carry 119 pounds. Clem, a 4-year-old, has 124. He lost to Warhead in the mile and one half Manhattan Handicap Oct. 8. Martins Rullah upset Warhead in the Lawrence Realization Oct. 1.

Three-year-olds have won the Gold Cup every year since 1947 with one exception. Nashua won it as a 3-year-old in 1955, and repeated in 1956.

The Gold Cup will gross $84,950, with the winner netting $54,367.50. It will be televised by CBS from 3:30-4 p.m., EST. Belmont also has the $20,000 Vosburgh Handicap, 7 furlongs. Cohoes (126) is topweight of 11 entered.

C. T. Chenery's Rich Tradition, who beat Quill in the Spinaway and Schuylerville Stakes at Saratoga, is another threat in the Gardenia, along with Indian MAAID, Mrs. Mary Keim's Hawthorne Juvenile Stakes winner. Quill won the matron in her last start, and Khalita the Demoiselle, both at Belmont.

The Gardenia will gross $135,960 with $81,576 to the winner.

Garden State also programmed two trial races for the big one next Saturday, the $250,000-plus Garden State Stakes. Restless Wind and Winsome Winner are in the fifth race, and First Landing and Crafty Skipper in the sixth. Both are $10,000 events at a mile and one sixteenth.

Keeneland, Suffolk Downs, Bay Meadows and Toronto's new Woodbine all have stakes for 2-year-olds.

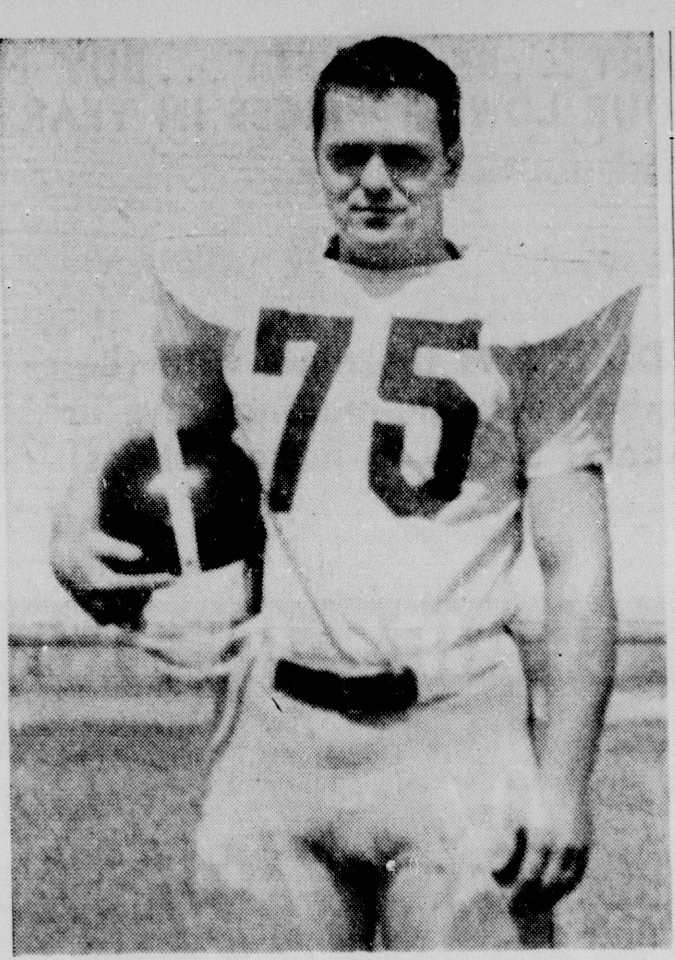
Ten were entered for the $25,000-added Breeders Futurity, a 7-furlong race at Keeneland. Namon, Scotland, Pilot and John Bruce are top contenders.

Suffolk Downs has the $25,000 Mayflower Stake at a mile and 70 yards. Atoll, winner of the Myles Standish last week by 7 lengths, is the probable favorite in a field of 15.

A dozen were entered for the $20,000 Children's Hospital Handicap at Bay Meadows. Bagdad, winner of the recent San Mateo Handicap, is the expected favorite. A victory for Atoll and Bagdad will earn them berths in the Garden State Stakes.

Fourteen juveniles were entered for the $28,355 Coronation Stakes, a mile and one sixteenth, at new Woodbine. They included Sunday Sail and Wonder Where, the latter rated the best juvenile in Canada until she was injured last summer.

The Mrs. George C. White entry of War Trouble and Even Stroke is the probable favorite in the Snarno Handicap at Sportsman's Park. Eleven entered the 6½ furlong race.



TOUGH TACKLE — One of the strong points of the Northeast State Indians' forward wall is at the tackle post of senior Jim Brent. A two-year letterman at the college, he has been outstanding at offense and defense. One of the eight married team members, Brent may be exercising by walking the floor at night as well as in daily workouts at Brown Field. He has a son, James Brent III, born October 6. Brent, 23, stands 6' 1" and weighs 205.

Winless Hogs Face Texans As Underdogs

AUSTIN, Tex. (AP) —Undefeated Texas and winless Arkansas meet here Saturday night in a Southwest Conference clash before an expected crowd of 45,000.

The two - touchdown favored Longhorns will be shooting for a fifth straight season victory although it will be their conference debut. Arkansas has taken three Conference lickings and an intersectional loss to Tulsa.

Arkansas has no major injuries and end Richard Schulte of Texas is the only player likely to miss action. Texas fullback Mike Dowdle also has been bothered with knee and wrist hurts.

Class A Loop Drops 2 Clubs, Increases Gate

KNOXVILLE, Tenn. (AP) — The Class A South Atlantic League was 3,397 fans more popular and $12,280 richer during 1958 with six clubs than it was in 1957 with eight.

The figures were released Friday by John Duncan, president of the Knoxville baseball club and league vice president. They are included in a financial statement to be presented Sunday at a meeting of league directors here.

DEFENSE TO SPARE

Georgia Tech-Auburn Tilt Heads Today's Grid Slate

By JACK CLARY
Associated Press Sports Writer

The immovable object collides with one nearly as stubborn Saturday in Atlanta under the guise of Auburn vs. Georgia Tech. It matches the nation's No. 1 defensive team against the No. 4 defensive outfit.

This tops a college football schelule that will feature some dandy defensive battles and a few ready-made affairs pitting a top defensive outfit against a top offensive club. The potential of a card like this is spelled U-P-S-E-T.

Auburn, rated No. 2 in the current Associated Press poll, is a five point favorite over the surging Yellow Jackets. Auburn's defensive credentials also include: No. 2 in passing defense and not having allowed a touchdown on the ground since its final game in 1956.

Georgia Tech, with a 3-1 record, will also try to snap the Tigers' 16-game winning streak in this important Southeastern Conference battle.

Army, the No. 1 team, plays host to Virginia, under a former Army line coach, Dick Voris. The Cadets, off their 14-2 upset triumph over Notre Dame last week, are second in total offense, third in passing offense, ninth in total defense, and third in pass defense.

To match this, Virginia (1-3) will have to play without its ace passer and quarterback Reece Whitley, out with an injury.

The Midwest features a trio of explosive games that will tempt the most discriminating football pallet. Third-ranked Ohio State meets upstart Indiana in a game that caused Buckeyes' Coach Woody Hayes to work his charges harder than ever this past week.

Wisconsin (No. 4), 3-0, battles Iowa (No. 13) in the Big Ten's top game of the day, and a regionally televised affair. Iowa, which must play without fullback John Nocera, brings an offense rated No. 5, with its rushing attack rated No. 7.

Fifth - ranked Michigan State (2-0-1) meets Purdue (2-1) in another defensive struggle. The Spartans are seventh defensively while Purdue is fifth.

Navy (No.6) plays Tulane in the season's first bowl game — the Oyster Bowl, at Norfolk, Virginia. The Middies are 3-0, the Green Wave 0-4 in what looms as a battle between Navy quarterback Joe Tranchini and Tulane passer Richie Pettibon.

The giant killer of the year—Texas, off its 15-14 upset of Oklahome last week — puts its 4-0 record against Southwest Conference for Arkansas, 0-4, another would-be spoiler. Texas is No. 7 nationally.

Mississippi, eighth-ranked and No. 3 defensively, plays dangerous Hardin - Simmons, the Sammy Baugh-coached outfit that ranks second in passing. Louisiana State (No. 9) puts its 4-0 record against a Kentucky (2-2) team that has yet to go down without a bitter fight while tenth-ranked Clemson (4-0) plays South Carolina (2-2). The Tigers are seventh in total offense, third in rushing.

The former giants of last week's top ten are in the second ten waiting to jump back up. Oklahoma (No. 11) goes after its 61st Big Eight game without defeat, meeting Kansas (1-3) in a game regionally televised.

Notre Dame (No. 12) faces Duke (2-2) who left "Lonesome end" Dave Sime, its world champion sprinter, home because of class schedules. Fourteenth-ranked Oregon, (2-1) faces Washington State, whose ace passer Bob Newman is a doubtful starter because of injury. Oregon has given only one TD—to Oklahoma, losing 6-0—and is No. 7 in total defense, No. 5 in pass defense and No. 8 in total offense.

Houston (No. 15), a surprise with its 3-0 record, plays Oklahoma State. Houston is ranked No. 6 in total offense, the same in pass offense and fourth in rushing defense. Southern Methodist (1-2) puts its 16th ranking against Rice in a Southwest Conference game and hopes to have passer Don Meredith in top shape.

Rounding out the second ten, Northwestern (No. 17) puts its 3-0 record against 19th-ranked Michigan (1-1-1), Florida (No. 18) meets Vanderbilt and Texas Christian (No. 20) plays Texas A and M.

Elsewhere, the East television game is Penn State at Boston University, while Pitt and West Virginia clash in their big affair and Nebraska-Syracuse and Wake Forest-Villanova are top intersectional clashes.

Maryland plays North Carolina, with pupil Tomy Mont meeting Tar Heel Coach and former teacher Jim Tatum in an Atlantic Coast Conference tilt. Alabama and Tennessee meet in a Southeastern Conference game.

Baylor-Texas Tech highlights the remaining Southwest activity, with California-Southern California, Oregon State-Idaho and UCLA-Washington putting on some real fireworks on the Pacific Coast. The UCLA game is the regionally televised game on the coast.

Ailing Passer Carries Tech Upset Hopes

ATLANTA (AP)—A heavy burden will rest on the shoulders of ailing Fred Braselton in the Georgia Tech-Auburn football fray Saturday.

Tech's Engineers would like to snap Auburn's straight wins at 17 and further lower the Plainsmen in national standing. But they are not optimistic at the chance of scoring overland—something that no one has been able to do since 1956.

That leaves the aerial route as the most likely course to victory and junior quarterback Braselton is the most effective pitcher in the Engineer line-up.

He has a badly turned ankle, so painful that as late as Thursday he could not run signals. But so much is at stake that he will play Saturday, although he'll have to have more relief than usual from Walter Howard and others.

Auburn, rated No. 1 nationally last year and now No. 2 is a six-point pre-game favorite. But that doesn't mean too much in the ancient rivalry, going back to 1892.

The Plainsmen last year were able to eke out only a 3-0 win and the Engineers feel they are much stronger now than then. They are lifted up considerably by a 21-7 triumph over Tennessee after a loss to Kentucky and indifferent wins over Florida State and Tulane.

The Plainsmen downed Kentucky 8-0 whereas the Engineers bowed to the Wildcats 13-0. Auburn skunked Tennessee 13-0 and beat Chattanooga 30-8 in other games this season.

Tech must keep a keen aerial alert tomorrow on both offense and defense. Senior Auburn quarterback Lloyd Nix is rated among the keenest passers in the business. Between him and Tommy Lorino the Auburn break - away specialist, there won't be any chance to relax.

Kickoff time is 2 p.m. EST.

AT BATON ROUGE

Tigers, Wildcats Tangle Tonight

BATON ROUGE (Special) — Louisiana State's up-and-coming Tigers encounter Kentucky, twice-beaten but a tough obstacle, here Saturday night in a Southeastern Conference game vital to both teams.

A crowd of more than 60,000 is expected to be on hand for the 3 p.m. (CST) kickoff in Tiger Stadium, as LSU returns to home grounds to renew conference rivalry.

The Bayou Bengals go into battle undefeated, and riding a five game winning streak which includes the 1957 victory over Tulane. Kentucky will be trying to bounce back into the win column after suffering losses to SEC giants, Auburn and Ole Miss.

Lightly regarded before the season, both teams have started well this fall. Kentucky won its first two games, beating Hawaii, 51-0, and Georgia Tech, 13-0. LSU has defeated Rice, 20-6, Alabama, 13-3, Hardin-Simmons, 20-6, and Miami, 41-0, to gain a ninth place national rankig.

The rugged Kentuckians could put an end to Tiger joy Saturday, however. Kentucky leads the conference in offense with an average of 311.3 yards per game. And the big Wildcat line, which forced mighty Auburn to go to the air lanes for a fourth period victory last week, will outweigh the Bengal forwards 11-pounds per man.

LSU's quick, deceptive winged-T attack, featuring halfbacks Billy Cannon, Johnny Robinson, Don Purvis, fullbacks Tommy Davis, J. W. Brodax, and quarterback Warren Rabb, has yet to be stopped. The talented Tiger ball carriers have sped the team rushing total to the conference leadership.

Kentucky, SEC leader in total offense, will turn to star quarterback Lowell Hughes, and all-conference candidate Bobby Cravens at right halfback, to challenge the Tigers Saturday. Cravens is No. 3 in league rushing behind Cannon. Hughes is the top passer in the conference with 25 completions for 340 yards and two touchdowns. His favorite receiver is sophomore left halfback Calvin Bird, the No. 1 pass catcher in the SEC with 14 receptions for 197 yards, and two touchdowns.

Saturday's game will be the ninth in the series between the two universities. Kentucky holds a 4-3-1 advantage, but LSU has won two out of the last three.

Coach Dietzel's first LSU team upset Kentucky, 19-7, in 1955, and last year LSU beat the Wildcats, 21-0. The 'Cats won in 1956, 14-0.

Turley Expects Indians To Give Yanks Trouble

SPRINGFIELD, Mass. (AP) — World Series hero Bob Turley said Friday night he thought the Cleveland Indians would give the champion New York Yankees the most trouble in 1959.

Turley, in Springfield for a speaking engagement, cited young Indian hurlers Gary Bell, Jim Grant and Hal Woodeschick as the main reasons for his prediction.

He also said Herb Score was due for a trouble-free year, and that if Cleveland can find a couple more hitters to go with Rocky Colavito and Vic Power, "the Indians will be rought."

Gonzales Wins Net Exhibition

HALSINGBORG, Sweden, (AP)-Pancho Gonzales of Los Angeles and Pancho Segura of Ecuador won singles matches Friday in an exhibition by Jack Kramer's pro tennis troupe.

Gonzales defeated Ken Rosewall of Australia, 8-6, 12-10 and Segura downed Tony Trabert of Cincinnati, 6-4, 8-6.

YOUR PROBLEMS

Don't Grab At Petty Trifles To Make Trouble

By ANN LANDERS

DEAR ANN: I've had something on my mind for a long time and decided to write to you once and for all. I hope you will print this letter so certain people will see it and catch on.

My husband's mother pretends to be the sweet unselfish type, but she knows how to get what she wants in her own quiet way. She has a good income from her husband's estate so we don't have to give her anything. Her home is lovely so thank the Lord she doesn't want to live with us.

The problem that gets my goat is this: She has dinner at our house every second Friday. My husband insists on driving her home although the bus runs right in front of her house.

She always asks him where she should sit and he says "Up front with me, Mother." This means I have to sit in back with the kids. It burns me up and she knows it, but every time it's the same story.

Last night I told my husband how I felt and he blew his top. It's true she has a stiff knee, but with a little effort she could get in the back seat where she belongs. How about it? —B.K.L.

With a little effort YOU could be decent about this small inconvenience and not grab at petty trifles to make trouble.

Your mother-in-law sounds like a perfectly nice woman who makes no demands. The fact that she ASKS where she should sit, speaks for itself. If it gives her pleasure to sit beside her son a couple of times a month while he drives her home, you should be happy to oblige.

If you knew how many wives were stuck in the back seat permanently by a mother-in-law "up front", I don't think you'd complain.

DEAR ANN: My mother is driving me bats. Her whole life is what will the neighbors think? I can't drink a glass of water on the front porch for fear the neighbors will think it's beer. I mustn't talk loud to my brother or the neighbors will think we are fighting. When I hang the wash I have to put the same size pieces together, side by side or the neighbors will think we're sloppy.

Frankly, I don't give a hoot what the neighbors think. My mother says I SHOULD care, as a matter of pride. Then the fight is on. How about this?—I.B.

Your mother has a fix on what the neighbors will think, and your're not going to change her. So — as long as you live in that house, respect her slightly warped views on the subject. When you have your own home you can do as you please.

If people who knock themselves out trying to impress the neighbors only knew how little most neighbors care, they'd save their energy for more important things.

DEAR ANN: I was married very young and had a child. I had the marriage annulled two years later and took back my maiden name.

Most people are under the impression that an annulment is only for people who do not have children. This is not true and it is causing me embarrassment. Recently when filling out an application for a job I gave my legal name as Miss—. I also stated on the form that I had a child.

I did not get the job and am wondering now if the employer received the wrong impression. I do not wish to go by my former husband's name yet I refuse to deny the existence of my child. What shall I do? —S.B.V.

When a woman who goes as a Miss" states that she has a child, the logical assumption is that the child was born out of wedlock. If you do not wish to go by your former husband's name, it would not be out of line to use a Mrs. rather than a Miss before your maiden name. Don't let the hostility for your former husband make life unnecessarily rough for your child.

(Ann Landers will be glad to help you with your problems. Send them to her in care of this newspaper and enclose a stamped, self - addressed envelope.)

Town Parade Begins OPHS Homecoming

The Homecoming activities of Ouachita Parish High School, began on Saturday with a parade throughout downtown Monroe.

Climaxing the day's events a program was presented in the stadium preceding the game between the Lions and Haynesville. Principal I. C. Strickland welcomed the guests and alumni after which Fred Huenefeld, alumni president, spoke on behalf of the alumni.

The highlights of the evening's activities were the parade of the winning floats, including the queen's float, the introduction of the court and escorts, and the crowing of the queen by Superintendent W. W. Ward.

As an added attraction Mr. Huenefeld opened the stadium dedication ceremonies. He was followed by the presentation by C. G. Wall Jr., president of the Ouachita Parish School Board, and the acceptance by Mr Strickland. The Rev. T. Earl Ogg, pastor of the College Place Baptist Church, gave the prayer dedication. Concluding the program, the OPHS Band played the "Alma Mater." OPHS won over Haynesville 9-7.

Neurotic Children Are Parents Fault

Well meaning parents often turn their children into neurotics.

Today, more than ever before, parents from "nice" homes seek psychiatric help for their troubled children.

Why do such children with every opportunity for happiness, develop problems which may blight their lives?

According to psychiatrists, one answer to the "good - home, disturbed child" riddle is the parent's mistaken impression of what makes a "good" home. One striking thing about nice homes, reports a staff psychiatrist of New York's Child Development Center, is that good parents may themselves have emotional difficulties which are not apparent. In their anxiousness to do right by their offspring, they may be contributing to their children's troubles.

Another factor endangering the child raised in a nice home is the inability of parents to communicate with their youngsters. One of the things most lacking in our homes today, states the article, is the exchange of really deep, warm feeling between parents and children.

Authority in the good home is oft - times lacking. Some parents in their eagerness to please children are overpermissive; others in their attempt to "stick to the book" are overstrict. Either extreme can warp a child's emotional growth. For instance, otherwise excellent parents who allow their children to have their own way, very often find to their dismay, the child doubts the parent's ability to protect. He may feel that the parent does not care about him enough to aid him in making decisions. Thus, a basic insecurity develops which can produce an indecisive child.

In sharp contract, the article illustrates the case of the mother who, out of mistaken sense of love and protection, constantly says "no" to her child's requests. To the child, who can see neither danger nor purpose in her response, comes a feeling of rebelliousness, perhaps to become the basic pattern for his life.

Essentially, the biggest problems in all "nice" homes, is "good" parents confusing 'mothering' with 'smotherin.' A child can't have too much love, however, the quality of that love is most important. He must be respected as a person in his own right.

Actually, the only solution to this problem is for parents to learn as much as they can about their children, and to bear in mind that there is no such thing as parenthood without problems.

Questions And Answers

BETTY LENAHAN ANSWERS

Q. — I have a small bedroom that I plan to redecorate and use as a study. The room has one small window and is on the north side of the house. The only thing I now have for the room is a large bookcase which I am planing to paint, what color would you suggest? Also, what colors would you suggest for the walls and woodwork, rug, draperies, two chairs and a desk?

A. — You could give a warm and spacious effect to the small room you are planning to use as a study by painting the walls and woodwork and the bookcase yellow. You might get the rug in rust, brown and yellow plaid draperies, one chair upholstered in turquoise, the other in melon and the desk in a maple finish.

Q —. I am planning to redecorate my back hall and bathroom and would like some advice. The hall is quite long but dark and the colors in the rooms off it are light pink, medium green, Wedgewood blue and turquoise. What color would you suggest for the walls and woodwork of the hall that would blend with these colors? The bathroom is quite small, the wall tile is a medium shade of green, the floor tile is yellow and the fixtures are white. What colors would you suggest for the upper walls and ceiling, woodwork, shower curtain and rug?

A. — Pale gray walls and woodwork would make your hall appear lighter and would also blend nicely with the rooms opening off it. For the upper walls, woodwork and ceiling of your bathroom I suggest lilac, for the shower curtain, gold; for the rug, burgundy.

Q. — The floor covering in our kitchen is pearl gray, the wall tile and cabinets are white and the table and chairs are charcoal gray with white trim. What colors would you suggest for the upper walls and ceiling, woodwork and curtains?

A. — Pink would be a good color for the upper walls, ceiling and woodwork in your kitchen and for the curtains I suggest a black, white and charcoal stripe.

YOUR BABY AND MINE

Child Should Not Sleep With Parents

By MYRTLE MEYER ELDRED

Every child welcomes the opportunity to sleep with an adult. It is nice and cozy and the child feels enormously protected and safe.

But it is better for a child to have a bed of its own and be able to roll around, turn and twist as he desires. It can be taken for granted that an adult will sleep better without having to worry about laying over on a child — for by so doing infants have been smothered.

Mrs. R.C. writes, "My year old baby recently was very sick and we put her in bed with me, so I could keep an eye on her at night.

"That lasted for three nights and now she won't go near her crib. I know that she is spoiled and wants to keep on sleeping with me. How can I make her go back to her crib?

Cried Till Sick

"I thought if I moved her crib into our bedroom she would sleep there, but she wouldn't. You may tell me to let her cry it out (WHEN have I ever told anyone to do this?) — but she cried for an hour and was sick. Somehow, she managed to crawl out of her crib, which is a big one with high the room, but that doesn't work."

I hope this is long before you are ready to go to bed — and sit beside her and sing or read a story (one of the repetitious Nursery Rhymes like "The Old Woman Who Jumped Over the Stile," or "The House That Jack Built." She won't understand the words but will enjoy the rhythm. Talk to her, pat her back, stay with her until she grows sleepy and goes to sleep in her own bed.

If the crib is now in your bedroom, you even can lie down on your bed and hold her hand or pat her. You get nowhere by letting her cry — neither do you get anywhere by giving in to her.

If you treat her in a kindly way and stay with her until she has accepted her crib again, then you can lessen the numbers of attentions you give until she is able to go to bed with just the usual ceremonies each child demands at bedtime.

If you would like to have our leaflet "Patterns of Sleep" send a stamped, self-addressed envelope with your request for leaflet No. 38. Address Myrtle Meyer Eldred in care of this newspaper.

A Birthday Halloween Party Is Given

Mr. and Mrs. Will M. Rolfe of Oak Ridge entertained their son, Pete, on his fifth birthday with a Hallowe'en party at the Methodist annex on Tuesday afternoon.

The Hallowe'en theme was carried out in the decorations with one of the eeriest looking black life - size witches with her traditional broom facing the entrance door. On the walls were black witches, white spooks, orange goblins, and moons with jack-o-lanterns fashioned of pumpkins placed at vantage points. Over each door leaving the main room were different sizes of skeletons being watched over by owls.

An orange colored paper cloth with a border of jack - o - lanterns covered the refreshment table with a huge pumpkin jack-o-lantern on one end and the unusual birthday cake on the other. The cake was made in form of a house, covered in orange frosting. The roof was made of corn candy shingles and tootsie roll doors and windows. Placed around the outside were jack - o - lanterns of candy and the birthday candles were placed down the center of the roof. Placed on another tray were cupcakes iced as jack-o-lanterns.

As each little guest arrived they were given favors of tall Halloween hats, and horns, and carried to the fish pond where each caught a knap sack filled with corn candy, balloons, orange slices and cookies. Later a bubble gum hunt was enjoyed followed by a ride on a shetland pony with Weldon Fitch in charge of rides.

After the traditional 'Happy Birthday" was sung Pete opened his gifts and cake and ice cream were served to Mrs. Thomas Rolfe and Amy of Bastrop, Mr. and Mrs. T. A. Dubell of Ferriday, Mrs. H. A. Wiggers Jr. and Barbara of Rayville, Mrs. H. E. Stevenson and Bubba, Mike Barham, Mrs. Jack Carey, Kate and Corky, Mrs. Leland Loughridge, Rush and Mildred Lynn; Mrs. Benny Wade, Jeanie, Camille and Laura, Mr. and Mrs. Weldon Fitch and Johnny, Debbie Shaw, Mrs. Joe Mott Jr. and Joe III, Mrs. H. A. Pipes, Jr., Melba June, Henry III and Zo Ellen and Joe Rolfe all of Oak Ridge.

Mrs. Rolfe was assisted in extending the courtesies of the afternoon by Mrs. Joe Rolfe and Mrs. Weldon Fitch.

THREE GUESTS

A party was held at the Community Center with Robbie Miller, Barbara Landreth and Linda Landreth being named as guests of honor. Robbie left to make her home in Shreveport and Barbara and Linda will live in Texas. Miss Dorothy Gayle Winnon was hostess for the afternoon and used arrangements of lovely summer flowers on the long tables.

Dorothy Gayle served cokes and cookies to the three honorees, Nancy Kay Brown, Mary Allen Files, Linda Files, Sarah Gee, Sterling Elizabeth Files and Karen Williams of Mer Rouge.

OF MECHANICS

Renew Efforts To End Strike

WASHINGTON (UPI)—A federal mediator renewed efforts Friday to end a strike by 2,500 mechanics which forced Capital Airlines to cancel all its flights.

Francis A. O'Neill, a member of the National Mediation Board, met with union and company officials at the board's headquarters for the second consecutive day.

Capital, the nation's fifth largest commercial airline, operated 24 hours following the walkout of members of the International Association of Mechanics at midnight Wednesday night, in a dispute over wages and other issues.

But it decided to close down its operations altogether Thursday midnight. It normally carries 13,000 passengers a day on some 730 flights to 77 cities east of the Mississippi.

A company spokesman said it normally takes in $350,000 a day. He said the airline has been trying to get tickets on other airlines, buses and trains for passengers who held reservations on cancelled flights.

The spokesman said 38 planes were in the air when all flights were cancelled at midnight. He said Flight 883 which landed about dawn in New Orleans probably was the last plane down. He said pilots will now ferry their planes to storage spots.

The decision to cancel all flights meant the furloughing of 7,544 employes. The mechanics' walkout, which followed year-long negotiations, was the first major strike ever experienced by the airline.

The union recently rejected a 9 per cent wage increase over a two-year contract period which was recommended by a presidential emergency board. The boost would have meant an increase of 22 cents an hour for top-scale mechanics, who now earn $2.54 an hour.

The union's last demand was for a 42 cent an hour increase over a two-year period. It originally asked for a boost of 49 cents. Portions of the union's demands and the presidential board's recommendations would be retroactive to Oct. 1, 1957, when the last contract expired.

Says Excessive Drinking Noted At LSU Games

BATON ROUGE (AP)—Councilman Woodrow Dumas Friday charged there was excessive drinking at Louisiana State University football games and city officials were lax in asking help from LSU to ban alcohol from Tiger Stadium.

Dumas suggested last week Mayor-President Jack Christian contact LSU on the subject. Christian said the city's police had been trying to aid LSU in enforcing a ban on drinking at football games when the university asked for help.

However, Dumas said the city didn't consult the recreation and park commission before passing an ordinance banning possession of liquor at Memorial Stadium.

He said he believed police could "justifiably remove from LSU stadium a person who is creating a nuisance by flagrant and excessive drinking."

Yule Parade, Program Set In W. Monroe

Santa Claus, a parade and a Christmas program will highlight the yuletide season in West Monroe this year, it was announced yesterday. The events are planned for Dec. 12.

K. D. Norris, chairman of the retail merchants committee of the West Monroe Chamber of Commerce, said plans for the activities were laid at a committee meeting yesterday morning.

The parade will feature 15 or 20 floats plus several out-of-town bands performing along with local bands, Norris said. Santa will make a short appearance in the parade and appear later that night at the West Monroe High School stadium in a special Christmas program.

SCHEDULED

The program is scheduled to start at 7 p.m. with a fireworks display. Santa Claus will give candy to all the children present.

Other highlights will include a home lighting contest with prizes awarded the three top winners among West Monroe residents, according to Norris.

In other business matters, the committee proposed that the Chamber write letters to downtown merchants urging them and their employes not to park in metered spaces. This will create more parking space for shoppers.

Will Written On Envelope

VATICAN CITY (UPI) — Pope Pius XII's last will was written with a pencil on the back of an envelope, it was disclosed Friday.

A high Vatican source confirmed a report published by the Italian weekly Gente, which stated the late Pope wrote the will in pencil "on the back of a yellow envelope."

Jackson Sees No 3rd Party In 1960 Race

NEW ORLEANS (AP) — The president of the United Democrats of Louisiana said Friday the formation of a third party in the south could contribute to a Republican victory in 1960.

Dr. Ralph N. Jackson of Monroe said in a statement he did not believe there would be a third party in 1960 "because responsible Southern politicians realize that it would be a fruitless gesture."

"The chances of a third party throwing the election into the House of Representatives are too remote when weighed against the dangers of its contributing to a Republican victory," he said.

Jackson said he believed a Democrat would move into the White House in 1960 "and I believe Louisiananians are going to help put him there."

Mrs. Edwards Dies; Services Are Scheduled

FARMERVILLE (Special)—Mrs. Betty Edwards, well - known Union parish native who had 159 grandchildren, died yesterday after she fell and broke her hip. She was 92.

The accident occurred at her Marion home at around 10 a.m. She died in a Marion clinic at noon

Mrs. Edwards, who was the mother of ex-sheriff George M. Edwards, had five sons, six daughters, a brother, 51 grandchildren, 97 great - grandchildren and 11 great - great - grandchildren.

SERVICES

Funeral services will be held today at 3 p.m. at her home with the Rev. L. B. Hall officiating. Interment will follow in the Edwards Cemetery under the direction of Kilpatrick's Funeral Home of Farmerville.

Survivors include her sons, George M. Edwards, Farmerville; J. E. Edwards, Houston, Tex.; Blake and W. C. Edwards, both of Martion; C. M. Edwards, Perryville; six daughters, Mrs. J. M. Adams, and Mrs. Ken Holsted, both of Marion; Mrs. C. H. Albritton, Farmerville; Mrs. E. C. Calloway, Rayville; Mrs. T. W. Fifth District White Council Names Board

The Fifth District Citizen's Council elected a district board of directors and discussed plans for starting a district - wide drive for funds to aid Little Rock's private school situation Wednesday night at a local hotel it was learned late yesterday.

Officers of the board of directors elected were: Francis Ward, Tallulah, president; O. N. Wilds, St. Joseph, vice - president; and Vaughn Phelps, Monroe, secretary-treasurer.

Separate councils of each parish comprising the fifth district were represented by two delegates who served as electors and spokesmen for their respective parishes.

The board of directors was formed primarily to serve as a liaison body between all councils in the district to make the organization more efficient. Other functions of the board will include the formulation of plans and the making of recommendations.

Delegates to the Wednesday night meeting [illegible] agreed that a fund raising campaign be initiated in all fifth district parishes to help Little Rock in her battle for segregated private schools.

It was pointed out that six parishes in the district have already begun their drives. Those included Morehouse, West Carroll, Richland Concordia, Caldwell and Lincoln.

Final Rites Are Set For Dr. Kramer

Funeral services for Dr. William Ernest Kramer, 77, will be held at 2:30 p.m. today at the First Baptist Church in West Monroe.

Dr. Kramer died at his home early yesterday. He was superintendent and medical director at G. B. Cooley Sanatorium. He had served as Tuberculosis consultant at the Ouachita Parish Health unit, president of the Louisiana Tuberculosis Association, and was a member of the Southern Tuberculosis Association.

Before coming to Ouachita Parish in 1948, Dr. Kramer was in general practice in Pennsylvania, his native state.

He is survived by his widow, Mrs. Katie Hastings Kramer; two sons, W. E. Kramer, Jr., New Orleans, and John D. Kramer, Terre Haute, Ind.; two step-sons, Jimmy W. Hastings, Baton Rouge, and Walter L. Hastings, Lake Charles; and ten grandchildren.

The body will lie in state at the funeral home until time for the services. The Revs. Jaroy Weber, W. D. Milton and Wayne Gray will conduct the rites. Burial will be in Hasley Cemetery under the direction of Hixson Brothers Funeral Home.

Pallbearers will be Luther Branch, Fred Bennett, Dr. H. R. Bolyard, Solon King, Dr. Bert Heinberg and R. P. McKay.

The Fifth District Medical Association will serve as honorary pallbearers.

Ship Runs Down Fishing Boat With 3 Aboard

SAN FRANCISCO (AP)—A fishing boat with two men aboard was run down by a tanker ship 25 miles off San Francisco Friday in a dense fog.

The two, R. C. Wainwright of Wilmington, owner of the boat, and Edward Cassell, deck hand from San Diego, were rescued by the tanker, the Duncan Bay.

A report to the Coast Guard here said they apparently were uninjured. Their boat, the Norma Jean, out of Terminal Island (Los Angeles), sank.

The Duncan Bay proceeded to San Francisco.

CONVENTION

RALEIGH, N. C. (AP) — The Southern Industrial Development Council will hold its 1959 convention at Biloxi, Miss. The group set the date at its annual meeting here Tuesday. It named Warren H. Farmer of Jackson, Miss., as vice president and Fred Plummer of Jackson to the resolutions committee.

Higher Military Budget Is Seen

HOT SPRINGS, Va. (UPI) — Acting Defense Secretary Donald A. Quarles said Friday that rising defense costs would force the armed forces to hand President Eisenhower a stepped-up military budget for fiscal 1960.

He did not say specifically how much the military services will need next year above the $40,750,000,000 earmarked for the 1959 fiscal year which ends next June 30. But he did say the increase should not be more than 5 per cent, and possibly less.

Quarles' statement came in the face of a warning by the President at his Wednesday news conference that government agencies "contemplate spending too much money." He called on them to remember "such words as thrift and economy." However, he did not single out any specific agency.

Quarles, attending a meeting of the Commerce Department's Business Advisory Council at this resort area, indicated that the Budget Bureau had suggested a dollar ceiling for the new defense budget, now being prepared.

Asked whether the White House or Budget Bureau had proposed a defense ceiling, he said the bureau "has its own plan." But he added that "we are going to present to President Eisenhower the budget we think is right."

Quarles said the United States will have to spend increasing sums for military preparedness so long as the Soviets keep pressing the cold war. The only chance he saw for any significant cut was a disarmament agreement with the Communists.

"If they keep behaving the way they have," he said, "and there is no reason to expect they won't," this country's military outlays will continue to rise.

Also pushing up defense spending, he said, are rising costs and the need to keep enough trained men in service to assure the ability for instant retaliation in the event of armed aggression.

The President said at his news conference that he was determined to get government spending "down to the last cent that I think is needed for the security and safety and essential services in the United States."

State's Fur Production Shows Drop

WASHINGTON (Special) —Louisiana fur production dropped by 93,000 pelts in the last full trapping season, but the nation's fur industry's sales volume has passed the billion-dollar mark, according to a government report.

The commerce department said that sales of furs at all levels of production and retailing totaled more than $1 billion for the first time since 1948. The downtrend that started then was reversed in 1955.

Louisiana remains the leading fur state, despite a slight drop in 1956-57, the last period for which statistics are available. The fish and wildlife service reported the state's production in that year at 2,278,937 pelts, compared to 2,371,000 in the preceeding period.

Figures prepared by the commerce department's business and defense services administration, however, showed that the U. S. is still importing half its fur needs, although it is also an important exporter and processor of furs for re-export.

The chief domestic wild fur crop is muskrat, which produces 18 to 20 million pelts annually. Mink is second. Wisconsin produces almost as many furs as Louisiana. Third, and far behind, is Michigan.

COFFIN ACT

LONDON (AP) — A coffin was delivered to the London Police lost-and-found department Friday.

An official at the Royal Court Theater Club said two men had carried the big polished oak coffin into his bar. A third man swatched in blankets jumped out, and all three walked away.

Bell Arraigned, Denies Guilt In Slaying Of Man

JONESBORO (Special) — Joe H. Bell, 66-year-old Jonesboro parish man who confessed he killed E. J. Wilhite, later pled not guilty when, arraigned.

Bell is in the Jackson parish jail under a $5,000 bond while his attorneys have 30 days in which to file a motion. He was arraigned Thursday.

Bell will stand trial for the September 24 axe-slaying of Wilhite, a 74-year-old Chatham farmer and father of a Ouachita Parish deputy sheriff.

The accused man confessed to the killing following lie detector tests in Ouachita parish. However, a Jackson parish Grand Jury failed to return a true bill.

He later pled not guilty when arraigned.

Spelling Topic Of Discussion

AUSTIN, Tex. (AP) — Spelling correctly is a big problem, but don't get ulcers over it, a University of Texas professor advises.

Dr. E. Barby Atwood, professor of English who is an authority on words and how to spell them, marked the 200th anniversary of speller Noah Webster Thursday.

"It is harder to change the spelling of a word than to change a funeral custom," he said. "It would take a dictator to get it done.

'Many brilliant and gifted people can't spell. Many misspellings are more logical than correct spellings. Ours is not really a phonetic language."

311 Cases Of Polio Reported

WASHINGTON (UPI)—The U.S. Public Health Service reported on Friday there were 311 cases of polio in the nation for the week ending Oct. 11, far higher than the total for the same period last year.

During the week ending Oct. 12, 1957, the agency reported 167 cases.

Of the cases reported this year, 131 were of the paralytic type polio; 116 non-paralytic.

DAILY CRYPTOQUOTE — Here's how to work it:

A X Y D L B A A X R
is L O N G F E L L O W

One letter simply stands for another. In this sample A is used for the three L's, X for the two O's, etc. Single letters, apostrophies, the length and formation of the words are all hints. Each day the code letters are different.

A Cryptogram Quotation

J L W G L C N L Z L D Z R L D P N V H Z W H C B G L, W S T C N L H N L L Z D P N V H R W S T — Z H W R Y H.

ON WITH SPEECH

OGDEN, Utah (AP) — Chamber of Commerce Manager Bernie Diamond was almost speechless. Someone stole two brief cases—containing all his speechmaking materials and a portable podium—from his parked car. He went on with the speech anyway.

COTTON

NEW YORK (AP) —Cotton futures closed 5 to 70 cents a bale lower Friday.

The market was irregular and quiet at the start. Trading gained momentum with liquidation and hedging causing prices to give ground.

Operations of a leading Houston spot firm in futures was a feature. The firm was credited with selling about 12,000 bales in each of distant October and December and buying about 5,000 bales of nearby March. New Orleans interests took about 6,000 bales of the new crop December offerings and bought a substantial volume of nearby May against sales of October.

The weather in the cotton belt was most favorable.

The Census Bureau reported September domestic consumption totaled 647,894 running bales, a little better than the trade expected.

Mill stocks of raw cotton at the end of September were 1,415,025 bales. The stocks were about 89,000 bales smaller than those a month earlier but were 334,000 bales larger than stocks at that time a year ago.

NEW ORLEANS (AP)—Cotton futures declined here Friday under weekend long liquidation and hedge selling.

Closing prices were steady, 10 cents to 75 cents a bale lower.

NEW ORLEANS (AP) — Spot cotton closed steady and unchanged. Sales 1,177. Low middling 27.35; middling 34.75; good middling 35.55. Receipts 3,139. Stock 297,225.

NEW ORLEANS (AP)—The average price of one inch spot cotton at 14 designated southern spot markets Friday was five cents a bale lower at 34.74 cents a pound; previous day 34.75; week ago 34.76; month ago 34.74; year ago 33.53 average for the past 30 market days 34.74; middling 15-16ths inch average 33.22; sales 123,450.

WOOL LETTER

Futures advanced about two and a half cents, closing near their highs for the day with commission houses fairly aggressive buyers in anticipation of higher Australian auction prices next Monday.

There was a little trade short covering while offerings were supplied by commission house profit taking and new trade hedge selling with the volume of trading moderately active.

The strong stock market also appeared to be a factor as some traders noted that wool futures were historically very cheap. There was very little in the way of any actual news today.

London futures advanced about one and a half pence with a few trade houses anticipating a continuation of the good actuals business that has currently been seen.

South African wool prices were reported to be in seller's favor with a better clearance of the offerings than has recently been encountered.

BUSINESS HIGHLIGHTS

ANOTHER RECESSION

Conditions which brought on the 1957-58 business recession remain uncorrected, Milton C. Lightner, president of the National Association of Manufacturers, warned. Another recession could occur, he said, because the causes — inflation of big government spending and wage increases—remain. Federal spending and wage hikes were twice as great as gains in productivity.

AUTO OUTPUT

Auto output climbed by nearly 30 per cent this week but General Motors again failed to build a single car, Ward's reports said. The statistical agency estimated ths week's output at 45,003 cars, against 34,834 a week ago. In the same week last year the industry built 72,180 cars.

AMERICAN MOTORS

American Motors Corp. was left without a union contract when negotiators failed to agree upon a new pact to cover the company's 14,000 production workers before a 10 a.m. expiration hour. Immediately after the old contract expired, 1,600 of the corporation's employes at the Kelvinator plant in Grand Rapids, Mich., left their jobs.

COPPER

The Commerce Department predicted that the copper situation will improve during the remainder of 1958. The quarterly copper report of the department's business and defense services administration said the U. S. supply and demand for refined copper moved toward a more favorable balance.

COTTON LETTER

Courtesy of Merrill, Lynch Pierce, Fenner & Smith

The strong stock market has had little effect on cotton futures with a large prospective crop to be added to around 8.7 million bales carry over of which nearly 5 million bales were in free supply.

Futures had to absorb considerable hedging, particularly in the later months. Clayton was still buying March in quantity but was believed to have sold an excess of 20,000 bales of new October and December. This is believed hedging against purchase of next year's B plan cotton.

Liquidation added to the decline of all contracts from May forward as the chart pattern turned downward. The census bureau reported cotton consumption so far this season at 1,286,661 bales vs. 1,324,794 a year ago. Unfixed call sales as of October 10 were 173,000 bales vs. 607,600 a year ago.

BONDS

NEW YORK (AP)—Long range U.S. government bonds declined for the fifth consecutive session Friday, posting losses of more than half a point. Trading was on the light side.

Investment trade corporates dropped to pull the market lower on average. Utilities showed a tendency toward the upside while rails, industrials and foreign bonds closed mixed. Volume was moderately heavy.

Corporate trading increased to $7,500,000 par value on the big board from $6,570,000 Thursday.

LIVFSTOCK

CHICAGO (AP) — Prices for butcher hogs were steady to 15 cents up in active trading Friday on the livestock market. Sows were mostly steady.

Butchers grading No. 1 to 3 from 190 to 230 pounds sold from $19.10 to $19.35 and several hundred No. 1 and 2s of the same weights brought $19.35 to $19.50. Some No. 1s around 210 pounds sold for $19.60 and a 25 head lot of No. 1s scaling 215 pounds brought the top of $19.65. Mixed grade 300 to 400 pound sows sold from $17.50 to $18.50 and heavier weights from $16.50 to $17.50.

Slaughter steers and heifers were scarce and sold at steady prices. Cows and vealers also were mostly steady and bulls strong.

Good 975 pound steers sold at $26.25 and utility holsteins brought $22 to $22.50. Good slaughter heifers brought $25.25 for weights around 790 pounds, with a few choice up to $26. Utility and commercial bulls sold from $22.50 to $24.25 and utility and commercial cows from $15.50 to $20.

Trading Is Heaviest In Three Years

NEW YORK (AP) — Trading was the heaviest in three years as the stock market advanced vigorously Friday and matched its record high.

The market erased the sharp losses of mid-week and moved forward on a broad front. The lower-priced motor shares were the trading favorites.

The Associated Press average of 60 stocks climbed $1.70 to $199.10, equaling the historic top reached Monday. The industrials rose $2.90, the rails $2.20 and the utilities were unchanged.

A wide range of key stocks advanced fractions to 2 points or more.

Based on the rise in the AP average the quoted value of stocks listed on the New York Stock Exchange increased an estimated two billion dollars.

Coppers, steels, aircrafts, chemicals, rails, oils and many selected issues made good gains.

The business news was good and this certainly provided a favorable atmosphere for investment and speculation but no item in particular was linked to the advance, the best since Sept. 15.

Optimistic statements about the business recovery, predictions of higher copper prices and greater oil demand, the rise in rail carloadings and increased department store sales helped.

Volume climbed to 5,360,000 shares compared with 4,560,000 Thursday and was the biggest since Sept. 27, 1955 when 5,500,000 shares were traded. The latter was the second market session after President Eisenhower's heart attack.

American Stock Exchange prices were generally higher on volume of 1,310,000 shares compared with 1,220,000 Thursday.
